THIS ORIGINAL DOCUMENT IS IN VERY POOR CONDITION

Queenston and Lewiston Suspension Bridge.

The Hamilton *Times* publishes the report of the meeting of the promoters of this undertaking. From the reports of the engineers, Messrs. Reid and Griffiths, it would a pear that there are no engineering difficulties to overcome. It is a mere question of time and money. The estimated cost is about $750,000 or $800,000; when completed, however, it will open up, as it were, a new traffic for the Great Western and other roads in which Hamilton is particularly interested. We quote from Mr. Reid's report: That the main object of the bridge is to connect the system of railroads of Oswego, by means of the 150 miles of the Lake Ontario Shore Railway, between Lewiston and Oswego, and those of the great West, which are tributary to the Great Western Railway of Canada. The Lake Ontario road is now being rapidly constructed. It is already open for traffic for about 30 miles west of Oswego, and the whole is in course of construction, and expected to be completed by the fall of 1873. This new railway passes through what is universally admitted to be one of the finest agricultural and fruit districts of the State of New York.

It is probably an error, the report that Mr. Greeley's old home at Chappaqua is to be auctioned—at least for the present. Although not a rich man, the great editor was very well provided for. His stock in the *Tribune*, ten shares, valued at $13,000 a share, is his legacy to his children. Besides this, he had a farm in Virginia, which is said to be worth considerable, though he got it very cheaply. The $100,000 insurance spoken of was taken out by the *Tribune* Association, and only a share, of course, belongs to Mr. Greeley's estate. His daughters, Ida and Gabrielle, have warm friends to go to. Mrs. John T. Cleveland, Mr. Greeley's only sister, has long been a mother to them.

BREAKFAST—EPPS'S COCOA—GRATEFUL and COMFORTING.—By a thorough knowledge of the natural laws which govern the operations of digestionand nutrition and by a careful application of the fine properties of well-selected cocoa, Mr. Epps has provided our breakfast tables with a delicately favored beverage which may save us many heavy doctors bills.—*Civil Service Gazette.* Made simply with boiling water or milk. Each packet is labelled "James Epps & Co., Homœopathic Chemists, London." Also, makers of Epps's Milky Cocoa (Cocoa and Condensed Milk.)

If a man wants a Bottle of Whiskey, let him buy it and take it home like a man, and not sneak home with a bottle of "Bitters," or "Cordial," and pretend that it is medicine. If he wants a tonic that is something better than a temporary stimulant, he should get a bottle of Peruvian Syrup (an Iron Tonic), that will vitalize the blood and give durable strength to the system.

M. Ponchet, in his great work, "The Universe," says that "Anatomicslly and physically speaking, the human mechanism is very rude and coarse compared to the exquisite delicacy revealed in the organism of certain animals. But in us, the intellect, the real sceptre of the universe predominates over the apparent imperfection of matter. Through it man alone approaches the chosen creatures who shine near the throne of the Eternal, and form a bond of union between heaven and earth. A grand and philosophic truth. Were man to conform more to the laws of health and of nature, and be less addicted to the gratification of his passions, it would not be necessary to advertise Fellows' Compound Syrup of Hypophosphites as a restorative for the powers of the brain and nervous system, while the world's progress in enlightenment would indeed be marvellous.

IF You Have Been an Invalid for years with some Chronic Wasting Diseases of the Lungs, Heart, Liver, or Kidneys, you need not flatter yourself that medicine is going to cure you immediately. Repair goes on slowly, and time is necessary to build up a broken down constitution. Do not take every nostrum you read about, nor follow the advice of every friend who has a specific to offer you. Procure a remedy scientifically prepared, that is the result of experience, that has a large amount of evidence of sensible people in favor of its reliability, and persevere in its use until the whole system undergoes a radical improvement, and health is restored. Dr. WHEELER'S COMPOUND ELIXIR OF PHOSPHATES and CALISAYA, a Chemical Food and Nutritive Tonic, will meet your most sanguine expectations, as it combines everything necessary to perfect digestion, Nutrition, and the Formation of Healthy Blood, and to vitalise all the organs and tissues of the body. Sold at $1 00 per bottle.

NEW YORK TRIBUNE.

1872.

Now, as heretofore, THE TRIBUNE strives to be first of all and preeminently a *news* paper.

France a Republic—England and Germany gradually permeated with Republican ideas—Spain swaying in the nerveless grasp of a ruler too good for a King and too weak for a Republican, who is unable to govern the [illegible] Island that blocks the entrance to our Gulf of Mexico, and equally unable to give it up—the German speaking peoples agitated by a new Protestantism, seperating from the See of Rome on the Dogma of Infallibility, and assuming to recognize the "Old Catholics"—the whole continent pervaded by the intellectual ferment that comes of the conflict between old ideas, philosophical, theological, material, and the advances of physical science—Russia and Great Britain running a race for the final gains that shall determine Asiatic supremacy—China seeming ready to abandon her advances and reclose her half open gates—Japan abolishing feudalism and inviting Western civilization to irradiate Western commerce to enrich her long-hidden empire—such are phases of the news from abroad which the mails over all continents and the wires under all seas are daily bearing to us. With able and trusted correspondents in the leading capitals, and wherever great changes are in progress, THE TRIBUNE aims, at whatever cost, to lay before its readers the most prompt, complete, and popular presentment of these diverse and conflicting movements.—through all of which, as it fondly trusts, the toiling masses are everywhere struggling up towards recognition and a brighter future.

At home the struggle for Freedom seems over. The last slave has long been a citizen; the last opposition to emancipation, enfranchisement, equal civil rights, has been formally abandoned. No party, North or South, longer disputes the result of the war for the Union; all declare that these results must never be undone; and with a whole people thus united on the grand platform of All Rights for All, whereto our bloody struggle, and the prolonged civil contests that followed, have led us, the Republic closes the records of the bitter, hateful Past, and turns peacefully, hopefully, to the less alarming, because less vital problems of the Future. To whatever may elucidate the general discussion or action on these, the TRIBUNE gives amplest space and most impartial record. Whatever parties may propose, whatever political leaders may say, whatever officers may do, is fairly set down in its columns, whether this news helps or hinders its own views. Its readers have the right to an honest statement of the facts, and this they always get.

But as to its own political principle, THE TRIBUNE is of course, hereafter as heretofore, the champion of Equal Rights, irrespective of Race, Nativity, or Color. It stands inflexibly by the amendments for the permanent security of those rights, which have been solemnly incorporated by the people, in the Constitution of the United States. Independent of all political parties, it endeavors to treat them all with judicial fairness. It labors to purify the administration of Government, National, State and Municipal, and whenever those in authority, whether in National, State, or Municipal affairs, take the lead in this work, it will therein give them its cordial support. But it can never be the servitor of any political party; nor will it surrender or even waive its right to criticise and condemn what is wrong, and commend what is right in the action of any parties or of any public men.

Now, as always, THE TRIBUNE labors with all its heart for the promotion of the great material interests of the country. The progress of Invention and of Labor-Saving, the development of our resources, the preservation of our Land for the landless, and its rapid subjugation to human wants, the utilization of our vast underlying Ores, the extension of facilities for bringing Producer and Consumer nearer together,—whatever tends to swe l the ranks, increase the knowledge, and better the condition of those devoted to Productive Industry, finds mention and encouragement in our columns.

THE WEEKLY TRIBUNE, now more than thirty years old, has endeavored to keep up with the progress of the age in improvement and in enterprise. It devotes a large share of its columns to Agriculture as the most essential and general of human pursuits. It employs the ablest and most successful cultivators to set forth in brief, clear essays their practical views of the Farmer's work. It reports public discussions which elucidate that work; gathers from every source agricultural news, the reports of the latest experiments, the stories of the latest successes and failures, and whatever may tend at once to better Agriculture, and to commend it as the first and most important of progressive Arts, based on natural science.

There are hundreds of thousands engaged in diverse pursuits, who own or rent a "place," and give some portion of their time to its culture and improvement. The WEEKLY TRIBUNE shows them how to make the most of their goods and their hours, both by direction and example. No information equal in quality or quantity can be elsewhere obtained for the price of this journal.

THE WEEKLY TRIBUNE appeals to Teachers, Students, and persons of inquiring minds, by the character of its Literary contents, which include reviews of all the works proceeding from the master minds of the Old or of the New World, with liberal extracts from those of especial interest. Imaginative Literature also claims attention, but in a subordinate degree. "Home Interests" are discussed weekly by a lady specially qualified to instruct and interest her own sex, and the younger portion of the other. No column is more eagerly sought or perused with greater average profit than hers. The News of the Day, elucidated by brief comments, is so condense that no reader can deem it diffuse, while given sufficiently in detail to satisfy the wants of the average reader. Selections are regularly made from the extensive Correspondence of the DAILY TRIBUNE from every country, and its editorials of more permanent value are here reproduced. In short, THE WEEKLY TRIBUNE commends itself to Millions by ministering to their intellectual wants more fully than they are met by any other journal, while its regular reports of the Cattle, Country Produce, and other Markets, will of themselves save the farmer who regularly notes them far more than his journal's price.

For the family circle of the educated farmer or artizan, THE WEEKLY TRIBUNE has no superior, as is proved by the hundreds of thousands who, having read it from childhood, still cherish and enjoy it in the prime and on the down hill of life. We respectfully urge those who know its worth to commend THE WEEKLY TRIBUNE to their friends and neighbors, and we proffer it to clubs at prices which barely pay the cost of paper and press-work.

THE SEMI-WEEKLY TRIBUNE also gives in the course of the year three or four of the

BEST AND LATEST POPULAR NOVELS by living authors. The cost of these alone if bought in book form, would be from six to eight dollars. Its price has been lately reduced, so that clubs can now secure it at little more than the cost, to single subscribers, of the WEEKLY. Iron in the Blood

PERUVIAN AN IRON TONIC SYRUP

MAKES THE WEAK STRONG.

The Peruvian Syrup, a Protected Solution of the Protoxide of Iron, is so combined as to have the character of an aliment, as easily digested and assimilated with the blood as the simplest food. It increases the quantity of Nature's Own Vitalizing Agent, Iron in the blood, and cures "a thousand ills," simply by Toning up, Invigorating and Vitalizing the System. The enriched and vitalized blood permeates every part of the body, repairing damages and waste, searching out morbid secretions, and leaving nothing for disease to feed upon.

This is the secret of the wonderful success of this remedy in curing Dyspepsia, Liver Complaint, Dropsy, Chronic Diarrhœa, Boils, Nervous Affections, Chills and Fevers, Humors, Loss of Constitutional Vigor, Diseases of the Kidneys and Bladder, Female Complaints, *and all diseases originating in a bad state of the blood, or accompanied by debility or a low state of the system. Being free from Alcohol, in any form, its energizing effects are not followed by corresponding reaction, but are permanent, infusing strength, vigor, and new life into all parts of the system, and building up an Iron Constitution.*

Thousands have been changed by the use of this remedy, from weak, sickly, suffering creatures, to strong, healthy, and happy men and women; and invalids cannot reasonably hesitate to give it a trial.

See that each bottle has PERUVIAN SYRUP *blown in the glass.*
