FRIENDS BID "GOODBYE" TO PASTOR SHIELDS

Big Social Gathering in the School Room of the Adelaide Street Baptist Church.

A large and much-interested gath- ago. ering fined the beautifully decorated school room of Adelaide Street Baptist Church last night to say "Goodbye" and "Godspeed" to the retiring pastor, Rev. T. T. Shields, and his esteemed helpmeet, Mrs. Shields, who are about leaving for Toronto. While all realized and regretted that the church is losing a most able, energetic and warm-hearted pastor, yet the sombre element common to such occasions was absent, everyone seeming to have determined to look at the bright side of the situation, in view of their leader's promotion to a more important and influential position, and 1231/2 123 1231/2 a wider field of Christian service. As a result an air of cheerfulness and

good humor characterized the proceedings from beginning to end. Mr. D. H. Gillies, superintendent of the Sunday school, presided, and after prayer by Rev. C. M. Carew, of Maitland Street Baptist Church, called on Rev. W. M. Walker, of South London. Mr. Walker spoke of the intimate friendship that existed between Mr. Shields and himself, but laid special emphasis on the spirit of mutual interest among the Baptist Churches that had followed Mr. Shields' coming to London-a most desirable condition for which he believed Pastor Shields was largely responsible. Mr. Carew spoke of the pleasure, the help and the inspiration he had gained from his relationship with

BUY MILL PROPERTY TURN IT INTO PARK

This Is One Suggestion If the Saunby Site Can Be Bought at Right Price.

The water commissioners are not hopeful that the Saunby property could now be purchased for \$15,000, or \$20,000, the sum offered some years ago for it. Since that time, the company has

been capitalized at \$50,000, and a man in close touch with the business declared that it would cost the city close to \$40,000 to get it. That amount of money is out of the question, so the commissioners think,

and they would not agree to pay any such sum. It has been suggested that the roperty be purchased, and a park established there. The idea is most favorably received about the city, the only difficulty being the price of the mill and land.
