

ARTICLE 6

The JCCC shall set up the appropriate working mechanisms, including working groups, to support its work to implement this Agreement and to address in particular the following aspects:

- (a) identifying any regulatory or legislative changes required to implement this Agreement;
- (b) identifying and establishing measures to enhance information exchange mechanisms;
- (c) identifying and establishing best practices, including best practices for the harmonization of advance electronic cargo information requirements with international standards on inbound, outbound and transit shipments;
- (d) defining and establishing risk analysis standards for the information required to identify high-risk shipments imported into, transhipped through, or transiting Canada and the European Union;
- (e) defining and establishing measures to harmonize risk assessment standards;
- (f) defining minimum control standards and methods by which those standards may be met;
- (g) improving and establishing standards for trade partnership programmes designed to improve supply-chain security and facilitate the movement of legitimate trade;
- (h) defining and carrying out concrete steps to establish mutual recognition of risk management techniques, risk standards, security controls and trade partnership programmes including equivalent trade facilitation measures.
