

Showing Where Silver is Found - Gow Ganda

An illustrated booklet with two maps of the district showing properties on Lake Gow Ganda, location of Bartlett Mines, and relation of new camp with regard to R. R. and stage connections, will be sent free to anyone on request. It tells all about the Bartlett Mines. Ask for Booklet A.

E. B. ARTHUR, Rep. F. R. BARTLETT & CO., Ltd., Room 503, Bank of Hamilton Bldg., Phone 364, HAMILTON

MARKETS AND FINANCE

Tuesday, July 20.—Business on Central market this morning was good and sales were brisk. Notwithstanding the fact that large quantities of produce were offered, prices in general remained about the same. Some lines of vegetables were a little lower. Raspberries were plentiful, and sold as low as 10 cents a box. Currants were more plentiful and dropped a few cents in price. New potatoes and beans were also a little lower. Very little grain is being offered, and no change in price occurred. The standard prices at 8 a. m. were:

Table with 2 columns: Commodity and Price. Includes items like Creamery butter, Eggs, Chickens, Turkeys, Ducks, etc.

Table with 2 columns: Commodity and Price. Includes items like Potatoes, Onions, Beans, Carrots, etc.

Table with 2 columns: Commodity and Price. Includes items like Bacon, Ham, Lard, Butter, etc.

Table with 2 columns: Commodity and Price. Includes items like Flour, Sugar, Coffee, Tea, etc.

Table with 2 columns: Commodity and Price. Includes items like Wheat, Corn, Oats, etc.

Table with 2 columns: Commodity and Price. Includes items like Hides, Sheepskins, etc.

Table with 2 columns: Commodity and Price. Includes items like Hay, Straw, etc.

Table with 2 columns: Commodity and Price. Includes items like Live Stock, etc.

Table with 2 columns: Commodity and Price. Includes items like Toronto Markets, etc.

Table with 2 columns: Commodity and Price. Includes items like Live Stock, etc.

New York Stocks

Table with 2 columns: Commodity and Price. Includes items like Amal. Copper, Smelters, etc.

Supplied by R. B. Lyman & Co., stock brokers, J. A. Beaver, manager, Offices 3 and 4, ground floor, Federal Life Building, Hamilton, Canada.

dogged persistence with which the market was held at the high level. There was every indication of a number of stocks being firm and powerful speculative cliques, who seem to realize at last that the only means by which they can be distributed is to infuse fresh activity and life into the whole market.

The effort to force the market to a higher level is renewed this week with a vigor that showed that powerful and skillful manipulators are now in control. The question is will they succeed? It must be admitted that circumstances in many respects are much in their favor. Money is cheap and plentiful, and being firm and powerful speculative cliques, who seem to realize at last that the only means by which they can be distributed is to infuse fresh activity and life into the whole market.

The steel trade continues to show great improvement, the demand for steel products being genuine and large at advancing prices. Railroad earnings continue satisfactory, showing that traffic is constantly growing.

Each succeeding week has now become a record of advancing activity in industry and commerce. The extraordinary expansion in the iron and steel trade continues, and whereas a short time ago the problem was how to find business, now the problem is becoming that of meeting orders with adequate despatch.

In other words consumption is rapidly catching up with present capacity, and while this development is most conspicuous in iron and steel, it is true also, in greater or less degree, in most other branches, the most notable exception being copper, which is still under the influence of long continued over-supply.

The general business situation is approved by the progress made in the work of tariff revision, which has reached its final stage—that of the conference committee. In view of the widening area of industrial activity, the better employment of labor and the higher prices for commodities, the fact that the supply of banking credits in the leading financial centres continues large, with rates for loans generally low, is significant of the reserve power for further expansion. Another favorable development is an excellent outlook for the crops throughout the country except in the narrow circle of drought on the Atlantic coast. The improvement is by no means uniform, but, as a whole, the outlook is better than in three years.

Hotel Man Committed For Trial But Out on Bail. (Special Despatch to the Times.) St. Catharines, July 20.—Horace D. Walton, proprietor of the Welland House at Thorold, was this morning committed for trial by Magistrate Munro on a charge of assault causing bodily injury to J. Halliday, proprietor of the City Hotel, on Saturday last. The only witness heard was Walter T. Peterson, the liverman, in whose stable the assault is alleged to have taken place. Walton was released on \$2,000 bail.

THOROLD MAN MARRIED. (Special Despatch to the Times.) St. Catharines, Ont., July 20.—A social event of more than ordinary interest took place in this city this morning when Rev. Father Sullivan, N. P. O., officiated at the marriage in St. Catharines R. C. Church, at nine-thirty o'clock of Miss Irene Regina Voisard, only daughter of Jos. Voisard, Lisgar street, and Francis T. Conlon, son of Thos. Conlon, a well-known marine man of Thorold and a member of the Welland Canal engineering staff.

HONG SING ARRESTED. Hong Sing, 202 King street west, an alchemist, was this morning arrested on a warrant this afternoon, on a charge of theft. Sam Lung said he gave Hong Sing \$25 to pay the rent of the laundry and that Hong paid \$15 and placed \$10 in his pocket and proceeded to enjoy himself. To-morrow he will appear before the Magistrate.

Milady's Footwear. Shoe styles are changing, somewhat. Fashionable women are wearing fewer tan shoes for the street. Instead, there is a marked preference for black.

CLEWS' REPORT. New York, July 17.—Until the last few days the stock market has been a practical standstill for a month. While a few specialties had made further advances, the market as a whole remained substantially at the same level, this in spite of improving outside conditions. The disposition to wait the outcome of both the harvest and the tariff, added to the usual summer inertia, accounted for much of the recent inactivity. But the main reason for the latter was the

SPORTING NEWS

TORONTO ZINGARIS BADLY DEFEATED.

Lost Seven Wickets For No Runs Against Belmont.

Philadelphia, July 20.—The fourth match of the tour of the Toronto Zingaris against Belmont produced some very sensational cricket yesterday, and it looks as if the Philadelphians would win easily. While there was nothing especially noteworthy about the Belmont inning except the batting of Cregar and the total runs were 171, the bowling against the Canadians was surprising. The Zingaris scored 51 for a loss of four wickets, and then H. H. Cornish went in to bowl. The remaining batsmen on the field failed to score a single run between them. King, who had experienced hard luck previously, finished off the inning by capturing three wickets on consecutive balls, thus doing the hat-trick. With the dismissal of the Canadians the umpire called play for the day, the light being too bad.

As the Canadians are 120 runs behind, the Philadelphians have the option of going to bat again or making their opponents follow on to-morrow morning. The score: Belmont—First Inning. J. B. King, c D. W. Saunders, b Wooley, 11. C. M. Graham, c Seagram, b Wooley, 2. M. Hitzler, b Rathburn, 23. W. Graham, c Reid, b Seagram, 5. A. M. Wood, b Seagram, 2. E. M. Cregar, c D. W. Saunders, b G. F. Bottomley, b Wooley, 39. D. Graham, c Southam, b Wooley, 13. A. H. Graham, b Rathburn, 0. W. A. Allison, l. b. w., b Rathburn, 6. H. H. Cornish, c Wooley, b Rathburn, 0. R. L. Melville, not out, 29. Extras, 19. Total, 171.

Table with 4 columns: Player, Runs, Wickets, etc. Includes names like Seagram, Wooley, Rathburn, etc.

PIGEON FLYING.

The Hamilton Homing Pigeon Club held its first young birds' race from Brantford on Saturday. The race was a great success, there being over 60 entries. The day was ideal for flying, and the time made was the fastest in the history of the club. The first 14 pigeons were:

Table with 2 columns: Pigeon Name and Time. Includes names like Naylor, Dextre, etc.

TENNIS.

Boston, July 20.—Play was resumed today in the annual open tennis tournament on the courts of the Longwood Cricket Club, with the finishing up of the matches in the second round, followed by the opening of the eastern doubles championship. The match between Wm. J. Clothier, of Philadelphia, the former National champion, and R. C. Seaver, Massachusetts single champion, for the next five years, which was postponed yesterday on account of the showers, was the feature on the card of singles to-day.

ATHLETICS.

Tom Flanagan resigned from the Irish-Canadian Club, of which he was founder, at a meeting of the club held Saturday night. Flanagan started the club in 1907 and ran it practically single-handed up to date. While the club had a set of officers, the entire management was vested in Flanagan, and he ran the club according to his own ideas and opinions. He conceived and carried out all the club's operations and only reported to his executive after things were over.

World's Record. San Francisco, July 20.—The world's record for throwing the 56-pound weight was broken at the annual games of the original Gaelic Dancing Club here yesterday, when Patrick Donovan hurled the weight over a bar 15 feet 3 1/2 inches from the ground. Ralph Ross, the Olympic champion shot putter, was second, with a toss of 14 feet.

New York, July 20.—"America is a great country to make money in; also to make fame in," is the concert opinion

DRIVING CLUB RACES.

Some good racing is promised by the Hamilton Driving Club to-morrow at Maple Leaf Park. A good programme of races has been arranged, and a large crowd is expected. J. Martin, James Gordon and Andrew Bain will act as judges.

SCRAPS OF SPORT

Last night at the Y. M. C. A. outdoor gymnasium the Senior Harriers had a splendid workout for the games at Britannia Park to-morrow night. The pole and high jumping beds were kept busy, while another squad of men were using the 12-lb. shot. They were put through a lot of stunts, followed by a relay race of six men on each team, each man running two laps. The teams were captained by N. Dorman and C. Ogilvie. The former won.

The Tiger Juvenile C. L. A. lacrosse team will have a full practice at Victoria Park to-night at 7 o'clock sharp, and also on Thursday night, in preparation for their games with the Capitals. Both teams have been playing very consistent lacrosse, and all lovers of the national game will see a good, first-class, clean game as the official referee, Rev. Mr. Saunders, is strict and efficient.

The Senior City Baseball Committee, whose teams play in Victoria Park, held a meeting to-night at J. W. Nelson's, 36 James street north, and all representatives are requested to be sharp on hand—of the old teams and the new teams wishing to enter.

Arkona, Ont., July 20.—Arkona, new champions of western Ontario. In reply to their challenge, Arkona defeated a picked team from Forest, Sarnia, and Port Huron in a double header. First game score 9-0. Batteries—Arkona, Gibbon and Wilson; Forest, Gray and Lowe. Second game score 6-1. Batteries—Arkona, Smith and Wilson; Forest, Gray and Lowe.

Care of New Trees. Many beginners who plant trees and shrubbery are somewhat disappointed that the trees do not immediately go to growing. It generally takes trees and shrubbery one season to fully recover from transplanting. No matter how carefully the work is done, there will always be a loss of roots, from which the tree must recover before much new growth is made.

If the trees come out in leaf and seem to hold their own pretty well, it is about all you can expect the first season. Some of the shoots and branches of newly-planted trees may die, while the rest will come out nicely. Dead shoots should be all cut off. Use a sharp knife and cut close back to the green wood. When fall comes heap earth several inches high around the base of each tree and tramp it down very hard. This keeps the tree from working loose during the winter season. Many trees die the first winter from neglect of this precaution. Of course, we need hardly add that the first business the following season is to remove these mounds and restore the ground around the tree to its former condition. The mounds are hardly necessary the second winter, as the trees are generally sufficiently established to get along without it.

It will pay you to use the Went Column of the TIMES. Business Telephone 368
