to improved railway competition far inland, by which produce is carried stances to Montreal as an ocean ship And it may be claimed, further, re notable improvement in railway facil-nd railway competition is due to the igh-going Canadian Pacific Railway igh-going Canadian Pacific Ra

esident of Burlington, Vt., writes to us the citizens of that place are strong in condemnation of the retaliatory egislapassed by the U.S. Senate, as it would the best interests of that city should the ident carry it into effect. They also fear it would injure the commerce between United States and England.

here can be no doubt that too much gam ig goes on in the smoking-rooms of Atlanmers, but it is much more easy to point the evil than to prevent it. Games of ance or skill can hardly be forbidden altother, and in smoking-rooms very large sums ay be played for without anyone being the iser-but the parties concerned. There is a eat deal of drinking, also, on board ship. Iany hard cases consider an ocean voyage a are opportunity for a debauch, and the officer

f the ship may be powerless to stop them yen though they are nuisances to the other even though they are nunsances to the other bassengers. Detectives and putting offenders in irons might keep order and morality but companies are loth to use such weapons against their customers.

It is a common mistake with civilized governments, and with their commanders in the

iii llong after midnight, and that since he gave updata practice and became a total abstainer he has felt and worked better. I was stainer he has felt and worked better. I was surprised to find that even under the old time regime referred to by Mr. Blake he did to not know better than to attempt work on twisky; it was what might have been gives expected only in a thoughtless young fellow. I suppose that that experience and the read-hat he ing of Dr. B. W. Richardson's Cantor lectures have been the chief causes of Mr. B.'s present views on the scientific aspect of the question. dth ef I wonder if Mr. Blake ever tried the effect on itsitian hard night work of tippling that delightful but be a much misused beverage—tea, and if he found it any less injurious.
Young M. Blake's. I worked for years in the cause of ty of his tectoalism—harder, I think, than Mr. Blake he great now works, and used all the arguments and politics, for so is lace.
