It is entitled Life and Labor, or charac Like the same author's works entitled Character, Self Help, Thrift, etc., it gives many instances of plodding industry atce which nothing could withstand. In a sesson like the present, when so many youths seek only physical enjoyment it is well that such works as those of Smiles should be placed in their hands. The youth will be taught that something more is required of him than attention to sports, if he is to occupy a position in the world. By reading any of Smiles works the young will be stimulated to persevering effort, to acquire what Johnson calls the art of sapping what they cannot batter and of repelling obstinate resistance by obstinate attacks. All Smiles works will be found most interesting as well as instructive, and he into whose hands any of them are placed will hardly fail to be stimulated and improved.

The only thing left for them seems to be emigration, which in the case of those who have long known honest toil, would be a gain to whatever new country they should seek. While in Canada, we have no room for the lazy and worthless poor who too often seek our abores, we have room for those who have all their days worked as hard and as diligently as the crofters of Scotland have done. There should be much to recommend Canada to the crofters. Our country furnishes many examples of men who left, their sould be much to recommend Canada to the crofters. Mr. R. Bell photographer, is doing some very fine work at the station. He will remain a while longer, and should be well patronized.

The money-lenders of Britain seem to have a very poor opinion of the tories of Canada. Since the Greenway governvalue of Munitoba bonds in the English market has risen considerably. The province of Quebec, too, has succeeded in floating debentures at a better rate than it could do ghan a town of the province of the p than it could do when a tory government was in power. The reason of this is not far to seek. The tories of Canada the Short Line will be located. Some have long been regarded as an extravagant and corrupt party, while liberals have shown that economy and honesty have ever actuated them in their political dealings.
