"Pork closed steady at \$11,374 for May, Receipts of hogs have been intre (and of heavy weight), aggregating 151,306, exceeding those of last week nearly 19,000, and over \$5,000 for the corresponding period last year. Several attempts were made to torce a sharp break, but the fact that, not withstanding large receipts, the market holds comparatively firm, proves that there is a big demand from some source. There is undoubtedly a big short interest in the market. We believe in purchases of May pork on any further decline."
