**COMPULSORY VOTING**  
Compulsory voting would purify as well as lessen the cost of provincial and federal elections. The hang-outs who linger without the poll, are, as a rule, men of poor principle, and with votes for sale it is just a question if they do not close their palm on the purchase price and vote regardless of the silent cash pledge.  
It is a disgrace in this enlightened age to witness such degrading practices as are at present indulged in. It would surprise the average citizen to see the invoice of wet goods for an election, the figures are astounding. It is possible to discontinue these bootleg contests when liquor flows like water and fight the good fight like men. Compulsory voting would eliminate these dark age practices to a great extent and thus purify our political contests.

**CANADA'S TIMBER.**  
The total stand of timber in Canada is estimated to comprise 482,000 million feet board measure of saw material, and 1,280 million cords of pulpwood, fuelwood, posts etc. a total of 246,826 million cubic feet. Of this, 108,946 million cubic feet are in Eastern provinces, 56,423 million in the Prairie provinces, and 81,657 million in British Columbia has 70 per cent. of the saw material in the Dominion.

**Vast Project Is Planned For Russia**

Leon Trotsky, as head of the scientific and technical bureau of the Supreme Economic Council in charge of electrical development has expressed approval of a vast project for the construction of a hydro electric power station of 300,000 horsepower and 1,200,000,000 kilowatt hour capacity per annum on the River Dnieper, in the Southern Ukraine.

**Settlers Sought For 325,000 Acres**

Shaping plans for settlement next year of 325,000 acres of land in Alberta and Saskatchewan, directors of the Dominion Lands Settlement Corporation, left for the west last week in company with Major-General Hon. Sir Newton James Moore, K.C.M.G., vice-chairman of the corporation.

**Red Cross Will Launch Drive For Members And Money To Aid And Improve Health Of People**

A province-wide drive for members and financial support will be carried out by the New Brunswick Division of the Red Cross Society on Oct. 15. This was decided at the annual convention of the division held in two sessions in the Admiral Beatty Hotel Thursday. The division must raise a budget of \$6,200 this year. R. T. Hayes, president, was in the chair and the convention was the most largely attended and regarded as the most enthusiastic of any in recent years. Encouraging reports of all phases of the society's work were heard with appreciation and frequent applause.

**Meighen Will Speak At Unveiling Of Bonar Law Memorial**

Premier King Unable To Be Present, Will Send Message To Be Read At Ceremony--Several Others To Give Addresses

RT. HON. ARTHUR MEIGHEN, former Prime Minister of Canada, has consented to be present at the unveiling of the cairn memorial to the Rt. Hon. Andrew Bonar Law, former British Prime Minister, which is to take place at Rexton on Thursday afternoon, Sept. 17.  
Dr. Murray MacLaren, C. M. G., M. P. chairman of the committee, had written to both Premier W. L. Mackenzie King and Hon. Mr. Meighen. Premier King has telegraphed his re-

RT. HON. ARTHUR MEIGHEN

grets that because of the preparation for the general elections it will be impossible for him to arrange to be present. The Premier, in his telegram

stated that he would send a message to be read on the occasion of the unveiling.  
Dr. MacLaren announced the program for the unveiling ceremonies and the names of other speakers. Hon. Dr. J. B. M. Baxter, Premier designate of New Brunswick, will give a short address. Dr. H. A. Powell, K. C., who is a Kent County man and knew Mr. Bonar Law as a boy and Hon. P. J. Veniot, present Premier of New Brunswick, a Kent County man and a member of the memorial committee, have also been asked to give addresses.  
The ceremonies at the unveiling will begin at 3 p. m., when there will be an introductory address by Dr. MacLaren. Richard Law, son of Mr. Bonar Law, will then unveil the memorial, and Mr. Meighen's address will follow. The other speakers will then give short addresses.  
A letter of appreciation of Mr. Law received from Lord Beaverbrook will be read and Richard O'Leary, of Richibucto, will present the deed of the site of the memorial.  
After the ceremony those who desire to do so will be privileged to visit the old manse where Mr. Bonar Law was born. The birthplace of the famous New Brunswick statesman is now a private residence.  
Dr. MacLaren laid special emphasis upon the fact that the general public would have a cordial welcome to the unveiling ceremonies.

**HUNTING SEASON NOW AT HAND**

Big Game, especially Deer, very plentiful. Large number of non-residents expected to hunt in New Brunswick. Chief Game Warden explains new Game Regulations and issues a plea for all hunters to be careful and avoid shooting accidents.

Fredericton, N.B., Sept 11th—Everything points towards a very successful hunting season according to Chief Game Warden, L.A. Gagnon who has been busy distributing the game licenses to the vendors in readiness for the hunting season which opens for deer on the 15th Sept. for moose on October 1st. From almost every county in the Province reports show an abundance of deer, while moose also appear plentiful. The partridge season however, has been shortened by one week and does not open until October 20th closing on November 16th both dates inclusive. The bag limit for partridge is the same as last year, namely six per day and twenty for the season.  
An important amendment, passed at the last session of the Legislature and in force this season, requires all hunters who kill a moose to bring out the head forthwith and exhibit the same to a Game Warden. This is necessary in an effort to prevent any illegal killing of cow and calf moose.  
The forest is reported very dry so the early hunter will find dry walking where other years the tramping was wet and heavy. Hunters are therefore requested to carefully extinguish their camp and cooking fires as serious forest fires have occurred after the hunting season opened in similar dry autumns. Hunters holding licenses are not required to register to enter the forest.  
Mr. Gagnon spoke of the hunting accidents which occur from carelessness during the hunting season and drew attention to the comparatively small number of accidents which have occurred in this Province in the past two autumns. "We sincerely hope that the records established in our Province during the past two years in connection with the small number of casualties in the woods during the open season will be lived up to by our people as well as by all non-resident hunters during the coming open season said Mr. Gagnon. "It can be done if all are careful and do not shoot before they know what they are shooting at and stop to think that they will regret it, if through their carelessness, they become responsible for a human life or for a maimed body." He also expressed the hope that all hunters would cooperate with the Department and the officials charged with the enforcement of the Game and Fire Laws, so that the season would be successful in every respect.
