One day the collie got out of a train at Bank Top station, Darlington. None of the passengers admitted ownership and the station master claimed him. He advertised, but no application was received. The station master thought the collie might be turned to good account. Accordingly a saddle with two collection boxes attached was made for Duke, who was then sent out to solicit donations for the orphanage. Duke quickly appreciated that he could get more money from a rich man than from a poorer one. So Duke soon learned the difference between dining car corridor trains, ordinary expresses,

BOILS ALL OVER HIS FACE AND NECK

DID FOR HIM WHAT FOUR DOCTORS

KEEWATIN, ONT., July 28th. 1905.

DEAR SIRE:—I am writing to let you know what Burdock Blood Bitter has done for me. I am a young man, twenty years old, and a sick, and was greatly troubled with boils coming out on my face and neck, mostly on the latter. I would no sooner get rid of one than I would have, perhaps, two or three more appear.

I had four doctors trying to cure me but they had very little success. They would stop them for a month or six weeks and then they would be as bad as ever again.

would be as bad as ever again.

Almost every patent medicine, advertised to cure boils, I could get hold of, I tried, but still without success. At last one day, last spring, someone happened to say: "why not try taking Burdock Blood Bitters for the blood?" I was willing to try anything and immediately sent for a bottle, but at the time was doubtful if it would be of any use. However, I used that bettle and while I was taking it I began to feel better, although I still kept having a few boils but not nearly such bad ones. I did not miss any work, while otherwise, I used to miss, sometimes, a week out of every month. I kept on taking the medicine until I had taken six bettles, and needless to guntil I had taken six bettles, and needless to I have not had a boil appear for the past three months. Everybody was surprised when they me what four doctors failed to do. If any sufferers are afflicted with boils, I would strongly advise them to use B.B.B. It makes you feel like a new man. I always keep a bottle in the house, now, as I think it is a medicine that should be in every household.
