

**Says Her Life Was Miserable For Two Years**

**Little Quebec Woman Thanks Tanlac For Restoring Her Health and Happiness.**

"I feel like an entirely different person since taking Tanlac, and I just can't praise it enough," declared Mrs. E. Begin, of 135 Des Fosses, Quebec.

"For two years before I tried Tanlac I had indigestion so bad that life seemed hardly worth living. I had no appetite to speak of and even the smell of food cooking would nauseate me. I could eat nothing without suffering terribly on account of gas which bloated me up till I could scarcely breathe and I had such pains in my stomach after every meal I could hardly stand it.

"At times I became so dizzy I had to hold on to something to keep myself from falling and my nerves were so unstrung the least little unusual noise would make me jump. My sleep at night was very restless and I always rose in the mornings feeling tired out. I got so run-down at last the housework was too much for me and I became very depressed about my condition.

"But the way Tanlac has built me up is nothing less than wonderful. I now have a splendid appetite and can eat anything I want without suffering any distress afterwards. My nerves are just as steady as can be and I am not bothered with dizzy spells any more. I sleep like a child all night and get up in the mornings feeling so rested and refreshed my housework is no trouble to me at all. I just think there's nothing in the world like Tanlac, and tell others about it every chance I get."

Tanlac is sold in St. John's by M. Connors, in Paradise by Mrs. Martin F. Byrne, in Upper Gullies by Heber Andrews, in Portland by H. C. Haines, in St. Joseph, Salmonier, by Mrs. J. **Obituary.**

**EDWARD TAAFFE.**

Edward Taaffe, for 46 years attached to the General Hospital staff, passed from the mortal to the immortal yesterday. His illness was brief and his end a fitting close for one, who for nearly half a century filled a position that called for effort night and day, and when the facilities now offered for hospital conveyance and attendance were unheard of. In all these years his work had the fullest appreciation of the hospital staff, and the doctors, with whom he worked, and the many patients with whom he came in contact, who will learn of his passing with deep regret. Mr. Taaffe was born in Boyle, Co. Roscommon, Ireland, 80 years ago, and came to Newfoundland when a boy. He was associated with the Anglo Telegraph Co. for some time and was attached to the old cable ship Minia. He was an ideal citizen, of the type that is fast breaking the links in the chain of St. John's old citizens, and of the class of men who were men amongst men. A widow and one son, Mr. W. P. Taaffe, are left to mourn, who will have the sympathy of all.

**W. P. A. and Waterford Hall.**

At yesterday's meeting of the W.P.A., Mrs. A. Macpherson, convenor of the committee appointed to enquire from Sir Edgar Bowring whether he considered any town residence at present available an equivalent in size and desirability to his hospital, Waterford Hall, and therefore fulfilling the conditions under which a transfer of money in lieu of the building could be made to the W.P.A., reported as follows:—"I beg to report that Sir Edgar Bowring does not think any private residence available within the city limits, equals in size, situation and general desirability to the building known as Waterford Hall, which he had most generously given to the W.P.A. and which was gratefully accepted by a majority vote at the public meeting on Sept. 23rd, when it was also decided to undertake, with Sir Edgar Bowring's consent, the experimental running of the hospital for one year if he did not wish an entire change of residence." The report evoked some discussion. The position now is that if Waterford Hall is not taken over there will be no Children's Hospital. While gratefully receiving the magnificent offer of Sir Edgar Bowring, the W.P.A. do not consider themselves as at present sufficiently strong working body to undertake the whole project alone, and propose to enlist the interest and support of the public, which they trust will be freely given, as the matter is one for the consideration of all. To this end a public meeting will be held on Wednesday evening next. A Children's Hospital is an absolute necessity.

**Miners' Strike Has Been Put Off.**

**Another Week's Negotiations--Imperial Conference May Not Meet Till 1922 -- Poles Win Victories Over Bolsheviki.**

**FAIL TO REACH AGREEMENT.**

LONDON, Sept. 30. The conference of miners' delegates which met to-day to consider the new crisis which has arisen over the failure of the miners representatives and owners to reach an agreement, spent the day in debate without reaching a decision as to whether they should carry out their coal strike movement. Another meeting will be held to-morrow and the general impression this evening was that the miners would approach the Premier, Lloyd George, again in connection with the dispute with the owners, and that there would be a further suspension of the strike notice for one week to enable the holding of more meetings between the miners and the owners.

**NO CONFERENCE TILL 1922.**

LONDON, Sept. 30. It is expected the Imperial Conference will be postponed until 1922 owing to differences among the Dominions in the proposals for departmental arrangement in London of Dominion affairs and Crown Colonies administration. Canada has urged that more time should be afforded for consideration of those schemes and this desire has prevailed. A conference of Prime Ministers, however, will be held next

year when the constitutional program for the Imperial Conference will be formulated. In this connection the Morning Post intimates that the probability of inclusion in the Imperial Conference of Dominion opposition leaders and representatives on India and Egypt is being discussed.

In Polesia the Poles smashed the fourth Bolsheviki army, taking three thousand prisoners, according to reports.

**Winter's Coming!**

Wintry winds hint shrilly that these woollen garments are in season.

**Famous Jaeger Underwear**

Dropped from \$17.50 to \$15.00. Even at the old prices these garments were wonderful values. Confidentially, we know of other makes, less reliable, that have been selling for more, probably trying to beat Jaeger quality—which is impossible. There's an iron-bound guarantee of satisfaction with every suit. Unshrinkable, 100 per cent. all wool. The kind that sends the mercury mounting. Pocket the \$2.50 and give us . . . . . \$15.00.

These washable Chamoisette Gloves will tickle your vanity and impress your pocket-book with the importance of buying now. Why not buy two pairs? Sport a clean pair of gloves every day. They'll cost you for two pairs just what you would have to pay for one pair of real Chamois.

**WE'RE OUT TO CREATE A SENSATION.**

Not good business, others would call it, to reduce these rich looking Bannockburns when they were such good value at even the old price. Our answer is: they all must go. Famous English Caps with the new "cushy-fit peak"—"velvet touch," one chap called it—and he's right, they do fit easy.

**Marking the Doom of High Prices.**

**Kearney says:**

I care not for those who clamor that I can't do it. I have done it. To-day brings the proof. I have dared to take the situation by the forelock, marching back to '14 with big American manufacturers. Whether prices will lower sufficiently to make my scheme come true—whether the drop will be permanent—these are the risks I take. I am depending upon my gains in English Exchange to see me through. I am sharing that exchange with you. I am the first to do it. Let those follow who will. Kearney is first.

A dollar is a mighty small amount these days—most men find it difficult to think up what they can buy for a dollar, when they have a spare one—much less such dressy appearing neckwear as we offer for . . . \$1.00. The reason's apparent: these are all \$1.50 Scarves—and you'll never get such an opportunity again to lay in a stock. Even half a dozen won't be too much, and you save \$3.00 on the lot.
