PROGRESS.

When I was young I had to go and till the cornfield with a hoe. Ah, it was weary work, indeed; I paralyzed the noxious weed, and scraped the dirt around the corn, and yearned to hear the dinner horn. I'd toil all day to beat the hand, till blisters came on hoof and hand, and then the husbandman would say, as he dug up my meagre pay, "Was that the best that you could do? You must have loafed, the whole day through!" And now I see the farmers ride on cultivators tall and wide, that till the corn and stay the seeds, as they are drawn by prancing steeds. A hundred freckled lads with hoes might work all day along the rows, and not achieve as much. I ween, as would one green and red machine. The farmers of these modern days know naught of old time toil; they have a chemist with me to study the value of different foods and products as to their power to produce great strength and endurance, both of which are so necessary in the prize ring. On his recommendation I have often taken nuxated iron and I have particularly advocated the free use of iron by all those who wish to obtain great physical and mental power. Without it I am sure that I should never have been able to whip Jack Johnson so completely and easily as I did, and which by a portion of the time, I regularly took nuxated iron, and I am certain that it was a most important factor in my winning so easily." Continuing Dr. Sauer said, "Mr. Willard's case is only one of hundreds which I could cite from my own personal experience which proves conclusively the astonishing power of nuxated iron to restore strength and vitality even in most complicated chronic conditions."

Not long ago a man came to me who was nearly half a century old, and

Little Lectures by NURSE WINGARNIS. (Lecture No. 2.)

"Nerves"

Our nerves are similar to an intricate network of telegraph wires. Controlled and nourished by a portion of the brain—known as the nerve centres—the delicate threads of nerves radiate in all directions throughout the body. So long as the nerve centres are capable of continually supplying nourishment to the nerves, the nerves will remain strong and healthy. But directly the nerve centres become weakened by overwork, worry or anxiety, they are unable to transmit the necessary nourishment, and the nerves become worn out and on edge. Then it is that a sudden sound makes you "jump"—you get irritable—you suffer from neuralgia—you are restless and depressed. In this condition there is nothing to equal

WINGARNIS

Because, being a powerful nerve food, Wingarnis gets right to the root of the trouble, and, by creating a supply of new nerve force, stimulates and re-vitalises the whole nervous system. Try Wingarnis for 'Nerves.' It is wonderful. Over 10,000 doctors recommend it.

JESS WILLARD SAYS "TAKE NUXATED IRON"

If you want plenty of 'stay there' Strength and Endurance and Health and Muscles like mine"

A hitherto untold Secret of his Great Victories over Jack Johnson and Frank Moran.

Ordinary Nuxated Iron will often increase the strength and endurance of delicate, nervous folks 200 per cent. in two weeks time.

I consider that plenty of iron in my blood is the secret of my great strength, power and endurance.

Jess Willard!

SPECIAL NOTICE.—Dr. E. Sauer, a well known physician who has studied widely in both this country and Europe, has been specially employed to make a thorough investigation into the real secret of the great strength, power and endurance of Jess Willard, and the marvelous value of nuxated iron as a strength builder.

NEW YORK.—Upon being interviewed at his apartment in the Colonial Hotel, Mr. Willard said: "Yes, I have a chemist with me to study the value of different foods and products as to their power to produce great strength and endurance, both of which are so necessary in the prize ring. On his recommendation I have often taken nuxated iron and I have particularly advocated the free use of iron by all those who wish to obtain great physical and mental power. Without it I am sure that I should never have been able to whip Jack Johnson so completely and easily as I did, and which by a portion of the time, I regularly took nuxated iron, and I am certain that it was a most important factor in my winning so easily." Continuing Dr. Sauer said, "Mr. Willard's case is only one of hundreds which I could cite from my own personal experience which proves conclusively the astonishing power of nuxated iron to restore strength and vitality even in most complicated chronic conditions."

Not long ago a man came to me who was nearly half a century old, and

asked me to give him a preliminary examination for life insurance. I was astonished to find him with the blood pressure of a boy of 20 and full of vigor, vim and vitality as a young man; in fact a young man he really was, notwithstanding his age. The secret he said was taking iron—nuxated iron had filled him with renewed life. At 39 he was in bad health; at 46 care worn and nearly all in. Now at 50 a miracle of vitality and his face beaming with the buoyancy of youth. As I have said a hundred times over, iron is the greatest of all strength builders. If people would only throw away patent medicines and nauseous concoctions and take simple nuxated iron, I am convinced that the lives of thousands of persons might be saved, who now die every year from pneumonia, grippe, consumption, kidney, liver and heart trouble, etc. The real and true cause which started their diseases was nothing more nor less than a weakened condition brought on by lack of iron in the blood. Iron is absolutely necessary to enable your blood to change food into living tissue. Without it, no matter how much or what you eat, your food merely passes through you without doing you any good. You don't get the strength out of it and as a consequence you become weak, pale and sickly looking just like a plant trying to grow in a soil deficient in iron. If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five grain tablets of ordinary nuxated iron three times per day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. I have seen dozens of nervous run-down people who were ailing all the while, double their strength and endurance and entirely get rid of all symptoms of dyspepsia, liver and other troubles in from ten to fourteen days simply by taking iron in the proper form. And this after they had in some cases been doctoring for months without obtaining any benefit. But don't take the old forms of reduced iron, iron acetate or tincture of iron simply to save a few cents. You must take iron in a form that can be easily absorbed and assimilated like nuxated iron if you want it to do you any good, otherwise it may prove worse than useless.

Many an athlete or prize fighter has found the secret of great strength and endurance and filled his blood with iron before he went into the arena, while many another has gone to inglorious defeat simply for the lack of iron.—E. Sauer, M.D.

NOTE.—Nuxated Iron, recommended above by Dr. Sauer is not a patent medicine nor secret remedy, but one which is well known to druggists and where iron constituents are widely prescribed by eminent physicians everywhere. Unlike the older inorganic iron products, it is easily assimilated, does not injure the teeth, make them black, nor upset the stomach; in the contrary, it is a most potent remedy in nearly all forms of indigestion, as well as for nervous, run-down conditions. The manufacturers have such great confidence in Nuxated Iron that they offer to forfeit \$100.00 to any charitable institution if they cannot take any man or woman under 60 who lacks iron and increase their strength 200 per cent. or over in four weeks' time, provided they have no serious organic trouble. They also offer to refund your money if it does not at least double your strength and endurance in ten days' time. It is dispensed in this city by all good druggists.

AN IDEAL TONIC

When your head is dull and heavy, your tongue furred, and you feel done-up and good for nothing, without knowing what is really the matter with you, probably all that is needed to restore you to health and vigour is a few doses of a reliable digestive tonic and stomachic remedy such as Mother Seigel's Syrup. Take it after each meal for a few days and note how beneficial is its action upon the stomach, liver and bowels—how it restores tone and healthy activity to these important organs, and by so doing enables you to gain new stores of vigour, vitality and health.

MOTHER SEIGEL'S SYRUP

The new 1.00 size contains three times as much as the trial size sold at 50c per bottle.

Simple Wash Cures Eczema.

A great skin specialist who has composed the secret of great strength and vigourously effective cure for Eczema, Bad Leg and all other forms of it, has recently given his valuable preparation to the world. It is known as **D. D. D. Prescription for Eczema**, a simple external wash, easy to apply, a reliable home remedy.

D. D. D. gives instant relief from skin distress the moment it is applied. It cleanses the pores and kills the germs which are the root of skin disease. Nauseating stomach drugs are worthless for the disease is in the skin, not in the blood. Greasy salves are dangerous for they clog the pores and aid the growth of germs. D. D. D. washes out disease, cleanses the pores, then soothes and heals the skin.

Test this simple cure: get a bottle of D. D. D. Prescription to-day. Sold everywhere.

What Easter Means.

"Twas midnight. While I slept I dreamed
The earth was cold and chill,
And somewhere through the darkness came
A Voice, "all life, be still!"
The scene grew dark with mystery;
The gray world sat enthralled;
But no one dared to question,—each
Obeyed the Voice that called.

The sad world took me by the hand,
And looked into mine eyes;
Yet, it told me not the meaning,
Or even made me wise,
But led me to a distant hill,
Where, filled with silent awe
I stood amazed—for standing near,
A lonely cross I saw.

And as I stood in wonder there,
My heart was taught to say:
The answer to this wonder, is
"A glorious Easter Day."
O cross! teach us the wider life,
That all may know, and see,
The story of the Easter joy
Means Immortality.

BEATRICE M. CHAUNCEY.
Easter, 1916.

Mr. White, of course, is the one of thanks, but I am sure that my friend of his 20 years at Ypres, I am sure that anything I did in comparison with the boys who were in the front, is to let my friend know that I am not a coward. I am sure that the boys who come to talk about any of the boys still out of Terra Nova or great empire.

Mr. Jensen, please give me as to explain the reason for my being at George's after my lecture. Mr. White, of course, is the one of thanks, but I am sure that my friend of his 20 years at Ypres, I am sure that anything I did in comparison with the boys who were in the front, is to let my friend know that I am not a coward.
