Seigners is prohibited. The crew, however, resumed hunting as they heard barking of seals. Later the fog cleared, when the change in the ship's position was discovered and also three American warships coming toward them. While the Japanese were struggling to escape from the prohibited zone, one of the American patrols seized the vessel. The Saikai Maru, which was also fishing in the same sea, is reported to have met with a similar fate."

The Japan Daily Mail, a semi-officery of the same sea, is reported to have met with a similar fate."

Sealing Schooner When
Crew Escaped

INTERCEPT ROOKERY RAID

Schooner Boso Maru Escaped
Seizure But Left Hunters on
Russian Rookery

Caught by a Russian guardship of a far eastern seal rookery, a Japanese sealing schooner was burned and her fugitive crew left, probably to starve or freeze in the woods. The sealing schooner Boso Maru and har to advices received by the C. P. R. steamer Monteagie, which reached power is not very limportant, and, as for the latter, it has been sealing schooners have been seized this season, mostly off the Copper islands. All have offered the same sealing schooners have been seized this season, mostly off the Copper islands. All have offered the same sealing schooners have been seized this season, mostly off the Copper islands. All have offered the same sealing schooners have been seized this season, mostly off the Copper islands. All have offered the same sealing schooners have been seized this season, mostly off the Copper islands. All have offered the same sealing schooners have been seized this season, mostly off the Copper islands. All have offered the same sealing schooners have been seized this season, mostly off the Copper islands. All have offered the same for poachers in the old days. There is no reason why she may not been setzed this season, mostly off the Copper islands. All have offered the same was the formatical part of the forbidden waters. The Milve Maru one of the schooners seized, involved both Japan and Russia in a diplomatic question owing to six of the Japanese hunters being sentenced to death for attacking their guards, the sentence of being afterwards commuted.

Loss Through Bird Slaughter New York, Oct. 27.--Wm Dutcher, New York, Oct. 27.—Wm Dutcher, president of the national association of Audubon societies, declared at the annual convention of the association at the natural museum of arts today that Americans were robbing them. The steam whaler St. Lawrence, of the Pacific Whaling company, followed the Orion to port yesterday, and the work for the present season off the work for the present season off the work for the present season off the west coast of Vancouver island has been abandoned. The two whalers took over 600 whales during the summer. The St. Lawrence, which was operated from the Kyuquot station, took a total of 313 whales. These included 241 humpbacks, 66 sulphurbottoms; 10 finbacks and 1 sperm whale. The crew of the St. Lawrence is composed almost entirely of Norwigians, the only exceptions being Capt. Christian, navigating officer and the chief engineer. Capt. Larsen, the harpoon expert of the whaler, and all on board work on shares and the season has been a profitable one for them all, their earnings ranging from over \$3,000 to \$4,000 for \$4,00
