A Beacon Hill Conspiracy.

A Beacon Hill Conspiracy. The Appleton twins were holding a conclave in the library of their home on Beacon Hill. They were born intriguers. This tendency probably came to them through the French ancestry of their mother, and was happily directed to al-truistic ends by reason, no doubt, of the, philanthropic strain in the paternal pedi-gree, which was traced to the City of Brotherly Love. The subject before the meeting was the sad case of their grown-up sister, Lily.

A dainty English terrier came wriggling delightedly into the hall. "Why, Cedric;" exclaimed the young man, in surprise. "By Jove! If she hasn't sent back the dog, too! Talk about cold-bloodedness!" The little dog was leaping and barking with the joy of finding his old friend. A frayed piece of rope dangled about his neck.

This was be-fore the sanctity of the Common was in-vaded by subways and few people wan-dered from the principal malls to this quiet spot. "The conspirator will be near to watch the success of his plot," said he to himself. Cedric was scampering madly toward the steps leading up to Park street. Two girls dressed exactly alike in blue serge ran to meet him half way. "The twins! Well, I swear!" said Ar-thus.

The twins came forward awkwardly, with sheepish looks and red faces. "Where did Cedric come from?" they

We believe the magnificent Christmas Opening display that this store made on Thursday took a good many by surprise. Up to the day before yesterday there were thousands of people in this good city that had not as yet given a though, to Christmas buying and Christmas is just five weeks away.

It was just such an event as our opening that was needed to bring to the minds of all a realization of the fact that Christmas is practically upon us. It was just such an event, too, that was needed to impress on one and all the fact that this store is unquestionably the greatest Christmas store in this neighborhood.

If there is any special season of the year that requires thought and attention it is the Christmas season—and thought and attention of the most earnest kind have been given by this store in its pre-parations for the coming holidays. Again we wish to remind you that right now is the time to begin your preparations for Christmas; begin next week, begin on Monday. STANLEY MILLS & CO., Limited.

"Well, you know he did say horrid things about our party, and papa in the Legislature, too. But after he apolo-gized I should think she might have forgiven him. She cares for him terri-bly, I know. But she is so proud, and he is so proud, that neither of them will begin making 'up first." "Well, we must do something! Do we dare write him a letter and sign Lily's name to it?" "Horrors, no! That's forgery. Besides, Lily would never forgive us." Suddenly one of the twins started up with a cry of delight. "I have it!" she exclaimed.
