Street Cars From St. Lawrence Hall to Union Station.

The business men around St. Lawrence all, men like Swan Bros., Thomas Thompson John Holderness (Albion), Henry Lemon (Clyde), Steele Bros., J. & A. Simmers and dozens of others, have, a substantial com-plaint against the present street railway ar-rangement. Formerly five lines running direct to and from the Union Station passed their doors, viz., Parliament, Winchester, Sherbourpe, Broadview and King. Now there is not one direct line over this route. Visitors who land at the Union Station and who desire to go to any of the business houses at St. Lawrence Hall have to get transfers. The business men in question in-tend to ask the council to order at least two lines to run over the old routes.

Ald. Lynd objected to the location of the west end city stables on the corner of King and Dufferin-streets, but as the Executive had no jurisdiction argument was postponed until the question came up before the council Monday evening.

The Mongolian for Liverpool.

This favorite steamer, which was to have sailed from Montreal on the 3rd, was detained owing to the ice blockade in the river. Everything is all clear now and the Mongo-lian will sail from Montreal on Tuesday at daylight. She will carry first cabin pas-sengers only, and as the rooms are all on the upper deck they are very desirable.

The application for the Feiesse of the Dowager Duchess was made on the ground of ill-health. In his decision, declining to interfere, Sir Francis Jeune holds that the matter is one pertaining to the jurisdiction of the Home Secretary.

Trade Dull in Canada,

In the Canadian Dominion the unfavorable weather has exercised an influence similar to that noted in the United States and considerably reduced the general volume of trade in nearly all lines. Montreal, however, hopes for an early improvement in business due to the opening of navigation.

The Province of Ontario anticipates participating in the reopening of the export trade from the Dominion by shipping cattle abroad unless the embargo interferes, Country collections are generally very backward.

try collections are generally very backward.

Trade in Newfoundland is dull, but the seal fishery has turned out better than expected. Bank clearings at Hamilton, Toronto, Montreal and Halifax aggregate \$17,650,000, 11 per cent, more than last week, but 10 per cent, less than in the like week last year. There are 20 failures reported from the Canadian Dominion this week, against 35 last week and 41 in the like week last year.
