

SURRENDER OF HARRY THAW DEMANDED GOVERNOR GLYNN

Immigration Authorities Decline To Take Any Action Until After the Extradition Proceedings Are Concluded—Govt. May Seize and Deport Thaw, Who Is Now Quite Anxious.

[Canadian Press.]
Ottawa, Aug. 21.—Formal demand for the surrender of Harry K. Thaw, Canadian immigration authorities here today by Acting Governor Glynn, of New York. The department replied that it would take no action till the present extradition proceedings should be concluded. The department let it be known that it would seize Thaw and attempt to deport him should his extradition to the United States be refused by the Dominion courts.

WON FIRST MOVE.
[Canadian Press.]
Sherbrooke, Que., Aug. 21.—Lawyers for Harry K. Thaw, fencing for positions in his fight to resist deportation to the United States after his flight from Matteawan, won an advantage behind the scenes in Sherbrooke today by delaying his appearance in the superior court on a writ of habeas corpus. Dominion immigration officials, and with them the district attorney and the sheriff of Dutchess County, New York, had hoped that Thaw would be produced at 10 a.m. and charged on the present defective commitment, and thus fall into their hands for deportation at a point on the border as yet undecided.

Thaw, however, remained in his cell, chatting with his brother-in-law and sister, Mr. and Mrs. George Lauder Carnegie. Superior Judge Globensky was sought by the immigration officials, and the officials had to wait, ostensibly returnable forthwith, but the court held that Thaw's lawyers were within their rights.

There were no court proceedings during the forenoon, although townspeople jammed the court room.

Thaw's battery of lawyers, victorious so far in the fight to resist deportation, keeping their client in jail, agreed to announce this afternoon what disposition they purpose to make on their side. If they still persist in not serving it, the immigration authorities and District Attorney Conner, of Dutchess County, planned to have the writ declared void and insist on Thaw's arraignment at once, either here or at Coaticook, near where he was arrested.

Today the case had reached a stage where the usual relations of the parties to a criminal action are absolutely reversed. On the one hand, the lawyers for the prisoner were found fighting hard to prolong his imprisonment, while the authorities, local, Dominion and United States, were anxious to have him set free. In the belief that the immigration authorities would seize and force him across the frontier.

THAW IS WORRIED.
[Canadian Press.]
Sherbrooke, Que., Aug. 21.—Feverish and worried, Thaw dressed before sunrise today and received Mr. and Mrs. Carnegie as his first visitors. Though apparently cheerful by their arrival, their presence seemed to make him more close-mouthed than ever regarding his escape.

Thaw's fellow prisoner, who describes himself as a "thief," but who has been identified as Roger Thompson, driver of the black racing car which whisked Thaw away from the asylum, remained silent in his cell today. Charged with counselling Harry K. Thaw to escape, Thompson was unable to furnish the \$500 bail required, and must stay in his cell until Friday, when he will have a hearing.

In order to get the immigration officials' inquiry that must ultimately take place held in Coaticook, which is close to the New Hampshire and Vermont borders, which state Thaw would prefer to go, W. L. Spurlin, K.C., one of his lawyers, left for Ottawa last night to interview the department of the Minister of the Interior. Little importance is attached by the immigration department to the fact that Thaw has a through ticket to Detroit, which it has been claimed by the defence side would enable him to proceed on his way out of Canada. The fact that Thaw is in the eyes of the country from which he came makes his entrance into the Dominion illegal, and gives the immigration authorities, once they get hold of him, power to detain him, or immediately ship him back from whence he came.

Safe at Present.
While Thaw is in jail on the commitment signed by the justice of the peace at Coaticook, he is safe from the immigration department, who have no power over him, and it is thought that the defence lawyers will leave him there until they have formulated a definite plan of action.

It is known that Thaw lawyers want to get permission from the Minister of the Interior for Thaw simply undertaking to leave Canada and to allow him to select his own destination, which might be, as one of his counsel said today, South America.

TRIAL STANDS OVER.
[Canadian Press.]
Sherbrooke, Que., Aug. 21.—After an all-night conference, counsel for Harry K. Thaw announced that they would not produce the Matteawan fugitive in the superior court today on the writ of habeas corpus obtained yesterday.

CHANGED TACTICS.
[Canadian Press.]
Sherbrooke, Que., Aug. 21.—With the arrival here last night of J. D. Green-shields, K.C., Montreal, to lead the legal forces now working for Thaw, the policy of the defence underwent a complete reversal. Instead of fighting to get the slayer of Stanford White out on a writ of habeas corpus, it was decided, it is understood, at a conference held last night, not to hurry the proceedings, and it was expected today that the writ would not be served for a while.

Thaw, from appearances, will not

CAN'T GET HYDRO IN BUILDINGS OF DOMINION GOVT.

Mr. Beck Went All the Way to Ottawa About It, But "Nothing Doing."

Dominion and Ontario Govts. at Loggerhead Over Lighting of Offices.

A pretty little war between the Federal and Provincial Governments, centring around the lighting contracts in the federal buildings, is engaging the hydro-electric commission. None of the federal buildings have been wired for hydro-electric lighting since the inauguration of the system, despite repeated attempts of the local commission to secure the business.

Mr. Beck Peeved.
This has made Hon. Adam Beck, Mr. Pocock and Mr. Gaultzke exceedingly peevish. Whenever Mr. Beck or Mr. Pocock has not been peevish about it, Mr. Gaultzke has. They think that Premier Borden should be turned out of power, and several other things.

The federal buildings in London include the postoffice, the customs house, the armories, the barracks and the different offices. It would be a nice fat contract for the hydro-electric commission. It would more than offset what the commission does not receive from the London Free Press, for instance.

Borden and Beck.
Recently Mr. Beck made a special trip to Ottawa. He put the case before the powers in strong language. But for some reason or other Mr. Beck's language is more strong than convincing when he is talking to Premier Borden. And Mr. Beck, for some mysterious reason, came back empty-handed.

So that with the London Free Press and the Borden Government not using hydro, and turning down solicitors for the company, and asking hold-up raising for advertising space on a quarantine, and with his own business still consuming large quantities of shavings, Mr. Beck doesn't sleep as dreamlessly as might be expected.

**RAID CASH REGISTER
OF EAST LONDON STORE**

Twenty Dollars Was Carried Off During Absence of the Proprietor.

Arthur's drygoods store on Dundas street, East London, was broken into Wednesday afternoon some time between 2 and 4:30 o'clock and \$20 in money taken from a cash register.

Entrance was gained through a rear window, which was forced open. It is not known whether any goods were stolen, but a rumor to the effect that a small cartload was carried away was circulated about the city this morning.

The proprietor was reticent when questioned, and although he admitted that his place had been entered, refused to give any details. The police are working on the case, and it is said that Detective Dowling expects to make an arrest before night. It is also said that some neighbors saw several boys hanging about the rear of the store during the afternoon, and that they are the ones suspected by the police.

**Winding Up Order
For Big Refinery**

[Canadian Press.]
Toronto, Aug. 21.—An order winding up the Dominion Refineries, North Bay, was made by Mr. Justice Leitch at Osgoode Hall today. There has been an assignment, it was explained, and there was no opposition offered to the application. The company was incorporated in 1911 with a nominal capital stock of \$50,000. Twenty-one thousand, three hundred and forty shares have been allotted, and \$11,741.42 paid up.

NO C. N. R. ACTIVITY THIS WAY DECLARES COLONEL DAVIDSON

Hasn't Bought the McArthur Farm; Hasn't Even Heard of It; and Road Has No Surveyors in Western Ontario at Present—Nothing New in Regard to the L. and P. S.

Col. A. S. Davidson, of the Canadian Northern Railway, was interviewed over the long-distance telephone in Toronto by The Advertiser this morning.

Col. Davidson disposed of a whole flock of rumors at one fell swoop. "Have you bought the McArthur farm?" "No, never heard of it," he replied. "Aren't you surveyors working this way?"

"Haven't got a surveyor working in any part of Western Ontario." **No London Plans.**

"Any other C. N. R. activity in the district that would lead people to talk of your coming to London before long?" "Not a thing at present; we aren't in that field at all just at present."

Asked as to the likelihood of the company re-entering into negotiations

for the securing of the London and Port Stanley Railway, Col. Davidson stated that there was nothing new in the matter.

Worked for London.
"I left for Vancouver soon after being in London," he stated. "Then I went to England, and not a thing has been done since. It may be that we will be a factor in the situation again, but I cannot say at present. One thing I know—I have had assurances from some of the best men in London that the citizens of London were ready to receive the C. N. R. with open arms. At that time I said that our main line would not come to London unless we were given fair treatment. I may say that I was using personal influence to do something for London. It's my old home town, and I did some fighting in directors' rooms to try and give the city a new line."

TRY TO KILL KING CHARLES

Bandits Fire at Him and Queen of Roumania Near Sinaia.

RAIN IS BADLY NEEDED

C. N. R. Will Handle Grain Trains Soon

[Canadian Press.]
London, Aug. 21.—Revolver shots were fired by bandits today at King Charles and Queen Elizabeth (Carmen Sylva), of Roumania, as they were riding in an automobile near Sinaia, a fashionable health resort in Roumania in the Carpathian Mountains, according to special dispatches received here. Neither of their majesties was injured.

As soon as the bandits began firing, the chauffeur of the royal car speeded up his machine and succeeded in carrying the king and queen to safety.

Preparing Request To Free Moir

Mr. Lawrence Has Not Yet Forwarded To Attorney-General.
Mr. Joseph Lawrence, of South London, who attempted to secure the release of Pte. Moir, the Wolsely Barracks soldier who shot and killed Color-Sergeant Lloyd some years ago, and who later escaped from Hamilton Asylum, has not yet forwarded his request to the Attorney-General's department. According to a statement made by Mr. Lawrence today he has been carefully preparing his request, and will have it ready for presentation at the end of the week. He has offered to put up a \$5,000 bond for the release of the soldier.

Fenian Veterans Paid \$1,080,000

[Special to The Advertiser.]
Ottawa, Aug. 21.—Up to date \$1,080,000 have been paid to Fenian Raid veterans in settlement of 10,800 claims. There are fifteen thousand more claims to be dealt with, and they are still coming in.

SENATE MAY SEND TROOPS TO PROTECT AMERICANS IN MEXICO

Situation Is Again Very Acute as Result of Practical Deadlock in Lind-Huerta Negotiations—President Wilson Refuses to Entertain Huerta's Demands.

[Canadian Press.]
Washington, D. C., Aug. 21.—Senator Penrose introduced today a resolution requiring President Wilson to take the necessary steps to place United States troops in Mexico to protect American lives and property, such a step to be decreed by the Senate as in no way an unfriendly act toward Mexico.

DEADLOCK ALMOST REACHED.
Administration officials, though not entirely without hope of an amicable understanding, were inclined today to believe that the negotiations between John Lind and Provisional President Huerta had almost reached a deadlock.

Huerta demands immediate recognition, and President Wilson is absolutely and firmly against it. In all likelihood the American note and the Huerta answer will be published simultaneously.

LIND HAS DONE LITTLE.
It is now understood that Lind's supplementary negotiations, while personally cordial, have availed nothing. Officials today may not sanguine that Huerta would recede and the disposition was to make public the attitude of the United States as expressed in its note.

Mr. Lind's mission is conceded in official circles to have been a failure so far as its effect on the Mexican Government is concerned.

ANGLO-AMERICAN DISPUTE TO GO TO HAGUE ARBITRATION

Panama Canal Row Will Probably Be Settled Shortly—Germans Blamed for Not Helping Limit Armaments—Delegates Indignant Over Peace Palace Opening.

[Canadian Press.]
The Hague, Aug. 21.—The international peace congress adopted last evening a resolution that the differences between the United States and Great Britain regarding the Panama Canal act should be referred to The Hague court of arbitration.

In his presidential address Professor De Loutre referred to the United States as the foremost nation in the peace movement and to the palace of peace as an expression of homage from the new world to the old world. He said that while the east was shrouded in darkness the star of hope was ever brightening in the west.

Professor Quide in moving his resolution severely blamed Germany for the last increase in armaments in Europe. He said that there would have been no increase by France but for the action of Germany.

Much indignation has been expressed by the delegates at the failure to invite them to the opening of the peace palace. Not one of them originally was invited to the ceremony, and after pressure had been applied only four have received invitations.

OTTAWA SURPRISED AT CROTHERS LEAVING NOW

Many Think He Should Look Into Nanaimo Labor Trouble.

[Special to The Advertiser.]
Ottawa, Aug. 21.—There is considerable surprise at Ottawa that Hon. Thomas Crothers, minister of labor, should leave Canada at the present time.

With five thousand coal miners and three thousand soldiers threatening one another in British Columbia, it is thought here that Premier Borden would have acted wisely in instructing the Minister of Labor to remain in Canada rather than to leave the situation to the militia authorities.

It is stated that Mr. Crothers could obtain in British Columbia more useful information on the relations of the miners and mine-owners than he will be able to obtain in Britain, where, it is announced, he will go to study the industrial conditions of the mining class.

"GARBAGE COLLECTION" SOUNDED TOO CRUDE

So Supt. Dodd's Pretty Little Buzz-Wagon Bears Sign "Public Work."

[Canadian Press.]
Quebec, Aug. 21.—The Canadian Northern Railway has made it known in Quebec that the company expects to be operating grain trains over its line from the Canadian Northwest to Quebec this fall.

All connections between Quebec and Ruel, Ont., 849 miles, will be ready for train service next month, and the road from Sudbury to Port Arthur opened for traffic a month later, which will give the Canadian Northern Railway direct communication from Quebec to the end of its present line in the northwest.

Without Food For Two Days

English Family Appealed to the Salvation Army for Help.

Asserting that they had been without food for two days, an English family, husband, wife and three small children, appealed to the Salvation Army last week for aid. As they had come to Canada through the East End Immigration Society the Army could not aid them through its regular channels, but the officers, touched by their necessity, privately contributed to secure them a boardinghouse for several days. Later they secured quarters in the east end fire hall, but unable to secure work they again appealed to the Army for money to buy food. Since then the baby has been taken to the hospital with whooping cough.

TOTAL YEARS BUILDING GREATER THAN ALL 1912

Building permits for August, 1913, already total \$95,265. This is close to the record of the entire month last year, when \$110,000 was the aggregate value of permits issued from the building inspector's office. The total building for the year has now reached over \$1,200,000. This is \$100,000 greater than the entire 1912 record. New permits issued this morning were: Lang estate, repairs and roof to stable (Walper House), on Talbot street, damaged by fire, \$2,200; Thomas Jones, 1 1/2-story brick-veneer dwelling on Ridout street, \$1,700.

Thaw's Chances Better in States

Canadian Immigration Laws Are Very Strict, Says U. S. Official.

Mr. F. C. Buzzell, United States immigration officer, and acting United States consul in this city, in commenting on the Thaw case today, said he could not understand why Thaw ever entered Canada.

"He would have been far safer in any one of a dozen states, and less liable to be sent back to New York from them than he is to deportation to New York State from Canada," said Mr. Buzzell. "Canadian immigration laws are very strict, and although I think the law says a man shall be deported at the port at which he enters this country, there may possibly be a way to deport Thaw at the New York border. If he had transportation through to Detroit, as some of the dispatches say he had, the Canadian authorities are holding him illegally."

"There are a great many people in the United States today who would be glad to see Thaw make good his escape. Not for his sake, but for his aged mother's, who has put up such a fight for her son."
