"CASCARETS" WORK WHILE YOU SLEEP

For Sick Headache, Sour Stomach,
Sluggish Liver and Bowels—
Take Cascarets tonight.

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret to-night will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months.

Dear Mother:—

Have you any patriotic druggists that would give something for a gift overseas—if so do you know something that is good for everything? I do—Old MINARD'S Liniment.

LIFT OFF CORNS!

Apply few drops then lift sore,
touchy corns off with
fingers

Doesn't hurt a bit! Drop a little Frezzone on an itching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic!

A tiny bottle of Frezzone costs but a few cents at any drug store, but is sufficient to remove every hard corn, sore corn, or corn between the toes, and the calluses, without soreness or irritation. Frezzone is the sensational discovery of a Canadian genius. It is wonderful.

Rev. C.W. Squires Man With 7 Degrees

The following item taken from the Lehighton (Penn.) Evening Leader, gives some account of the ministry of Rev. Dr. Charles W. Squires, who became a Presbyterian minister in 1918, having previously occupied with great acceptance, the Methodist pulpits of Campbellton and Newcastle, N. B. respectively, and one of whose brothers is now the pastor of the Methodist church at Plainville, Penn.

Rev. Charles W. Squires, who lately came to Lehighton as Presbyterian minister, was formerly active in the Canadian ministry. After his work of preparation in a Canadian academy, he entered Mount Allison College at Sackville, N. B., Canada, where he was an honor man in philosophy. In 1900 he received his B. A. degree and in 1902, Master of Arts. Later he finished his B. D. degree at Sackville in the Provinces. This however, was merely the beginning of his work in divinity and philosophy for he afterwards received B. D. from Montreal and finally also from Princeton, so that he has received the Bachelor of Divinity degree three times. Finally an American institution conferred upon him in 1914 the Doctor of Divinity degree.

In his quest for knowledge, Dr. Squires visited Harvard University, where he spent four years in post-graduate work in philosophy, study under James, Royce and Professor Munsterberg. At this famous Cambridge institution he took the Master of Arts degree for the second time, gaining the honor of receiving his degree in person, and in addition passed successfully the preliminaries for the Doctor of Philosophy degree. In scholarships at Harvard he received more than \$750. He is now in the final years of his S. T. D. at Montreal having put in two years towards that degree and being allowed to take the other in absentia.

The seven degrees that he now possesses should fit him to preach as far as literary attainments go.

Dr. Squires has been secretary for Sunday schools for a district in the Canadian ministry and has done much work in strengthening the financial foundation of his Alma Mater for which he was the means of raising hundreds of dollars.

Dr. Squires has written two books, one of which, called 'Munsterberg and Militarism Checked,' had a fine reception in Canada and some were circulated in this country. Another is 'Travels in Labrador,' which was founded on knowledge furnished by his father, who for a quarter of a century did missionary work in Newfoundland and Labrador and who is now with his son in this city.

Dr. Squires main object at Princeton this year was to gather material for a book on 'The Foundations of Christianity,' being a defence of Christian fundamentals, which he hopes to offer within a year for his S. T. D. degree at Montreal.

As Dr. Squires' wife was born in the United States and lived here almost all her life, the Canadian climate did not agree with her.

Thus Dr. Squires judged it better to seek a new sphere of labor. This partly accounts for his putting in past year at Princeton. Dr. Squires seems to like Lehighton very well and so far is pleased with the entire outlook.

No Bill Against Albert Nowlan

The case of Albert Nowlan, charged with the murder of Military Police Officer Richard, which was up before the Kent Circuit Court at Richibucto on Tuesday, His Honor Chief Justice McKeown presiding, was dismissed the grand jury having found no bill, and the prisoner walked out a free man. The evidence of twelve witnesses was taken and, after deliberation for about twenty minutes, the jury returned, stating that no bill was found against the prisoner. They stood seven for no bill and four for true bill, only eleven jurors being present.

His Honor said that in view of the evidence submitted he did not see how they could have returned any other verdict.

MOBILIZATION.

Just about all the soldiers are home. They have turned in their rifles and equipment, got their pay cheques and discharge papers, and have been demobilized.

Another army must fall in—Canada's volunteer army, about half a billion strong. What sort of a clean up the war bills, to finance good times. Get Ready Dollars! "Victory Loan, 1919" will be the mobilization order.

Caillaux To Be Tried Oct. 25

PARIS, Oct. 17.—Jos. Caillaux, former premier of France, who is under arrest charged with intriguing to bring about a premature and dishonorable peace with Germany, will appear before the high court of the senate on October 25, at which time the accusation against him will be read and the date of his trial determined.

L. Moro-Giafferi, his attorney, will ask that Caillaux be admitted to bail in order that he may be a candidate in the constituency of Sarthe, where he has been chosen as a nominee by the Radical party in the event the high court agrees to a postponement of the trial and will permit Caillaux to go before the voters. If this request is refused, Moro-Giafferi will ask that the trial be deferred for six weeks, owing to the impossibility of bringing witnesses from America in less time.

"I Hope Every City and District Will Win My Flag"

When Edward, Prince of Wales—eager, bright eyed, smiling and sincere—arrived in Canada in August, and when he voiced his great admiration of the wonderful achievements of Canadians, on the fields of battle and at home, once again we were thrilled with joyous pride.

He asked concerning Canada's reconstruction programme, and when he was told of the Victory Loan 1919, he graciously consented to the use of his Coat of Arms on a flag, which is to be the prize of honour for districts achieving their quota in the loan.

In dedicating "The Prince's Flag" at Ottawa on Labor Day, His Royal Highness said in part:—

"It is a great joy to me to be associated with the loan, which is the bridge between war and peace, and which is finishing off the job."

"I hope every city and district will win my flag."

Striking, and beautiful in design, this flag will form not only an unique memento of Victory Year, but a lasting and outstanding souvenir of the visit of His Royal Highness—a visit which will remain as one of the most memorable events in Canada's history.

The reproduction above shows the design of the flag. The body is white, the edge red; in the upper left hand corner is the Union Jack, and in the lower right hand corner the Prince of Wales' Coat of Arms.

The flag is made in two sizes, 4 feet 6 inches by 9 feet for small cities, towns and villages, and 7 feet by 13 feet 6 inches for cities of over 10,000 population.

Canada has been divided into canvassing districts by the Victory Loan Organization. Each city forms one district. Other districts have been determined according to population.

Each of these canvassing districts has been allotted a certain amount in Victory Bonds to sell. To win the Prince's Flag, therefore, a district has to sell its allotment. That is the one and simple condition.

Anticipating that many districts will buy far beyond their allotment, the organization decided that for each twenty-five per cent. excess of the quota one Prince of Wales' Crest be awarded. Thus the workers in a district doubling its quota will be the proud winners of four small crests for their Honour Flag. These crests will be sewn to the flag. The Prince's Crest—

the three ostrich plumes—is shown at the top of the coat of arms.

To every organization with fifty or more employees, where seventy-five per cent. of the enrollment invests a total of ten per cent. of the annual payroll in Victory Bonds, a supplementary Prince of Wales Flag in smaller form—48 inches by 34 inches—will be awarded.

The allotment for each district has been carefully considered, and is based on a conservative estimate of the purchasing power of the district.

Your district can sell its allotment and thus win the Prince's Flag, provided each person does his or her share.

You will gladly do your part and encourage your neighbour to do his.

Remember YOUR purchase may be the one that decides whether or not your district is to be the proud possessor of the Prince's Flag.
