Fifteen Petitions and Four Cross-Petition Filed Yesterday. Testerday was another big day for protests, the Conservatives being especially active in ap-pealing to the courts. It will be observed that wherever two or three protests gather together Haldimand is in the midst of them.

BURGLARS' TOOLS. A Kit Found That Can Open Any Bankers'

Over one hundred tools and proce which are marvels of ingenuity and scientific which are marvels of ingenuity and scientific knowledge have been invented by safe burglars, says an American contemporary. A recent burglars' outfit captured by the detectives consisted of "a little giant knob breaker, diamond and Morse drills, steel punches, sledge, chisels, etc.," and a high explosive of the nature of dynamite, put up in the form of powder. It would open the strongest bank safe made in half an hour, and without noise enough to disturt people and without noise enough to disturb per in the same building, while the entire ou all de carried in a small valise. From the ove it would seem that the wily burglar tends to keep abreast with the times.

The Human Body Affected by Atmos pheric Changes, It is believed by many scientists that the electrical conditions of the atmosphere have a considerable effect upon the human body. Many persons are seriously affected during a many persons are seriously anected during a thunderstorm under circumstances that pre-clude the supposition that the effects are owing to fear. There are many persons that can predict a storm by a peculiar physical condition. Probably much of the influence of certain winds upon the system is owing to

of certain winds upon the system is owing to this cause.

It is an acknowledged fact that broken down and debilitated systems are easily and often most seriously affected by electrical atmospheric changes. T ese varied changes and conditions of atmosphere at this season are particularly fraught with difficulty and danger to those who suffer from nervous debility, a tired, wearied feeling, a clouded brain sensation, restless and disturbed sleep, a languid feeling, a morose disposition, melancholia and feelings of morbidness. All of these characteristics are to be dreaded; they are symptoms which lead to terrible and direful results, unless promptly attended to. The genius and science of man has fortunately come to the Tescue of suffering humanity with that wonderful preparation, Paine's Celery Compound. It is no simple tonic, causing exhilaration at the moment it is used, without after effects. It is a true brain and nerve food, gives strength and vitality to all parts of the system and builds hip a body with vigor to resist the various forms of disease which lurk around. Paine's Celery Compound has always been successful when physicians have failed; it has given life and strength to the weak and long years to the hopeless and despairing one. life and strength to the weak and long years to the hopeless and despairing one.

The residence of ex.Ald. Elliott was burned to the ground Sunday evening through the explosion of a coal oil lamp. At the same hour a mile or so of underbrush on the north side of Danforth-road was ablaze and the volunteer fire brigade were desperately fighting to save adjacent houses. Thus employed the brigade did not reach Mr. Elliott's house until the fire was beyond control. Nearly all the household goods and a box containing \$40 in bills were destroyed, and the loss amounts to \$1400 with an insurance of \$700.

Early Sunday morning Dr. Britton was aroused by the screams of his sister in an upper room and found that a man had elambered up the baleony and sought to force an entrance at the window. The housebreaker escaped, and Constable Tidsberry, who lives near by, was aroused and found a man lying flat on the ground, whom he arrested. As Dr. Britton or his sister ould not identify him as the intruder D. J. Stephenson, J.P., discharged him yesterday.

Yesterday's Police Court.

John Campbell pleaded not guilty to the charge of selling tainted meat and the case was held entered to be a contained to the contai Little York Events.

John Campbell pleaded not guilty to the charge of selling tainted meat and the case was held over. Thomas Fleming was remanded on the charge of assaulting Rev. A. H. Ranton of Rapid City and several vagrants were fined. Robert Collins, William Turner, Margaret Turner and James Hance were fined for disorderly conduct. Netlie Napoli, convicted of keeping a disorderly house in Elizabeth-street, will appear for sentence when called upon and frequenters John Beresford and William Quinn were sent to jail for a month, while inmates Lizzie Failon and Bessie McAllister were fined \$1. Ambrose Collins was sent to jail for 60 days for defrauding Rev. B. A. Elzas. The boys charged with pigeon stealing were remanded on parents' bail.

In aid of the Sisters of the Good Shepherd was the concert in the Auditorium last night. There was a good-sized audience and a capital prothe concert in the Auditorium last night. There was a good-sized audience and a capital program. Mr. Freder's orchestra gave anumber of choice selections. Mr. Fr. d A. Bain sang "Up to Date." Miss Mabel Gardner gave "To-morrow Will Do." Miss Walsh's singing of "Waiting" earned her a recall. A feature of the program was the song "Day Dreams" by Mrs. W. J. Obernier, with cello obligato by Herr Franz Wagner. The Misses Walsh and Messrs. Parr and Chambers sang a quartet, "Good night." The comic songs of Messrs. W. E. Ramsey and Harry W. Rich were rapturously received, both gentlemen gaining repeated encores.

as for example: 108 King-street west, Toronto, Ont., "I was persuaded through a friend of mine to try some St. Jacobs Oil on an old running sore on my father's leg and have found it a splendid medicine. It is wonderful the way it healed up his leg." A. D. Tingley.

The Pavement Fight Begins.

The Court of Revision, Ald. Hewitt in the chair, listened to a lengthy argument yesterday, presented by Mr. John Ross Robertson, on the special advantages of the Warren-Scharfe asphalt pavement as compared with any other. He strongly opposed the granting of the asphalting of Meilads and Jordan-streets to any other company. The court seemed to agree with him, and the Engineer will be consulted. Jak. Kerr, Q.C., successfully protested against certain assessments, as a portion of the property assessed was outside the limits of the city. Ex-Ald. Booth was given a vacancy allowance on last year
