DO YOU WANT

Few people appreciate that there is quality in lumber the same as there is in tea or in paint, or in most other articles. Cheap cull lumber or green lumber in better grades will build a house that, when well painted, will look fairly well for a few months. Such a building in our extreme climate soon takes on a dilapidated cheap look, making it difficult to sell, difficult to rent, and uncomfortable to live in.

We have always made a specialty of the highest quality, and owing to the tremendous size of our business we are able to buy on a basis that permits us to sell our lumber for as low a price as would be something. would be generally asked for a poorer quality. This has built up our large business—the larg-est in Western Canada.

Before building inspect our stocks and permit us to give you evidence that quality considered, our prices cannot be beaten. Par-ticular people use our lumber. If your centractor obtains his lum-ber from us it is a sign that he

is a particular man and demands the best of everything. Crown Lumber
