Treatment Highly Recommended by Vets' Convention.

FOOT DISEASE DISCUSSED

Contracted From the Dew on Grass By Horses Grazing.

Toronto Aug 24 -- Many encomium vention of the American Veterinary Hall regarding the Pasteur treatment ences to its effectiveness made am the speakers, one veterinary saying that this institute had "saved the situation," Regarding the prevention of rabies, the treatment of horses consists of 21 does, which is just double the quartic garden. sists of 21 doses, which is just double the quantity given a human being. Dogs are given 21 doses, but each dose is only haif strength. The Pasteur method come into existence about two years ago, and experiments thus far have been practically at all times successful, speaking well for the treatment.

ment.

Whether all the work mapped out by the convention will be finished by Friday night, the scheduled time of closing, is doubtful. At present several papers that were to be read have been left untouched. In order to rush matters yesterday each speaker was allowed 20 minutes and no more for the Convocation Hall and both surgery and medicine.

Some Popular Topics.

The most interesting addresses to the general public and municipal offi-cials will be heard on Friday.

duction and Handing of Commercial Milke will be dealt with by Dr Cassius Way, of Harvard, III.

Foot diseases among horses were discussed yesterdry morning, epole by the Sease is commonly known as "dew polson," said Dr. W. H. Dulrympide. He said that it was contracted from polsonous plants contracted from polsonous plants. Duly horses and assess were victims of the malady.

The cause of sore mouth disease, which is mainly among dogs, said the speaker, was in all probability due to eating decayed animal matter or any other substances of that nature. The disease was not often detected until it had advanced to such a stage as to make it difficult to effect a cure. This malady was prevalent principally among country dogs. A light muzzle on hunting canines was a good thing, in the opinion of Dr. Dalrympide.

Last night the large body of veterinarians enjoyed a moonlight excursion on the steamer Cayuga, which left for a few hours' cruise on the lake at 8:30 o'clock.

That They Have a Stepmother.

New York, Aug. 23.—Through a contest brought by William McQuire, of No. 312 West One Hundred and Eighteenth street, before Surrogate Fowler, against the grunting of letters of admiristration on the estate of John McQuire to Mrs. Mary Hulz, of Beliport, L. L., and her brother, Thos. McQuire, these two persons learned they had a step-brother and a stepmother living and that their father had taken a second wife 33 years before his death without their know-sanitary as you'll find 'em anywhere."

The Unknown Factor: Will Your New Car"Deliver the Goods"

HIDDEN in the design and the material of any car is the future road performance of that car. The great end is to obtain through correct design the ability to maintain on the road the performance shown in the car's first trip. Demonstration performance is an adequate guide in the "Everitt" to ownership performance later on. You take no chances that foresight can prevent for you.

WITH skilful forethought much more than the measure of road endurance you will expect is built into the Tudhope-built "Everitt." Solidity to preserve delicate adjustments is built in for you. Large bearings to insure long George wear are built in for you. Useless dead weight is discarded in your behalf by Tudhope designers-making for economy in gasoline and low tire cost.

BEWARE this "unknown factor"—the risk of buying a car that will not stand up. If you will examine the "Everitt" you will see for yourself how every possible source of trouble and expense has been guarded against by correct design. Any "Everitt" dealer will show you, part by part, the features that make this car remarkable value at \$1,450 (F.O.B. Orillia)

THAW WILL GET NO **FAVORS FROM MAY**

New Matteawan Superintendent to Treat Him Like all Other Patients.

New York, Aug. 23.-Dr. James V May, the new superintendent of Mat

New York, Aug. 23.—17. James V. May, the new superintendent of Matteawan, announced yesterday that Harry K. Thaw, whose family bitterly opposed the administrations of former Superintendents Baker and Lamb, would receive poliberties not accorded other patients confined in the institution.

This public statement was made in answer to the published interview with Mrs Mary C. Thaw that the resignations of Drs. Baker and Lambhad been forced as part of the plan to liberate her son. Superintendent May said he had not yet met Mrs. Thaw, and had not had time to study Harry K. Thaw's case, except from the records left by his predecessors. He declared that Thaw's mother had no reason to believe, so far as he knew, that his appointment as superintendent would result in a change favorable to her son. Here is Dr. May's statement:

Knows On'y His Record.

"Until I came to Matteawan, I had

Spotton Business College

LARGEST TRAINERS IN CANADA—SEVEN COLLEGES

Thirty years' experience, Open entire year, batter any day, Individ-al instruction, Exclusive right for Ontario of the famous Bliss sockkeeping System, which gives actual business practice from start of finish. The student keeps same books as chartered banks and whole-tle houses. We get down to the bedrock foundation of living busi-ses science, and keep step with modern methods. No "dry rot" or old fogeyism."

"old fogeylsim."

London Business College is the school of Isaac Pitman Shorthand, which is the only system permitted in high schools and collegiate institutes. It is the system used by all experts. You should investigate before being enticed by "quack systems," which are "easy to learn." If you wish the best positions you must learn the best system. We guarantee positions within ten days of graduation.

positions within ten days of graduation.

During 1911 we have enrolled more students than all other business schools in London combined. Large, commodious, comfortable business offices, not a "flat in an attic."

Owing to our connection all over Ontarlo, and our output of 1,-200 students per year, filling leading positions in Canada and United States, surely we can do better for our graduates than any other single school. Home study in one hundred different subjects.

Day and Night Classes now open. Call and see our school, 'courses, teachers and equipment. Compare with others. Make your own decision. The only school in this city affiliated with the Commercial Educators' Association of Canada.

Can You Guess This Man's Age?

There is not the least doubt but what baldness will add fully ten, fifteen or twenty years to the look of a man. This being so can you afford to neglect the covering a wise providence has provided yeu with? You would not think of going to work in the morning without washing your face, but how often have you given your hair a tonic or any special attention.

The hair like everything else needs attention. A splendid tonic is Parisian Sage, the world renowned hair grower and invigorator.

In these days of strenuous competition when dividends count for more than men, the man who retain his youth is the man who looks his job the longest. That is why young men should take good care of the hair.

Men who have hair should by all means keep it. In later years it may mean a livelshood to yourself and family.

Remember that the man with a bald

Remember that the man with a bal Remember that the man with a bald head who seeks a position is hand-feapped at the start. Parisian Sage will make hair grow, stop falling hair and remove dandruff. It will give the hair a lustrous appearance that denotes health and youthfulness. Guaranteed by Fred A. Taylor, 399 Talbot street, opposite market, who will refund your money if it fails. Parisian Sage is sold everywhere 50c a large bottle, or postpaid from the Giroux Mfg. Co., Fort Erie, Ont. See that the girl with the Auburn Hair is on every bottle.
