JOHN McALLISTER DIED SUDDENLY

Died Quite Suddenly Monday Morning—Had a Long and Honored Career.

The death of Mr. John McAllister ex. M. P. took place at ten o'clock Monday morning, November 4th, removes from Campbellton one of the most highly respected residents of Restigouche County, and one who had the respect of all.

Although Mr. McAllister has not been able to transact business for a number of years on account of illness, he has been quite active physically and was a prominent figure on our streets. It was his usual custom to walk to the post office about nine o'clock each morning for his mail, and then go for a short walk. Monday he went as usual, returning to his home about ten. His sister noticed that he did not look well and asked him if he was sick. He complained of a pain about his heart, and then with a few gasps expired. Kind neighbors came at once and medical aid summoned but he had peacefully passed away to the great beyond.

During his life here he made many friends and although he fought three political battles he had no enemies. His open handed generosity and his political honesty were powerful in the county.

John McAllister, Q. C., was the son of the late John McAllister and Catherine Murchie, who emigrated from Scotland to New Brunswick in 1836. He was born in Heron Island, Restigouche county, July 27th, 1842, was educated at the common schools there and at the Presbyterian Academy, Chatham. He taught school for several years in Restigouche and the city of St. John, and was well known in that city during his subsequent political career. He was called to the Bar in 1879 and became a Queen's Counsel in 1895. After being admitted to the Bar he practised his profession in Campbellton and was recognized throughout the province as one of the most successful lawyers within our borders. Later on a partnership was formed between himself and the late W. Albert Mott under the name of McAllister & Mott. This firm also enjoyed throughout the province a name which any firm might justly well be proud of. The partnership was continued up until a few years before the Campbellton fire. Mr. McAllister retiring from business, owing to ill health. He was the first Mayor of Campbellton, was Swedish and Norwegian Consul in 1880-88, and United States Consular Agent in 1888-91. Mr. McAllister was elected to the House of Commons as a Conservative at the general elections, 1891 and 1896. He was defeated by James Reid, Liberal, in 1900. He was a Conservative and unmarried.

He was a Mason and a member of the Independent Order of Foresters. Deceased is survived by one sister Mary, to whom the heartfelt sympathy of the community is extended in her bereavement.

A short funeral service was held this morning at the late home by Rev. Mr. Miller, when the remains were conveyed to the depot and placed upon the Ocean Limited to be forwarded to New Mills where interment will be made. Many of our citizens were in attendance to pay their last tribute of respect to the departed, and many of them accompanied the remains to New Mills.

THE WAR IS OVER?

As we go to press word that Fredericton, St. John, Moncton and other cities were celebrating the acceptance of Allies armistice terms but the news is not official.

A despatch to the Graphic says that revolution has broken out in Germany and soldiers and sailors are marching on Kiel. Fierce artillery battle between Germans taking place at Hamburg. Germans are evacuating Ghent, and all along line Allies are gaining. Official word of acceptance of Allies terms may be received at any moment.

FIRST CONTINGENT BOY KILLED

Pte. Harry Young Pays Supreme Sacrifice During Recent Offensive.

Mrs. J. Doucett of this town has been notified that her son, Pte. Harry Young, was killed in action on September 1st.

Pte. Young was a member of the 12th Battalion. After the first battle that Pte. Young was engaged in his mother received official word that he was missing but later that he had been transferred to the 48th Highlanders with which Battalion he was with twenty-two months, when he was wounded on June 4th, 1916. After being in hospital for some time he was again sent to the trenches.

After serving for another seven months he was killed in action on Sept. 1st as above stated.

Pte. Young who was twenty-nine years of age, was a very popular young man and previous to enlisting was employed as plumber with Mr. A. H. English.

He is survived by a widowed mother, one sister, Mrs. Thos. Arsenau and two brothers, James at home and Arthur on active service in France.

EPIDEMIC OVER IN CAMPBELLTON

Very Few New Cases in Town Reported During Past Week—Country Cases. Data. Public Works Dept.

The influenza epidemic is, so far as the Town of Campbellton is concerned, practically over. This morning there are only nine patients in the emergency hospital, and all these are progressing very favorably. Of these cases practically all are from outside the town.

At a meeting of the Board of Health and the special committee of the Council having charge of the emergency hospital held Monday evening it was decided to hand over the management of this hospital to the Sisters of the Hotel Dieu, and this was done at midnight Monday.

The town of Campbellton is to be congratulated in having a Board of Health and Town Council which had the courage to go strongly in the matter of fighting the epidemic and to the good work done at the outset is responsible for the fact that the epidemic is today so far as the town is concerned practically over.

In the country districts reports say that some new cases are being reported, and a few hospital cases are being sent here.

Although it is confidently thought that the worst is over.

VICTORY LOAN

Restigouche Must Stand to Her Guns—Everyone Must Buy

The Victory Loan campaign is progressing favorably, although at the present writing, with only a little more than a week to run, it looks as if Restigouche has had her limit set for her. That those in charge of the apportioning of the amounts of objectives for the different districts feel a very high opinion of Restigouche's efforts may be seen by the fact that Campbellton's figure of \$375,000 is more than the objective of the entire east portion of Northumberland County which has about three times as many inhabitants, and whereas Chatham which is as large as Campbellton has been asked to raise \$150,000, Campbellton's objective is \$375,000. But the people of Restigouche have earned a name not only for saving her money to every object and giving of her young manhood to the very limit.

It is now up to the residents of this town and country to live up to their reputation and demonstrate that the confidence reposed in them is not misplaced. To do this it means that every citizen must buy bonds, even if only for \$50.00. Let all do their duty.

The returns for the campaign so far are as follows:

District	Sold	Objective
Campbellton	112,750	\$375,000
Dalhousie	28,750	113,000
St. John's	34,350	50,000
Colborne	36,400	65,000
Dalhousie Parish	21,350	12,000
Addington	14,450	17,000

It will be seen that the parish of Dalhousie has passed its objective and will get its honor flag with three stars and Addington has nearly reached its objective.

ZEEBRUGGE WAS STRONGLY FORTIFIED

It is a City of Barbed Wire, Concrete, Steel and Ruins.

Belgian Army Headquarters in Flanders.—When the Germans withdrew hastily from the North Sea shore of Belgium they left behind a series of fortifications all the way from Zeebrugge to Nieuport. The entire shore is one continuous line of redoubts, reinforced concrete dugouts, trenches and barbed wire entanglements with gun pits about every fifty yards. The Germans carried off most of the guns, but they retired so hastily that they had to leave a large number behind.

The German abandonment of the Belgian North Sea was thorough and deliberate in the vicinity of Ostend where they left behind little of their material. The haste of their movement, however, increased from Blankenburg northward.

Zeebrugge is a city of barbed wire, concrete, steel and ruins. From the breakwater to points about a mile inland there are five lines each from four to five rows of barbed wire. There are also dugouts and block-houses, and the beach is completely blocked except for about ten yards on either side where the Germans had sunk two small sloops. The unpaired breakwater remains as proof of the further success of the British foray into Zeebrugge.

THE TOWN COUNCIL OF THE TOWN OF CAMPBELLTON

Gentlemen:

Your committee to whom was referred the matter of request of McLennan Foundry & Machine Works, Ltd., would report as follows:

Whereas according to the reports of a committee appointed by the Town Council, as adopted May 25th, 1911, it was resolved that the McLennan Foundry & Machine Works, Ltd., as then constituted, pay a fixed rate of taxation of \$100.00 per year for school and town purposes for 15 years;

And whereas the works of the said McLennan Foundry & Machine Works, Ltd., have since that date been extended to include a shipbuilding plant within the said town;

And whereas a further application has been made on behalf of the said company to the Finance Committee that its present tax agreement with the Town be extended 15 years from this date and to cover all taxation property of the said company as now constituted and being now constituted; and that a flat rate for water at \$10.00 per year be granted;

And whereas the said application has been referred by a formal meeting of the Council to the Finance Committee for a report thereon, the said committee respectfully submit that the said committee recommend the following:

That the terms of exemption as granted the McLennan Foundry & Machine Works, Ltd., of May 25th, 1911, be extended to include the shipbuilding plant as now being constructed, and that the said shipbuilding plant be exempted from taxation for school and town purposes until the expiration of the original exemption granted, that is, 15 years from May 25th, 1911.

We would also recommend that an agreement be drawn up by the Town Solicitor and submitted to the Town Council for approval.

After considerable discussion it was thought better to lay the report on the table until the next meeting when it was hoped all the Council would be present.

Comm. Champoux said that in the matter of Mr. D. A. Stewart's protest, re exemption of certain stock of the J. & D. A. Harquail Co., Ltd., he would like to have the written opinion of the Town Solicitor on this matter and on motion the solicitor was asked to give his opinion on this.

The Council then adjourned.

WINDING UP K. C. ARMY HUT FUND

Committee Hold Final Meeting and Announce Full Results

The committee which had charge of the Knights of Columbus Military Hut for Restigouche County at \$6226.93. Of this amount Campbellton contributed \$673.70. The various lists will be published in the Graphic.

By contributing this handsome amount the citizens of Restigouche have reason to be proud and the committee are to be congratulated upon the success of the drive.

The committee, collectors and others interested wish to thank all who contributed to the success of the undertaking and the citizens generally for the hearty response to this call after so many others of a like nature.

NEW MANAGEMENT FOR OPERA HOUSE

S. C. Hurley Has Taken Charge for F. G. Spencer—Improvements to be Made

S. C. Hurley representing Mr. F. G. Spencer the well known amusement promoter, who has a circuit of fourteen theatres in the Maritime Provinces, arrived in Campbellton last Thursday last, to take over the management of the Opera House.

Mr. Hurley, has lately been in charge of the Hayden Gibson Theatre, Woodstock, and has been acting manager at different periods in every house on the Spencer Circuit. He is a lecturer of note, and an eloquent speaker of marked ability, and doubtless his management of the local amusement will enhance its entertainment value greatly.

The Opera House will now be able to export the very cream of the picture market and many good things are in store for early presentations. It is expected that the epidemic ban will be lifted next week.

A well-known theatre decorator is expected to arrive in town Monday, when a complete renovation will mark the advent of the new management. The house is now undergoing a thorough process of fumigation and some changes in the electrical department are being made.
