A Youthful Linguist

NEW YORK, Oct. 29.—(By Canadian Press)—Sadie Abravava, eight, a British girl of No. 129 Orchard St., testified in five languages in Essex Market Court recently that Cafe Mamoon, sixty-one, no address, attacked her in a hallway at No. 80 DeWacey Street. Magistrate Goodman sentenced Mamoon to the workhouse for three months.

Sadie seemed so youthful that the magistrate was doubtful she could testify correctly in even one language. He asked her if she knew what would happen to her if she told a lie. "I should say I do," replied Sadie. "I speak five languages, and I know a lie is a serious thing. If I told a lie I would go to Hell."

Asked to tell her story she began it in Hebrew, warmed to the recital in Italian, sidetracked to French and crashed into Hebrew before Frederick C. Miller, court stenographer, could interpose a warning signal. When she became calmer Magistrate Goodman told her English would be satisfactory.

Conservatives Will Have 400 Seats in the Commons

Prince of Wales is Home Again.—Jury Acquits Abbe Delorme.—New York Labor to Support Davis in the Coming Election.

NEW YORK LABOUR SWITCHES TO DAVIS.

NEW YORK, Oct. 31. No little interest has been caused by the announcement last night of officials of the City Labour Council of New York that this organization had switched its support from Senator La Follette to John W. Davis, in the Presidential race. There was a good deal of speculation this morning as to the effect the desertion of the New York Labor leaders will have on La Follette's chances. The Unions in New York Council are said to represent some 70,000 votes, and it is believed the third party leaders had been counting strongly on this support in order to make a showing in the east.

ABBE DELORME ACQUITTED.

MONTREAL, Oct. 31. Rev. Adelard Delorme was acquitted by a jury in Court of King's Bench this afternoon of the murder of his half brother Raoul, and was discharged by Judge Tessier. (Raoul Delorme was murdered on January 6, 1922. Rev. Adelard Delorme was arrested on Coroner's warrant on October 14, 1922. He was tried three times, in June, 1922, July 1923, and October 1924. The first jury declared him insane, the second disagreed and the third brought in a verdict of acquittal.)

SOVIET AGENT THREATENS RE-PRISALS.

LONDON, Oct. 31. The Soviet Agent of Publicity, Karl Radek, writing in the newspaper Pravda, warns Great Britain to expect reprisals for the Zinovieff letter incident, according to the Moscow correspondent of the Daily Express. Radek is quoted as declaring that Premier MacDonald knew the letter emanated from the same officials who falsified the documents which formerly served as the basis of Lord Curzon's note, asserting that the consequences will be very grave. Radek adds that the full history of the forgeries of Curzon's Government and those screened by the Labor Party will be published in Oriental languages for distribution among Eastern peoples where British prestige is already undermined.

WILL NOT MEET PARLIAMENT.

LONDON, Oct. 31. The Laborites Cabinet, headed by Premier MacDonald, after a two hour session this morning, is understood to remain in office a few days and then resign before the assembling of the new parliament.

INVESTIGATING ETHYL GAS.

NEW YORK, Oct. 31. Thirty-six persons are under observation or treatment in hospitals and eight others in their homes, as New York City and New Jersey Health officials joined to-day to investigate the dangers of ethyl gas. The New York Board of Health has prohibited the sale of the gasoline in the city and made it a misdemeanor for anyone to use it in automobiles.

PRINCE HAD WONDERFUL HOLIDAY.

SOUTHAMPTON, Oct. 31. The Prince of Wales arrived home to-day on the steamship Olympic from a tour of the United States and Canada. "I have had a wonderful holiday, but of course I am glad to get home again," he told the newspaper men, who, with officials, were the only persons permitted to greet him at the quay. "It is always pleasant and interesting to travel and there is a great deal to be learned on the other side of the Atlantic where once

again I was shown the greatest hospitality and kindness."

DIPLOMATIC TIE SEVERED.

LONDON, Oct. 31. The only diplomatic tie which bound the British and Mexican Governments was severed to-day with the closing of all Mexican consulates in Great Britain. This action was the result of Mexico's decision that her representatives could not carry out their duties with self-respect after the break down of the attempt to re-establish official relations between the two countries.

CONSERVATIVES WILL HAVE OVER FOUR HUNDRED SEATS.

LONDON, Oct. 31. The composition of the new Commons is to be as follows: Conservatives, 398; Labor, 149; Liberals, 40; Independents, 4; Co-Operatives, 5; Constitutionalists, 3; Communists, 1. Total, 600. Full membership of the House is 615, and it is expected that with the returns from the universities the Conservatives will muster 400 or more seats.

CZECHO-SLOVAKIA FIRST TO RATIFY.

BRUSSELS, Oct. 31. The first official ratification of the League of Nations' protocol on arbitration and security has been made by Czecho-Slovakia, Paul Hymans, President of the Council of the League, announced this afternoon before the Council. M. Hymans voted the satisfaction of the Council and expressed the belief that Czecho-Slovakia's action augured well for the general approval and success of the protocol, which is the first move towards the projected disarmament conference.

TO ESTABLISH NEW PLANT.

MONTREAL, Oct. 31. London cables to the effect that Baldwin Limited, British Iron and Steel Manufacturers, had acquired a plant here for the purpose of supplying the Canadian trade with galvanized steel sheets direct, were confirmed to-day by John C. Newman, Manager of the Montreal headquarters of the McClary Manufacturing Company, a portion of whose local plant is to be acquired for the purpose. The plant will be operated by a Canadian subsidiary to be known as Baldwin's Montreal, Limited. Sir Chas. Wright, one of the Joint Managing Directors of Baldwin's, will sail for Canada on November 6th, in connection with the project.

TAXES COMPEL MERGER.

MONTREAL, Oct. 31. Sir John Aird, President of the Canadian Bank of Commerce, and President of the Canadian Bankers' Association, asked what he would say regarding the merger of the Montreal Bank with the Bank of Montreal, replied: "Not very much. I suppose it is the inevitable. The Banks have been and are taxed so heavily by the Dominion, Provincial and Municipal Governments that amalgamations are necessary as a means of economy."

Not so Green as Imagined

Editor Evening Telegram
Dear Sir,—Please allow me space for a few remarks on the Bonavista Bye Election. There may be some truth in that phrase, "Newfoundlanders are too green to burn," but it seems to have been thought that Bonavista Bay was the greenest part of the whole Island, but the green trees in due time throw off their greenness and prepare for a new season, and scientists tell us that all things can be utilized, so as the leaves have fallen on to the ground after a fine summer, and the Coakerites tramping around the District canvassing the Bay, stirred up the dead leaves and had them in good order for the fire on 27th of October, the match was applied and the flames commenced consuming Coakerism, Sectarianism, and Hatred with all the other rubbish they had been sowing there. The field is now prepared for the good seed the Monroe Government has in store for us, and the fishermen will be able to reap the harvest of the sea and get well paid for it, as they have been this season. Thanking you for space, I remain, Mr. Editor,
Yours truly,
E. P. PARSONS.

Detroit, Mich., Oct. 21.—Keeping his promise literally to his bride's parents, Scot McKee, a tool maker at an automobile plant here, was married to Miss Margaret Currie at a railroad station here late yesterday. McKee wrote to his bride's parents in Glasgow, Scotland, asking that the girl be allowed to come to Detroit to marry him.
