

THE TORONTO WORLD

THURSDAY MORNING, DEC. 20, 1923.

LOCAL NEWS PARAGRAPHS.

It is a settled fact that neither Toronto, nor in fact any part of Ontario, is the proper field for humbugging, lottery schemes, devices, shams, cheap John watches, jewelry, chronos and other speculative and visionary projects.

These plans may catch a few susceptible individuals, and may have a short run of success, but when the time comes, "for come it will," they will find that the public will not be hoodwinked and gilded with impunity.

PETLEY & PETLEY, the reliable clothing dealers, believe in square and honest dealing, where nothing in the sham line prevails, and where can be found goods fully twenty to thirty per cent lower than elsewhere.

Overcoats, Suits and Pants For Men, Boys and Children, at prices guaranteed above below all others. Pay no attention to what others may say or advertise to the contrary, but use your reason, and take our word for it no gift schemes will induce you to ignore the judgment you are endowed with. Money cheerfully refunded on any article purchased and found unsatisfactory.

TESTING ITS MERITS.

So much has been said regarding the wonderful cure made through the aid of the spritzer, the invention of Dr. M. S. Soule, of Paris, France, that it is not surprising that many eminent physicians have been induced to investigate the instrument and also the scientific standing of the International Institute for the Spritzer.

Dr. M. S. Soule, the inventor of the spritzer, is a French physician of high standing and has been practicing his profession for many years.
