Public Notice Regarding Coal.

I am instructed by the Tonnage Committee of the
Executive Council to place before the General Public
the soft coal situation at the present time and to ask
all who are able to do so to co-operate with them in
securing sufficient stocks. Coal steamers are now
available, but will not be available later on. Therefore,
it is necessary to stock within the period that they are
available sufficient coal to carry St. John's over the
Winter till the opening of navigation next year.

The Coal Merchants have not sufficient storage
capacity to enable this to be done, and the Tonnage
Committee appeal to the public to assist in the matter
by laying in their Winter supplies as soon as possible.
Otherwise there will be a shortage of stocks next Win-
ter. By order of the Tonnage Committee,

July 23 T. A. HALL, Secretary.
