

## Municipal Council

## WEEKLY MEETING.

The regular meeting of the Council was held yesterday afternoon. Mayor Cook presided and Councillors Martin, Outerbridge, Vintcombe, Collier, Ryan and Dowden were present. The Minutes of the last meeting being read and confirmed, the following business was transacted.

The Government Engineer informed the Council that its communication re the annoyance caused the business people on Water Street by smoke from the Court House and Post Office building, would be brought before the Executive at the earliest opportunity.

Communications were read from the Newfoundland Motor Association (1) re the necessity of widening the Top-sail Road between Park's Hill and the General Protestant Cemetery that portion of the road being very narrow and dangerous to vehicles passing to and from the city; (2) Re the advisability of erecting traffic standards similar to those in American and Canadian cities, particularly at Mr. Brice's Hill and Water Street, and junction of Prescott and Water Streets. In connection with the former matter, an estimate of cost is to be obtained, while the latter will be inquired into.

Messrs. Dodd's Garage called attention to the recent Notice of Motion re Motor Car Taxes, and were of opinion that cars of a similar make should not be placed on the same basis as a Ford. It may be mentioned that the Council is not in any way increasing the taxes, but that the suggestion was for recommendation to the present schedule, so that cars of the same horsepower and under that of the Ford should be taxed at the same rate.

Dr. N. S. Fraser wrote, congratulating the Council on the work done on Duckworth Street during the past few weeks, as also on the present condition of city streets generally, which he stated was the best for years. He suggested that attention be given the sidewalks, LeMarchant Road, and that a "Safety-first" campaign be started, urging people to keep to the sidewalks instead of the main road.

The Council appreciates the kindly expressions of Dr. Fraser with regard to the work done; while with regard to the "safety-first" campaign a start has already been made. The Council, during the past week, imported quite a number of signs which will be placed in the vicinity of schools, cautioning drivers of vehicles to "drive slowly." These signs are to be erected immediately.

H. Bartlett applied for extension of water and sewerage to his dwelling, Freshwater Road. The Council is unable to accede to his request.

E. J. Horwood requested permission to erect a shed on what rear of Marshall's premises, Water Street. If the applicant will erect the building as stated, of sheet iron, according to the directions of the City Engineer, his request will be granted.

W. Mitchell applied for permission to repair stable, Flower Hill. This matter was ordered to stand over until the opinion of the Public Health Department is obtained.

The residents of the Cockpit petitioned for water extension, and stated their willingness to pay proportion of same. It was ordered that an estimate be prepared and submitted to the petitioners, and if they are satisfied with it, the matter will then be given consideration by the Council. The Medical Officer of Health reported six new cases of Scarlet Fever in the city during the past week. It was ordered that a landing stage be erected in Bowring's Cove for the benefit of city fishermen.

## PLANS.

The following were passed, subject to the approval of the City Engineer: Dwelling—Jas. Adams, Pennywell Road; C. Belbin, LeMarchant Road; Garage—E. B. Snelgrove, Hamilton Avenue, provided he installs ventilation in the building.

Permits were refused the following: Guy Jones, to erect dwelling, Cockpit Road; H. Adams, to erect dwelling, Long Pond Road, there being to water or sewerage available in these localities.

The application of Geo. Martin to erect Garage, Barter's Hill, was also refused, as the proposed erection would be on the street line.

The reports of the City Engineer and Sanitary Supervisor on the work performed by their respective departments for the past week were tabled. The Accounts presented were ordered paid, after which the meeting adjourned.

## Revenue Men Have Wads Says Lauder

LONDON, June 7.—"The bootleggers are doing so well in the United States that the revenue authorities have the banking accounts," Sir Harry Lauder said on his return from an American tour.

"Did you try any of the mountain dew over there?" he was asked. "I always took care to have a drop of it from my ain pot," the comedian answered.

WINARD'S LINIMENT, THE ACHILLES REMEDY.

## Prudent Buyers Take Full Advantage of Our June-July

Everything White Reduced

June-July Sale of Tub Blouses

When the Calendar says "Summer," Fashion says Tub Blouses, and we reply with this great sale of Tub Blouses. We pride ourselves on our splendid stocks, everyone of which shows some clever touch to make it out of the ordinary. The values are extraordinary, as a visit will undoubtedly prove.

## White Voile Blouses.

A wonderful showing in all the very newest styles; long and short sleeves, square, round and V neck, trimmed with hand-embroidery, lace insertion, etc.
