N. WASHINGTON, M.D., L.C.P.S.O. and T.L.S., Eminent Throat and Lung Surgeon.

has opened a permanent office in Toronto. He has been unable to open his city office until now, owing to his large practice throughout the Dominion, but having secured competent assistants, will enable him to devote his time in the future (very largely) to his specialty. DR. WASHINGTON graduated in 1872 at V.C. College with honors. Also passed the examinations of the College of Physicians and Surgeons the same year. 1881 and 1883 visited the best colleges in America, taking a special Polyclinic course of Diseases of the Throat and Lungs. Since has devoted his whole to this specialty. The success of his "New Method of Cold Inhalation," by which "Cold Medicated Vapour" is conveyed directly to the seat of disease, is almost marvellous.

DISEASES TREATED: Catarrh, Catarrhal Deafness, Chronic Bronchitis, Asthma, Consumption, Loss of Voice, Sore Throat, Enlarged Tonsils from the Throat, Growths or Polypi from the Nose, etc., without the knife.

READ TESTIMONIAL: W. H. Storey, glove manufacturer of Acton, also President of the Manufacturers Association of the Dominion, cured of Obsolete Catarrh.

DEAR SIR, I am repeatedly asked, orally and by letter, as to your treatment for Catarrh (owing to my having been cured by you two years ago) and as to the permanency of the cure. To all such enquirers I feel pleased to say that you cured me of the most stubborn case of Catarrh, after I had been treated by several physicians on note without any beneficial results. I am entirely well and have been so ever since, and I cannot do less than tender you my gratitude for what you have accomplished in my case, and hope you may be the means of benefiting others. With kind regards, I am, yours truly, W. H. STOREY.

It Made Mother Strong

"My mother has been using PAINE'S CELERY COMPOUND for nervous prostration, accompanied by melancholia, etc., and it has done her a world of good. It is the only medicine that strengthens the nerves." G. H. BEERS, Orbisonia, Pa.

"I am in my 64th year. Have been afflicted in several ways—could not sleep, had no appetite, no courage, low spirits. I commenced using Paine's Celery Compound, and felt relief from the third day after using it. I now have a good appetite and can sleep well. My spirits and courage are almost like those of a young man." S. C. KINKAID, D. D., Gonzales, La.

CATARRH. A New Home Treatment for the Cure of Catarrh, Catarrhal Deafness, and Hay Fever.

The microscope has proved that these diseases are contagious, and that they are due to the presence of living parasites in the lining membrane of the upper air passages and eustachian tubes. The eminent scientists—Tyndall, Huxley and Beale—endorse this, and these authorities cannot be disputed. The regular method of treating these diseases is to apply an irritant remedy weekly and even daily, thus keeping the delicate membrane in a constant state of irritation, accompanied by violent sneezing, allowing it no chance to heal and as a natural consequence of such treatment not one permanent cure has ever been recorded. It is an absolute fact that these diseases cannot be cured by an application made oftener than once in two weeks, for the membrane must get a chance to heal before any application is repeated. It is now seven years since Mr. Dixon discovered the parasite in catarrh and formulated his new treatment, and since then his remedy has become a household word in every country where the English language is spoken. Cures effected by him seven years ago are cures still, there having been no return of the disease. So high are these remedies valued, and so great is the demand for them, that ignorant imitators have started up everywhere, pretending to destroy a parasite—of which they know nothing—by remedies the results of the application of which they are equally ignorant. Mr. Dixon's remedy is applied only once in two weeks, and from one to three applications effect a permanent cure in the most aggravated cases. N.B.—For catarrhal troubles peculiar to females this remedy is a specific. Mr. Dixon sends a pamphlet describing his new treatment on the receipt of ten cents in stamps. The address is A. H. Dixon & Son, 303 King Street West, Toronto, Canada.—Scientific American.

Sufferers from catarrhal troubles should carefully read the above.
