

one of the oblast GODERICH, NOV. 22. 1876. Sounding its Xoy-mote.

Our town cotomporary has, after much hesitancy, ennounced its stand taking issue with the L, V. A. it de-clares its sympathy with any measure which will "check the advance of intemperance." Without expressing its view would ensure its ands to argue agains a fdiseased physical condition, such a desire in the minds of many people;

desize in the minds of many people; but to such liquer has proven a power-ful ensury. There are more beneficial building for the disease which causes this creving, known? to the medical pro-this creving, known? to the medical pro-DUNGANNON.

Adding in the mains of many people but so much leaves he powers a power-flation and the fibre of the fibre o heak of a babis in order to aid their weaker brothree to combat with a pas-sion. And, in a great measure, to the arguments of this cleas the opportuni-ties to procire liquor still continue numerous. With the abolition of bar-rooms, the alocaid eraving would mere likely releave proper modical treat-ment, and much of the exponsive, enqual and require tipping which goes on now would cense. The Dunkin Act being strictly prohibitory, would also preduce the indulgenon in liquers at home, but even when liquor may be im-ported, the ban which will be placed upon its by legal enclument will have the effect of curtailing its uss, as com-pared with the present time. Family influences, as well as public opinion, will be powerful incentiver to temper-ance.

1876. THE MARKETS

1876.)

being of the way' and if there is any one shall give way' and if there is any one law that gives evidence of the sis-dom of the Gesservative administration of John A. McDonald, it is the Temper-ance Act of 1864, commonly called the Dunkin Act, which has so pleased the inought best to repeal it. I am pleased to see you have no fel-lowship with the views of some of your correspondents and opponents of the act, which you do not guite like, (it does not quite meet my own views in every respect). That you are not in sympathy with a pamphet issued by the Licenzed Victuallers Association, who believe the ovila of intemperance are grapity ox aggerated and the increase of intemper-mer tends to diminish erime. You hav

believe with the **[Locans]** Vio. Associa-ion of Huron that the laws of a country are made by a small minority of the wisset and most discress, and "we admit here are circumstances where for the benefit of a whole nation the interest of

in the state points and being yours main objection to the Ach, T shall ex-port to not you with your minor objec-tors, at there minor, ad yours both in uppact of the Ach as 'no one would be acro withingly a helping hand howerd my measure that would block the advance any measure and wontercase to advance of intemperance' than yourself. There are other questions I would ask you but it to be, and I will close, hoping you will give us your plan of attack, on this enomy and scheme you mention, should you still as a temperance man withold your support from the Dunkin Act.

will not allow of more at pre-

Having given the public to

which a source you, but any broad enough to welcome to its folds at broad enough to welcome to its folds at man who at heart is a temperance we and has in view. In all his actions society the broad ides "the groatest g to the groatest nümber," yet we w to the groatest nümber," yet we w no man but such as will stand fire no man but such as will stand fire the order, has no sources

to the greatest insuce, yet we want an man but such as will shand fire and not run. The order has no secrets, no pass word, is not furthalical or atraight jacaketod, as you will see. Its platform attacks no man's views on the question of drinking being asin. It does not require you to pledge to never smell ge look upon wine. It simply recognises the right of the State, Province or So-ciety in an organized form to protect itself from increasing parperiam, crima and misory, and by its acts promote
