Engineer Graydon to Proceed Against the Officials of the Street Car Company.

At a meeting of the board of works last night, that was attended by Chairman Winnett, Ald. Drenney, Douglas, Gerry, Malloch, Secretary Bell and Engineer Graydon, the latter brought to the committee's consideration the noise-producing conditions that exist in the street car service. A communication from Dr. Niven was of the same nature, and asked that something be done to have "the infernal noise" abated as residents along or near the line cannot sleep before 12:30 a.m. or after 5:45 a.m. The incessant noise was a serious thing for invalids and nervous people.

Mr. Graydon was instructed to take legal proceedings against the officials of the company, who have charge of the repairing department.

Two opposing deputations appeared before the board, one asking that the cement walk on the Wortley road, between Askin street and Byron avenue, be put back in the place formerly occupied, and the other asking that it be left as it is. The former consisted of Messrs. A. Haggart, Wm. Hall and Wm. Berry, while Dr. Piper, Ven. Archdeacon Davis and William Greene formed the latter. Ald. Gerry and Ald. Wray favored the removal, but it was opposed by Engineer Graydon. Before settling the matter the committee will inspect the street.

The contract for the construction of the far macadam pavement on Queen's avenue, between Maitland and Adelaide streets, was taken from Harding & Leathorn and awarded to the next lowest tenderers, P. L. Marden & Company. This was done at the former's request as they had made a mistake in their tender. The figures in each case were \$4,700 and \$5,418.

If all details are satisfactory the city solicitor will register the transfer of London Lane to the city.

A tender of J. C. Dodd & Son to repair the art annex at the fair grounds for \$66 was accepted.

A cement walk will be laid on the north side of Grey street, from Maitland to William streets, in accordance with the petition of Percy Phillips and others.

A new flag for the city hall is needed and will be procured.

A MAGIC PILL—Dyspepsia is a foe with which men are constantly grappling but cannot exterminate. Subdued, and to all appearances vanquished in one, it makes its appearance in another direction. In many the digestive apparatus is as delicate as the mechanism of a watch or scientific instrument in which even a breath of air will make a variation. With such persons disorders of the stomach ensue from the most trivial causes and cause much suffering. To these Parmelee's Vegetable Pills are recommended as mild and sure.

The Boers Fall Back—French Within 20 Miles of Machadodorp—Sick Canadians Sent Home.

London, Thursday, Aug. 23.—A dispatch to the Standard from Durban, Natal, says that 6,000 Uitlanders have registered there. An Uitlander committee has addressed a protest to Sir Alfred Milner, governor of Cape Colony and high commissioner in South Africa, against the appointment to official positions in the Transvaal of persons whose character and antecedents merit the abhorrence of honest men. The committee says that such appointments will bring discredit upon the administration and amount to a public scandal.
