Spaniards Defeat Rifians

MADRID, To-day. - Advice from Melilla, Morocco, say the whole of the Spanish army advanced yesterday, repulsed and decimated the Rifian tribesmen. A Spanish General was wounded. The Spanish casualties were 27 killed, 105 wounded, Rifians, 400 killed. Franco-Spanish negotiations on the question of Morocco are not advancing as rapidly as expected. Spain is not willing to concede what France asks and the situation between the two countries is becoming worse. In a published interview the Imperial Minister of War says French agitators are really responsible for the new Rifian uprising which curiously enough broke out at the moment when the Franco-Spanish negotiations opened.

SPECIAL EVENING TELEGRAM. PEKING, To-day. A Peking despatch to the Paris edition of the New York Herald says: "Disgusted at the refusal of the Imperial clan to contribute to the War Chest, Yuan Shi Kai yesterday took sick leave. It is believed this presages an early retirement from the Premiership." The assembly at the Palace to settle the affairs of the revolution was productive of a dramatic incident. The Dowager Empress, Premier Yuan and the Prince of the Imperial clan were present. The debate waxed so warm that finally Yuan arose and offered his resignation. This was, however, refused.

SPECIAL EVENING TELEGRAM. SHANGHAI, To-day. In a Desperate Plight.

SPECIAL EVENING TELEGRAM. TEHRAN, To-day. The British Consul, Smart, wounded in an engagement between his Indian escort and 800 Kashgai tribesmen, is safe, having been brought from Caravansary, where he received medical attention, to Kazeroun. The Persian Foreign Minister called on the British Minister and expressed regret on behalf of the regiment and the Government for the incident. The telegraph lines to Tabriz have been restored and it is presumed that fighting in the district has ceased, but the dispatches indicated that the Russians were in a desperate plight on Sunday, awaiting reinforcements.

Wedding Bells.

The marriage was solemnized at the home of the bride's parents, 320 City Terrace, yesterday afternoon, of Miss Lizzie Henderson, daughter of Mr. and Mrs. Henry Henderson, of Mr. Alexander Urquhart Wood, of Halifax. The ceremony was performed by the Rev. J. S. Sutherland, and was attended only by the relatives of the bride's sister. The drawing room was arranged with white roses, narcissus and Roman hyacinths, and the bay window with an arch, from which a bell of white hyacinths was suspended, and under which the bridal party stood. The bride, who was given away by her father, wore a dress of white silk net over white silk, with silk fringe and pearl trimming and a veil of hand worked Limerick lace, which had been in the family for many years, and carried a bouquet of white roses. She was attended by her cousin, Miss Allison Laurie, who wore a dress of pink veil, with black picture hat, and carried a bouquet of pink and white carnations. Mr. Chas. Henderson, brother of the bride, acted as best man. Mr. and Mrs. Wood left by express for a trip to Canada and the United States, the bride travelling in a navy blue serge suit with blue hat. On their return they will reside in Halifax.

Well Dressed Scamp Abroad

Wednesday night a woman, who resides with Mrs. Mercer on Barter's Hill, left Mr. Jas. Kenny's grocery on Cabot Street to go home, and was turning the corner of Barter's Hill when she was accosted and stopped by a man who stood there and who made most insulting remarks. The woman, who was greatly frightened, ran back to Mr. Kenny's store and that gentleman, locking his place, started to escort her home. He wore only his apron, and as he came with the woman to Barter's Hill the prowler, who still stood about, imagined that another female was with the woman and came towards the pair, when seeing his mistake he ran for dear life down Barter's Hill and across Monroe Street. Mr. Kenny gave chase to the head of Flower Hill but the other was too fleet and escaped him. He was tall and respectably dressed and had been hanging about the place nightly for some time. This section of Cabot Street is very dark and a light is badly needed just west of Mr. Mogue O'Neill's cottage, at the corner of Barter's Hill and Cabot St.

City Council Meeting.

Mayor and full Board present at the weekly meeting held yesterday afternoon. Mr. J. J. Duff who is erecting a building on George's Street, sent in a plan of the truss and beam work keeping up the roof. He stated that he would take down the portion of the eastern wall objected to and make it of concrete, and would also repair the front wall and put it straight. He would have all the masonry work done in a satisfactory manner in the spring. Mr. Duff will be asked to send in a plan giving more information about the support of the roof and the size of the joists and braces. Inspector Baker reported a great waste of water going on at the premises of Tessler, Smith Co. and A. H. Murray owing to the hydrants being out of order. The Council ordered repairs to be made. The Engineer said that there was no doubt an abnormal waste of water at present not only at water-side premises but private residences also. The pressure was very much lowered the past two weeks on account of house taps being allowed to run to prevent being frozen. The question of exempting the S. A. Food Depot from taxes, George St., was deferred to the next meeting. After the report of the Engineer was read and pay rolls, etc., passed, the meeting closed at 5:15.

Received Their Desserts

Yesterday afternoon the two Horse Cove men who kicked up a row on the shore train Xmas Eve were before Judge Knight in the Magistrate's Court. The evidence of Conductor Gardiner was taken and he detailed the unseemly conduct and their attack upon him. The evidence of Const. O'Keefe was also taken in the premises. His Honor strongly condemned the conduct of the men and regarded such persons a danger to the peace and safety of the travelling public, whom he (the Judge) would make every effort to protect. The men for causing a disturbance on the train were each fined \$20 or 1 month, and for assaulting the conductor a similar penalty was imposed, or an aggregate of \$40 or 2 months each. The men took the latter alternative and were taken to the Penitentiary last evening.

Man Found Dead

SUPPOSED TO BE SUICIDE. C. Hutchings, Esq., K. C. Deputy Minister of Justice, had the following wire last evening from Magistrate McDonald, of St. Georges: "Charles Paulette just arrived here from Grassy Place, about 40 miles inland, reports he found Capt. Molesworth dead from shot wound there on December 26th; probably death self-inflicted." Capt. Molesworth, we learn, came from England to this country in the late summer, and with his wife went to the Log Cabin, the condition of his health demanding rest and recuperation. It is not known whether Mr. Molesworth is now in that section of the country or has gone home. The Department of Justice will make full enquiries into the affair.

The proceeds were quite satisfactory, and with the amount already in hand there is enough to erect the fountain in the cove opposite the Court House.

McMurdo's Store News.

FRIDAY, Dec. 29, '11. Royal Vinolia Vanishing Cream has been found remarkably good by those who have used it. They find that it disappears entirely after being rubbed in, leaving no greasy or sticky feeling behind, and that it is a nourisher as well as a healer of the skin, removing roughness and softening the face and hands. It is economical in use, and gives full value for the price—20c. a tube. All whose skin is inclined to be poor or dry might well try this excellent cream. Formalin and Cinchona Lozenges are excellent for throat colds and incipient coughs. Price 35c. a bottle.

She Went Back.

Yesterday we referred to the schr. Perseverance which it was believed was over 70 days out from Cadiz to this port. The trip was going at the rate of about twelve miles per hour when the young man attempted to leap aboard one of the cars. He reached the car for which he tried all right, but after so doing, missed his footing and fell under the trip, the rear car striking him under the chin, broke his neck and instantly killed him. Other parts of his body were also badly mutilated, many bones having been broken—Sydney Post.
