DESERTING MERCER. MONTREAL, Jan. 9.—The day brings new supporters to Deserter Mercer in the coming struggle with the deposed Governor. National conservatives, known in local circles as "Orange Men," have completely deserted Mercer, who formerly had a large following in that party, and will support Deboncheville to a man. Standing in the ranks are men like Senator Belliveau, Senator Armand, Dr. Desjardins, Hon. Joseph Robitaille, and Hon. Victor Mercier, local member of Parliament. This gentleman is out with a letter to his constituents, in which, after stating that he cannot support the deposed Governor, he says: "The people of this province are now before the election of the province, and it is for them to decide whether we have or have not the means to keep up a regime of extravagance which has come a great danger, not to say a peril."
