THE HOOVER MANUF'G. CO. LTD. WINNIPEG.

What is known as the Pure Food bill has passed the lower house of congress in the United States. In brief the bill provides for the exclusion of any article of food that is adulterated or misbranded, and contains provisions that such articles may be taken and condemned and persons having adulterated goods in their possession may be fined and imprisoned. Among our callers this week from outside points was Jacob J. Heinrichs, who carries on a general business at Oler, Saskatchewan. Mr. Heinrichs is also postmaster at that point. He is one of the finest men of the place, and speaks with considerable pride of its growth and prospects. The town has now five stores and several other business establishments. Oler is one of the towns on the Prince Albert branch of the C. P. R.
