\$100 REWARD, \$100
The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Cure is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Cure that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. DISSATISFIED WITH ASSESSMENT PRACTICES
In commenting editorially on the Chatham assessment in the World of the 16th instant, J. L. Stewart, Esq., M. L. A. concludes as follows:—"If so much of the real property were not illegally exempted by the assessors from taxation, in accordance with a 'custom of the port,' and if those who enjoy big incomes were taxed on these instead of on nominal incomes, the burden on the small property owners would be much lighter than it is now."

THE CHIEF CHARM OF LOVELY WOMAN

Soft, Clear, Smooth Skin Comes With the Use of "FRUIT-A-LIVES".

NORAH WATSON
86 Drayton Ave., Toronto.
Nov. 10th, 1915.

A beautiful complexion is a handsome woman's chief glory and the envy of her less fortunate rivals. Yet a soft, clear skin—glowing with health—is only the natural result of pure blood.

"I was troubled for a considerable time with a very unpleasant, disfiguring rash, which covered my face and for which I used applications and remedies without relief. After using 'Fruit-a-lives' for one week, the rash is completely gone. I am deeply thankful for the relief and in the future, I will not be without 'Fruit-a-lives'."

TOWN COUNCIL

(Continued from page 6)
Nay—Aldermen Sargeant, Ritchie, P. Russell and Doyle.
High Cost of Living Considered
Ald. Ritchie brought up the question of the High Cost of Living. At the last meeting of the Patriotic Fund Executive the following had been moved by H. H. Stuart, seconded by Rev. P. W. Dixon, and carried unanimously:

"That, in view of the extremely high prices of the necessities of life in this and other parts of Canada, and which in our opinion are excessive, we the members of West Northumberland Patriotic Fund Executive ask the Dominion Government to appoint a Food Controller; and
"That the Secretary be instructed to send copies of this resolution to the Premier and Minister of Labor and also to ask other public bodies to co-operate with us in this matter. He said that this was a very important thing to deal with. It was necessary to get after the government to take steps to reduce the cost of food. If the government took no

hand there'd be no chance of getting any reduction. He didn't see why the government could not take the action asked for by the Patriotic meeting. He would move:

That the Town Clerk be instructed to send the Premier and the Minister of Labor a resolution similar to that passed in the Patriotic meeting. This was seconded by Ald. Doyle and carried unanimously.

The Mayor said there was a by-law against putting rubbish on the streets. He thought that Ritchie's teams were the only ones that were careful about dropping and leaving wood on the streets. The other day he saw a boy hauling rubbish, a large part of which was dropped and left on the street. That ought to stop. People should be clean. The town dump had been cleaned up. The people who strew things in the street should be fined.

Ald. Ritchie spoke of the nuisance of people letting their cows run at large. He had had to drive some out of his yard. That should be stopped. He'd like to be a pound keeper himself.

Ald. Sargeant said if Ald. Ritchie would make a complaint against the owners of the cows, the nuisance would soon stop.

On motion of Ald. Sargeant, seconded by Ald. Doyle, Mr. W. J. McEvoy was heard.

W. J. McEvoy
Mr. McEvoy brought up the case of Mr. P. Meagher, who used to work at the Power House. On four different occasions Mr. Meagher had to do other men's work there, and on one day had found most important work neglected. Another day the tubes had not been cleaned out as they should have been. He had done this extra work also, but he was "given his time" next day. He took his time on condition that he have an investigation. He was unanimously promised an investigation by the town council, but had never had one. He should have one. Ald. John Russell had complained about the cost of the Light & Water department. He (McEvoy) could explain it. Children had been put at unloading coal, etc., which grown men could have done more cheaply.

On motion adjourned.

Healthy Children

It is natural for little ones to be well, and with care every baby can be kept well. The main thing towards keeping little ones well is to keep their little stomachs sweet and their bowels regular. Baby's Own Tablets will do this. Thousands of mothers keep the Tablets in the house as they find them an efficient guard against illness. Concerning the Mrs. Hilaire Desmarais, St. Joseph de Sorel, Que., writes: "I believe Baby's Own Tablets are the best medicine in the world for children. My baby was terribly constipated but the Tablets promptly cured him and now he is a big healthy child." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont. (adv't.)
