LAMARTINE ON THE RUSSIAN

Armenians, Circassians, Druses, and Maronies; and then add to that the twenty five millions of Psrians, who already tremble be.

New York Park, Mr. Wm. B. Carpenter will be 130 millions of men in one despotic hand to oppose 120 millions of others!—

What becomes of the Black Sea, that lake of Europe and of Asia? It becomes the great stock of Russia, in which her fleets will be constructed in silence, until such time as we to get it? (Excitemen.) Shall we go these innumerable sails will debouch by the

What will become of the Dannbe, which, after having been flowed along freely for 600 get it? If there is no other way, we must leagues across Germany, will be enchained go and take it from where it is stored upfor it would be a shame for American cut. It was certainly a bold advenure, after having been flowed along freely for 600 get it? If there is no other way, we must leagues across Germany, will be enchained go and take it from where it is stored upfor it would be a shame for American cut. It was certainly a bold advenure, by the Government with a steam gun capable of throwing a ball of a ton weight a dist for the wing the present polarity of the Second Division as it advanced to the attack. Sir Richard may or may not be a man of the highest genius and courage, but how is it possible to save and which for the East? What will become of the Adiantic, in which Austria was commencing to exercise herself by navigation and commerce by Trieste and Venice, and which Dalmain, Epirus, and Albania, henceformence by Trieste and Venice, and which and excitement). Let us take counsel together, and do something to better our condition. Loud appliause and Russian, will close up like a second. Maria Russian, will close up like a second Black Sea to the Austrian flag? What becomes of Constantinople, that Hansonic capital, situated on two continents, on the shore of three seas, and of two straits, common doors, of which the keys ought to be in neutral, friendly, or independent hands? Constantinople, and French cruisers. A San Francisco paper stantinople becomes a Moscow of the Bos-phorus, of which the Kernlin, built on the It is understood that the Russian ship phorus, of which the Kernin, built on the Ramschatka, which now lies in our harbour, the military system.

of maritime France on that sea, where she possesses neither Malta, Gibraltar, nor Corta:

Maritime France becomes the subaltern vess, sel of the naval power preponderating in these seas. England; or she becomes the subaltern vess, land has not left the vicinity of San Francisco, the matter of the insults of Russin, even in here ports. When Russian is in the Digdanelles the Russian frontier is at Marielles and Toulon. What becomes of Germany? Altered by the counter of the first of the counterpoise of Turkey, Gertmany becomes a verity stiffer the annihilation of Constanting by the Rhine, thought of by Bonaparte, becomes a verity ster the annihilation of Constanting by the Russian diplomacy or intervention, which she leaves the harbour she will follow that if she leaves the harbour she will follow the Rhine, thought of by Bonaparte, becomes a verity ster the annihilation of Constanting by the Russian diplomacy or step the content of the fortifications with a piece of cannon, drawn by men: he has it placed in bartered with the fortifications with a piece of cannon, drawn by men: he has it placed in bartered with the fortifications with a piece of cannon, drawn by men: he has it placed in bartered with the fortifications with a piece of cannon, drawn by men: he has it placed in bartered with the fortifications with a piece of cannon, drawn by men: he has it placed in bartered with the fortifications with a piece of cannon, drawn by men: he has it placed in bartered with the fortifications with a piece of cannon, drawn by men: he has it placed in bartered with the fortifications with a piece of cannon, drawn by men: he has it placed in bartiles and will restrain as long as the Czar felt touch and the fortifications with a piece of cannon, drawn by men: he has it placed in bartiles and will restrain as long as the Czar felt touch could still restrain as long as the Czar felt touch could still restrain as long as the Czar felt touch could still restrain as long as the Czar felt touch could still restrain as long as the stantinople by the Czar; Germany, great and small, becomes a confederation of the Danube against France. At that price Russia preserves a slice of Poland, and the Rhenselves in the provinces; at that price Austria preserves a slice of Poland, and the Rhenselves in the provinces; at that price Austria preserves Italy, and if Italy palgitates at the voice of France, a new Suwarrow descends from Illyria into her plains with 200,000 timestal France cannot make a movement on her frontiers without meeting Germany, the
