

The Charter Oak Stoves.

For Soft Coal Burning.

A new and valuable feature in these Stoves, and one to which we desire to call especial attention is the Wire Gauze or Perforated Tin Oven Door by the use of which a current of air passes into and through the oven during the process of baking and imparts to bread a sweeter taste and to meats the flavor produced by the old style of roasting before an open fire and the shrinkage of meats, poultry etc., so cooked is found to be very much less than the old method.

Economy of Fuel is another important consideration in the Charter Oak, which we claim in addition to its many peculiar advantages.

Satisfaction guaranteed in every case.

A VOICE FROM THE CLERGY FOR PUTTNER'S EMULSION.

Pugwash, N. S., Feb 10, 1882.

DEAR SIR,—I take this opportunity of congratulating you upon the widespread reputation your justly-esteemed Emulsion of Cod Liver Oil has earned for itself throughout this extensive country. As a remedy of general utility in the household, it is inestimable, and in cases of over-taxation of mental or physical labor, to which the clergy are exposed in the ordinary performance of their parochial work, no one can have an idea of its efficacy before giving it a trial.

Suffering from extreme debility for a length of time, after trying a number of other remedies, I was induced, through persuasion of my clerical brethren, to try one bottle of your Emulsion. Its controlling power was so surprising that I continued its use as prescribed for a few weeks, and am now enabled to undertake and go through as long journeys with almost as little inconvenience as I experienced when I entered upon ministerial duty, thirty-five years ago. Being thus fully convinced that sufferers from exhaustion, brain weakness, or rheumatic attacks will gain speedy relief from the use of your Cod Liver Oil Compound, I feel it a duty to make known to such its remediable effect upon the system.

I am, dear Sir, yours resp'y

LOSS OF VOICE AND CONSUMPTION CURED.

Fredericton, June 19, 1884.

DR. WASHINGTON—

I dear Sir, I write you under feelings of intense gratitude for your Spirometer and other instruments and medicines, which have entirely restored me to blooming health. I was given up to die of consumption, and, in fact, had no hope of ever recovering myself. Lost my voice for fifteen months. All the symptoms of consumption present—so much so, indeed, that our family physician and others gave me up to die. The change of treatment came in time to save my life, and it is for the benefit of others who are afflicted as I was that my name is allowed to appear in public print. I can heartily recommend the treatment to all who wish to be saved from the grave.

MISS JEANETTE BEVERLY.

CONSUMPTION ARRESTED.

H. G. WILSON, 125 Granville Street, HALIFAX, N. S., June 24th, 1885.

To DR. WASHINGTON, Throat and Lung Surgeon, Parlor 73, International Hotel:

Dear Sir,—Having been troubled with weak lungs and hemorrhage for some time with every indication of speedy consumption, concluded to try your "INHALATION TREATMENT" with the most flattering results. In fact to-day I am attending to my general business without noticing my former weaknesses, or that my lungs were ever effected. Your treatment cannot be too highly recommended. H. G. WILSON.

CONSUMPTION CURED.

Gaspereaux, P. O. N. S.

DR. WASHINGTON—

I dear Sir,—I was given up to die by several physicians of Halifax and elsewhere. I was falling fast, could not walk up-stairs without getting out of breath, had cough, raising large quantities of matter, night sweats, etc. After taking your treatment for a month and a half, I gained 21 lbs., and since then have gained 15 lbs. increasing in general weight from 145 to 190 lbs. My recovery has been a very great surprise to physicians and friends, who seem unable to believe that such a wonderful cure has been effected. Accept my many thanks.

LOWDEN BENJAMIN.

ANOTHER REMARKABLE TESTIMONY. CONSUMPTION CURED IN THE LAST STAGE.

CAPTAIN WILLIAM SALTER,
No. 27 Granville Street, Halifax, N. S.
N. WASHINGTON, M. D., Throat and Lung Specialist, Toronto.

Dear Sir,—When you visited me in the latter part of January, I had been given up to die of consumption by a consultation of Physicians, who considered that my recovery was simply impossible. I had no hope myself, nor had my family. When you expressed a hope of my recovery, it was received with a good deal of doubt. Confined to my bed, very low, weak, wasted, night sweats very bad, troublesome cough, raising large quantities of matter in fact every appearance of a speedy death. After using your Respirator and Spirometer, and medicines, I began to recover very fast, so much so that during three hard winter months I have gained from 20 to 25 lbs., and was able to walk out on Easter Sunday. My strength is daily increasing, and I shall be able soon to be at work. To you I owe a deep sense of gratitude, and am anxious for others who are suffering as I was to consult you. You can make what use of this letter you see fit, and thanking you for what I consider a most wonderful treatment. I remain yours truly,
CAPT. W. SALTER.
