issued in December was \$28,306, as compared with \$26,650 last year, or an increase of \$1,656.

Mayor Stewart says he figures that the power by-law will have 70 per cent. of the votes cast in its favor, because 71 per cent. of the votes cast last January were for the by-law submitted then.

The Beach Commissioners have received a large number of tenders for the pumping plant it proposes installing on the sand strip. The city now has about ten tenders for the electric pumps it intends installing at the Beach pumping plant.

The Assessment Department is busy sending out to the electors cards with information as to the by-laws to be voted on, the names of the candidates and polling division where they vote.

Relief Officer McMenemy has letters at his office for W. McKenzie and W. I. Chevers, English immigrants who arrived here recently.

There was a bad cave-in this morning on Wentworth street, near the Stockyards Hotel.

THE WEATHER.

FORECASTS.—Fresh to strong south to west winds; fair and moderately cold. Wednesday, fair, not much change in temperature.

WEATHER NOTES.

The disturbance which was over the lake region yesterday morning is now passing off our Atlantic coast. It continues to increase in energy, and it has caused a fresh to heavy gale throughout Eastern Canada, accompanied by rain. In the western provinces the temperature this morning is nearly everywhere below zero, and the weather has also turned colder in Ontario and Quebec.

Washington, Dec. 31.—Forecasts: THIS DATE LAST YEAR. Forecasts.—High southeasterly to southwesterly winds; mild and showery.
