REV. J. E. FORD.

"BANISH THE BAR" CAMPAIGN WILL START IN LONDON

Newton W. Rowell, K.C., Leader of the Ontario Liberals, Will Speak In This City at An Open Air Demonstration On Dominion Day.

The Liberals of Ontario will commence their campaign to 'Banish the Bar" in London on July 1. Arrangements are practically completed, and it is expected that the demonstration here Passed a Comfortable Night and will be one of the largest ever held in London.

At a meeting of the Liberal executive held in Hyman Hall the other evening, the matter was taken up and enthusiastically indorsed. A strong committee is now engaged in working out the

It is proposed to hold the meeting out of doors, in some park here. There will be bands and music, and all the leaders of the party in the province will be on hand to deliver addresses and join in the demonstration.

Liberals From District Will Be Here

Excursions from outside ridings will be brought into London, and from present indications Liberalism in Western Ontario will be well represented on Dominion Day.

There was a meeting in Toronto Thursday afternoon, attended who for twelve years was employed at by all the Liberal members of the Legislature. The plan of Mr. N W. Rowell, K.C., M.P.P., to hold a series of demonstrations tively, which engaged in a struggle at the school picnic at Springbank Park throughout the province, was most enthusiastically indorsed.

The members were of the opinion that Mr. Rowell's temperance policy was gaining many friends everywhere. It had heartened Liberalism, and scores of Conservatives in every riding were coming to Liberalism because of Mr. Rowell's strong stand. They UNOFFENDING MAN SLASHED were refusing to line up behind the anti-treating system subterfuge

People Will Get the Speeches

The members decided to print Mr. Rowell's speech on abolishing the bar in full, together with the reply made to it by Sir James Whitney, and Mr. Rowell's rejoinder to Sir James. It was thought that this was the best method of aiding Mr. Rowell's cause, and would bring hundreds of voters to see the advantage of his position.

The second meeting will be held in Belleville on July 10. This constituency is a strategic centre, as is London, and the meetings should be of great benefit to the Liberal party.

The series will be continued throughout the autumn.

COUNTY COUNCIL ARE OPPOSED TO CITY'S JOINT BUILDINGS PLAN

Might Consider 75 and 25 Per Cent. as a Basis of Agreement, But Will Have Nothing To Do With a 70 and 30 Per Cent. Proposition --- A Meeting Tonight.

Joint municipal buildings will be discussed at the county council meetng this evening for the last time.

It must be admitted that prospects or an agreement are none too bright oday, since the city's terms became not in favor of paying 30 per cent., particularly in view of the fact that the court house repairs will shortly be ompleted.

This fact has caused them to change their minds about joint buildings, including a court house and jail. as these latter buildings will be good enough, they maintain, for many years. They are disappointed that the Donald, city did not favor joint municipal buildings with no reference to a court louse or jail.

On this proposition, they think that

County Against It.

Mayor Graham and a portion of the council will meet the county council and present the offer of the city. The mayor will urge its acceptance, pointing out that it is an excellent bargain for the county.

Unless a great change of view

omes over the county councillors, there is no possibility of the county accepting the offer "The next proposition will be 90

ind 10 per cent.," declared Councillor Fitzgerald. "I can see no possibility of carrying

70 and 30," said Councillor J. C. Mc-"The county councillors will not onsider the large proposition at all,"

said Councillor Munro. "We made an On this proposition, they think that a some time ago of 80 and 20 per an agreement could be reached with-(Continued on Page Eleven.)
