THE AMATEURS.

Windsor, Sept. 11.—Walkerville won an interesting game from the O. K.'s Saturday. Deneau, who pitched for the Canadians, held the Detroiters to one hit, but his bases on balls were costly. Score:

Walkerville R. H. E. 4 10 2

FOUR INNINGS.

Windsor, Sept. 11.—The printers and

reporters of Windsor played another game of ball on Ouellette avenue, Saturday afternoon. The game was brought to an abrupt end by Marcot, one of the reporters, knocking the cover off the ball. A collection was started to purchase another ball, but the players said it was not pay day, and only 5 cents was subscribed. As a ball could not be bought for this amount, it was decided to postpone the game until next Saturday. An incident of the game was Macpherson, one of the reporters, going to sleep in right field in the third inning. The score was 7 to 5 in favor of the printers. Batteries—Reporters, Cady and Marcot; printers, Mason and McKee. Attendance 1,000. Umpire, Ernie Vollans. Official water boy, Charles Mahoney.

FOR THE FANS.

Detroit Free Press: Bert Sheere, secretary of the London, Ont., club, and Pete Lohman, manager and catcher of the same team, were in Detroit yesterday conferring with the local magnates on the proposed purchase of some minor league stars.

The Art Piano OF CANADA.

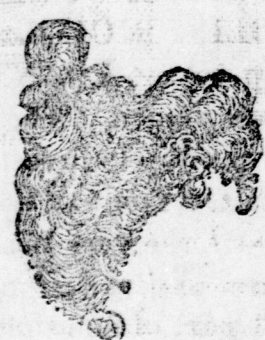

This is the one piano that stands distinctive by itself—made by ourselves. Of course it costs more than the pianos already quoted. It costs more than other pianos you hear about. But then it is a piano different in every way—different in tone, different in mechanical construction and different in durability—undoubtedly giving greater value for the money it costs than any other piano you may buy. If resolved to have the best, then you will take this piano, of which the noted artist, Albani, has said: "It excels any piano I have ever used."

Private Banking Firm at Stratford Closes Its Door.

Stratford, Ont., Sept. 11.—The private banking firm of Wm. Mowat & Son has made an assignment to John Brown, M.P.P. Owing to rumors affecting the standing of the institution there has been a steady run on the funds of the bank by depositors for several months, the culmination being the issuance of a writ for \$2,239 39, on behalf of one of the principal depositors. A statement by Mr. Mowat shows assets at \$15,376, liabilities as \$70,655, giving a surplus of over \$45,000. While

this surplus may be reduced in the disposal of real estate, etc., it is thought that eventually the depositors will be paid in full the amount due them—\$52,996.

LIFE SAVED.—Mr. James Bryson Cameron writes: "I was confined to my bed with inflammation of the lungs and was given up by physicians. A neighbor advised me to try Dr. Thomas' Electric Oil, stating that his wife had used it for a throat trouble with the best results. Acting on this advice I procured the medicine, and less than half a bottle cured me. I certainly believe it saved my life. It was with reluctance that I consented to a trial, as I was reduced to such a state that I doubted the power of any remedy to do me good."
