## Scientific and Useful.

**SWEET PICKLED GRAPES.**—Press the pulp from the grapes, then boil and sift; mix sifted pulp and skins, and add half the weight of sugar. To two quarts of grapes, put one tablespoonful each of cinnamon, cloves and allspice. Cover with vinegar, and cook slowly three or four hours.

**IN THE PANTRY.**—One of the nicest contrivances for keeping knives, forks and table-spoons in, is a pocket tacked on the pantry door. Make this of enamel cloth, and line with red canton flannel, stitching small divisions to fit each article. The canton flannel will absorb all moisture that may be left on these articles.

**CINNAMON JELLY CAKE.**—One tablespoon butter, one cup sugar, two-thirds cup sweet milk, two eggs, one teaspoon cream tartar, half-teaspoonful soda, two cups flour. For the jelly, use the yolks of the eggs (or one egg for the cake, and one for the jelly), two tablespoons sugar, and one level teaspoon cinnamon. Put the jelly between the layers and on top.

FOR house cleaning, there is nothing to compare with **JAMES PYLE'S PEARLINE.** It does the work in half the time without soap or anything else. Sold by all grocers, but beware of counterfeits.

**A GOOD WAY TO USE COLD MEAT.**—Take the remnants of any fresh roasted meat and cut in thin slices. Lay them in a dish with a little plain boiled macaroni, if you have it, and season thoroughly with pepper, salt, and a little walnut catsup. Fill a deep dish half full; add a very little fine chopped onion, and pour over half a can of tomatoes or tomatoes sliced, having previously saturated the meat with stock or gravy. Cover with a thick crust of mashed potato, and bake till this is brown in a not too hot oven, but neither let it be too slow.

**LOST!**—How many people of both sexes are suffering from lost vitality, all broken down, and on the verge of consumption that might be restored, as many have been when given up to die, if they would use **Burdock Blood Bitters**, which restores lost vitality and gives new vigour to the debilitated system.

**BOSTON TOMATO SOUP.**—Take one quart tomatoes, one pint hot water, one tablespoonful salt, four cloves, four pepper-corns, one tablespoonful chopped onion, one tablespoonful chopped parsley, one tablespoonful butter, two tablespoonfuls flour. This soup is made without stock. The tomatoes are first put on with hot water, the sugar, salt, cloves, pepper-corns and onion, and let it stew till all is soft enough to strain. It will require from fifteen minutes to half an hour. A little sugar is always an improvement in tomato soup, not to give it a sweet taste, but to modify the acidity of the vegetable. Add the parsley to the soup; Pat the flour and butter together as for white sauce; add to the soup; let it cook a moment, strain and serve. Cornstarch may be used for thickening in place of flour, taking but half the quantity of flour specified. Strain into a hot tureen.

**HONESTY THE BEST POLICY.**—An honest medicine is the noblest work of man, and we can assure our readers that **Dr. Fowler's Extract of Wild Strawberry** is not only reliable, but is almost infallible to cure Cholera Morbus, Dysentery, Canker of the stomach and bowels, and the various Summer Complaints, whose attacks are often sudden and fatal.

**NEURALGIC HEADACHE OF WOMEN.**—The *Lancet* remarks: The increased, and apparently increasing, frequency of neuralgic headache among women must needs have a cause. There is one of singular simplicity and quite obvious which has been overlooked, and to which it is worth while to draw attention: The pain experienced is generally located in one or more of the branches of the second cervical nerve, very commonly those terminating in the scalp at the occiput. As a matter of fact the nerves of the scalp are irritated by the hair being drawn tightly back and put on the strain, not as a whole, in which case the strain would be spread over a large area of the surface, but by small bundles of hair which are pulled back and held in place by hairpins. Relief is often consciously experienced as a result of removing the hairpins, but this has only a temporary and partial effect. The injury done is lasting in its consequences. The present style of dressing the hair should be discontinued, as it probably, in part, at least, accounts for the extreme prevalence of a form of suffering which is both intractable and distressing.

**Scott's Emulsion of Pure COD LIVER OIL, WITH HYPOPHOSPHITES.**  
Most Valuable for Consumption and Debility.  
**Dr. N. C. REED**, of Columbus, O., says: "I have used your Emulsion in all cases requiring the Cod Liver Oil and Hypophosphites, and do not hesitate to pronounce it the best yet brought before the public—especially useful in consumption and debilitated conditions."

## Advertising Cheats!!!

"It has become so common to begin an article, in an elegant, interesting style, 'Thou run it into some advertisement, that we avoid all such, and simply call attention to the merits of Hop Bitters in as plain, honest terms as possible, 'To induce people 'To give them one trial, which so proves their value that they will never use anything else.'"

"THE REMEDY so favourably noticed in all the papers, Religious and secular, is 'Having a large sale, and is supplanting all other medicines. 'There is no denying the virtues of the Hop plant, and the proprietors of Hop Bitters have shown great shrewdness and ability. 'In compounding a medicine whose virtues are so palpable to every one's observation."

### Did She Die? 21/52

"No? 'She lingered and suffered along, pining away all the time for years.' 'The doctors doing her no good;' 'And at last was cured by this Hop Bitters the papers say so much about.' 'Indeed! Indeed!' 'How thankful we should be for that medicine.'"

### A Daughter's Misery.

"Eleven years our daughter suffered on a bed of misery 'From a complication of kidney, liver, rheumatic trouble and nervous debility, 'Under the care of the best physicians, 'Who gave her disease various names, 'But no relief, 'And now, she is restored to us in good health by as simple a remedy as Hop Bitters, that we had shunned for years before using it.' THE PARENTS."

None genuine without a bunch of green Hops on the white label. Shun all the vile, poisonous stuff with "Hop" or "Hops" in their name.
