munification, it is said, prevented the possibility of disaster at the beginning of the Entente movement. When the landing began three railways out of Salonika were in Austrian-German hands and employees had received advance instructions from Berlin to obstruct the movement by all possible means. Rumors spread of impending widespread sabotage, but the Minister of Communications said to have made a hurried trip to Salonika, seized control of the railways and discharged all the Austro-German employees. GREAT BRITAIN AND FRANCE DETERMINED. ROME, Oct. 9. King Constantine of Greece was told plainly by British Minister Elliott, during an audience on Thursday, that Great Britain and France are determined to push through the military expedition now being landed at Salonika. BULGARIAN CONSUL GENERAL. LONDON, Oct. 9. Joseph Angeloff, Bulgarian Consul General here, has sent the following telegram to the Bulgarian Premier: "If the reported alliance of Bulgaria with our eternal enemies and persecutors, and against our liberators, is true, I protest and tender my resignation as Consul General." REPRESENTATIONS AGAINST THE LANDING OF TROOPS. LONDON, Oct. 9. Strong representations are said by the Central News to have been made by Bulgaria to Greece against the landing of French and British troops at Salonika. BELGRADE CAPTURED. VIENNA, Oct. 10. The Austrian official statement concerning operations against Serbia, given out here to-night says: The Austro-Hungarian troops, under General Von Kovesky, yesterday penetrated the northern part of Belgrade, and stormed the citadel early this morning. German troops from the west cut a path to the Konak royal palace, and Austro-Hungarian flags are flying from the Castle of the Serbian King. Both above and below Belgrade, the enemy watching the banks could nowhere resist the allies. PARIS, Oct. 10. The announcement made yesterday by the German War Office of the capture of Belgrade, is confirmed by an official communication from Nish, issued here to-day by the Serbian Legation. The Serbian army, which they know how matters go with the Austro-Germans. Some Balkan authorities indeed, still believe that Bulgarian troops are not yet ready to move northward of the Anglo-French expedition, for to do so would immediately bring the shells of warships into their ports on the Black and Aegean Seas, probably followed by the landing of Russian troops at Varla and Burgas, and of other Allied troops at Deleghatch. Greece and Roumania remain interested spectators, though the former has given assurances of her benevolent neutrality towards the Allies. Representatives of the Entente Powers have furnished the Greek Government with information concerning the agreement between Bulgaria and Germany, which, it is asserted, gives the Bulgarians a free hand to deal not only with Serbia, but with Greece as well, should the Central Powers win. Fighting on the various fronts brought about little or no change in the situation to-day. The Germans, after two days' fighting, in which, according to British and French accounts, they suffered severe reverses, have abandoned for the moment the attempt to recapture the territory won from them by the British south of La Passage. They do claim, however, to have taken from the French, some trenches east of Souchez and Tabure in Champagne. Field Marshal Von Hindenburg is making slow progress in his operations against Dvinsk, and although he claims to have taken more Russian positions, he does not appear to be much nearer the city than he was two weeks ago. South of the Pripet River, and in Galicia the tide of battle flows and ebbs. First the Russians, then the Austro-Germans, attack and counter-attack, and where, during the summer, miles of country would change hands a day, now it is a question of defending some isolated village. Heaviness of the roads, doubtless, is largely responsible for this. URGING REPLY FROM GREECE. ATHENS, Oct. 10. Representatives of the Entente Powers, while exercising no pressure on the Greek Government, are urging it to reply to a question put last Thursday in regard to its future course respecting the Serbo-Grecian alliance. The cabinet deliberated on this question at great length yesterday and to-day, but has not succeeded in reaching any agreement. A neutral diplomat at Athens has reported to his government his opinion that within less than a month former Premier Venizelos will be returned to power, or else the ports of Greece will be blockaded by the Entente Powers. It is learned from an authoritative diplomatic source that the representatives of the Quadruple Entente advised Greece that Bulgaria's present attitude results from a written agreement signed by Prince Hohenzollern Landgrube on July 17, who was then the acting German ambassador to Turkey. This agreement, made on behalf of Austria and Germany, provided for the cession to Bulgaria of Serbian and Greek Macedonia, including the Greek ports of Salonika, Kavala, Kastoria, in northern Greece, near the Albanian border, and Albania. Representatives of the Entente Powers assert they have proof that this agreement was made. The foregoing corroborates the despatch telegraphed from Athens on Saturday by Reuters' correspondent, who said that Germany was understood to have promised Bulgaria.

northern and southern Albania, the whole of the new Serbia, Greek Macedonia, and also Salonika and Kavala. A SECRET TREATY. LONDON, Oct. 10. An Athens despatch to Reuters' Telegram Company says that newspapers this evening confirm the news printed in Paris of the signature of a secret treaty between Bulgaria and the Central Powers last July. The correspondent says that he is also able to confirm it, and adds that the British Minister handed the text of the treaty to M. Zaimis the day he assumed the Premiership. "The treaty," continues the correspondent, "doubtless will be subject to grave debate in Parliament on Monday, when the new government will announce its programme and ask for a vote of confidence. It is understood that the supporters of ex-Premier Venizelos will give the government just sufficient votes to secure a minimum majority; in other words, they will tolerate it." GERMAN STEAMER TORPEDOED. London, Oct. 10. A Copenhagen despatch to Reuters' Telegram Company says that the German steamer Lulea, of 3,500 tons, was torpedoed by the British submarine E-19, near Giedzr Lightship, according to a despatch, which says that at six o'clock on Saturday evening a boat came ashore near the lighthouse with 11 men of the Lulea's crew. They reported that the vessel had been torpedoed three hours previously, but was still floating at five o'clock. The crew of 22 men were given time to enter the boats. One boat proceeded in the direction of the steamer coming from the west, which probably rescued the occupants. Pape's Diapepsin For Indigestion Or Sour, Acid Stomach. In five minutes! of the declaration of London, the refusal to declare cotton an embargo until forced to action by public opinion; ordering the release of cargoes of magnetic ore, destined for Germany, after its capture by the navy. All these signs of omission or commission are tending to curtail the effect of British naval strength upon the war. The attack on the foreign office is couched in general terms, with a demand for the retirement of Sir Eyre Crowe, Permanent Secretary, whose wife and mother are Germans. SHORTAGE OF SILVER. LONDON, Oct. 10. The country is faced with a serious shortage of silver, although the coinage, minted since the war began, is valued at about thirty million dollars. The shortage is ascribed chiefly to the quantity of silver used for paying soldiers. The Mint is being urged to increase the coinage as 25 worth of silver bullion has a circulation value of £100 when coined. DEATH OF BISHOP O'NEILL. LONDON, Oct. 10. The Most Rev. Henry O'Neill, Roman Catholic Bishop of Dromore, Ireland, died this evening. BOSTON WON BASEBALL. BOSTON, Oct. 10. Boston won the second game of the world series of baseball on Saturday, by 2 to 1. STEAMERS SUNK. LONDON, Oct. 10. The British steamers Silver Ash 3,753 tons, and Scawby, 3,658 tons, have been sunk. LONDON BUDGET. LONDON, Oct. 10. The Austro-Germans are now in full possession of Belgrade and the city surrounding the city and have begun advancing eastwards towards the mountains, which the Serbians last year so stubbornly defended against the Austrians. For some time to come the invaders, it is expected, will have to fight only rear-guards, whose duty it is to delay their progress, for the Serbians will doubtless do as they have done on previous occasions, fall back until they reach positions in which they will have the best opportunity of holding their ground. Military writers here do not expect a pitched battle on this front for ten days or a fortnight, by which time the allies' forces will have landed at Salonika and should have joined hands with the Serbians. The Bulgarians, so far as is known, have not yet made any incursion into Serbian territory, and it is believed they will hold their hands until they know how matters go with the Austro-Germans. Some Balkan authorities indeed, still believe that Bulgarian troops are not yet ready to move northward of the Anglo-French expedition, for to do so would immediately bring the shells of warships into their ports on the Black and Aegean Seas, probably followed by the landing of Russian troops at Varla and Burgas, and of other Allied troops at Deleghatch. How Do You Buy Roofing? If you are in the habit of asking your dealer simply for some "Ready" Roofing or "Rubber" Roofing, you will probably get a roofing that is not guaranteed, or one made by an unknown manufacturer, or one which will begin to leak a few years after it is put on your roof. You avoid all these risks, save money in the long run, and get a manufacturer's guarantee of 5, 10 or 15 years, according to thickness, backed by the best responsibility when you insist on Certain-Teed Roofing. Why be satisfied with an unknown or poor quality roofing when you get Certain-Teed for only a few cents more per square? By reason of the enormous output of our big mills—the largest Roofing and Building Paper Industry in the world—we can sell this guaranteed Roofing through our dealers on a reasonable price basis. It is simply a question as to whether you will insist on the best or take what you get. A man never gets anything unless he asks for it, and as long as you ask merely for a roofing, you are running a chance of not getting your money's worth. Insist on Certain-Teed, the original guaranteed asphalt Roofing, and get your money's worth. General Roofing Manufacturing Company. World's largest manufacturers of Roofing and Building Papers. Prohibition Meeting at Botwood. Botwood has had the pleasure of a visit from the W. C. T. U. delegates, viz., Mrs. Benedict, Mrs. Pippy and Mrs. Howland. On Friday night, Oct. 8th, a Prohibition meeting was held in the Orange Hall which was largely attended, friends coming from Laurieston and Burnt Arm. The hall had been decorated with banners, flags and posters. Mrs. Pippy with the help of friends attended to this and these decorations made their silent appeal. Besides the deputations, officers and members of the local committees were on the platform and the Rev. J. T. Newman, at the request of Mrs. Park, President of the Ladies' Committee, took the chair. The musical part of the programme was in charge of Mrs. Benedict who presided at the organ. The singing of Prohibition songs set to favourite and popular airs enlivened the meeting. After the song: "Stand up for Prohibition" the chairman gave a hearty welcome to the ladies of the White Ribbon Crusade and briefly referred to the great work accomplished by the women of this society and their noble founder Miss Crag woman. He expressed the hope that after the meeting men and women would be ready to do their best to secure a victory for Prohibition on Nov. 4th. After another song: "All Round the World," Mrs. Pippy addressed the meeting, and referred to the grand work the women are doing in St. John's, and told the part they have played in this great cause of Temperance with a view to secure for the whole island Total Prohibition. She also spoke of the good work done by the ladies of the W. C. T. U. in the Penitentiary and other departments of their philanthropic work. Although not accustomed to platform speaking yet she made a powerful and touching appeal to the fathers and mothers to help to save the boys. The White Ribbon Rally song was sung after which Mrs. Howland's address drew the meeting. At once we discovered that no ordinary woman was speaking. With the utmost ease and grace of manner, the power of convincing argument combined with eloquent appeal she dealt with this great subject in its many and various aspects. From her earliest years she had taken an interest in the work of Temperance and out of her extensive and long acquaintance with this movement she brought the information which was given with irresistible force. The facts and figures which she presented so clearly made a profound impression. Many were touched to tears when in conclusion she appealed to the parents on behalf of the boys and girls. She affectionately as a mother could, pressed the questions: "Shall your boy be a drunkard? Who wants the daughter to be a drunkard's wife?" It is impossible to do justice to the address of this noble lady. All were delighted and favourably impressed with her address and were sorry that she could not be heard at another meeting. Another song was heartily sung: "Newfoundland, My Newfoundland." After which a collection was taken to defray expenses of hall, etc. Mr. W. J. Aitken, Secretary of the local committee, moved a hearty vote of thanks to the ladies of the deputations and in doing so reminded the men of their opportunity on Nov. 4th, and expressed the hope that no man would be so indifferent to go to the poll. Miss Tuck briefly seconded the motion which was carried by a rising vote. The chairman presented the thanks to the ladies and Mrs. Howland responded. Meeting closed with singing the National Anthem.
