

A new Stone Church is about to be commenced at Valcartier, towards which the Society has made a conditional grant.

GASPE DISTRICT ASSOCIATION.

Difficulties arising from the distances of the Clergy from each other have hitherto prevented the organization of this Association. The returns are more favorable than those of last year. The people of Sandy Beach have raised about £80 towards the completion of their Church, and £8 towards the Parsonage House. They have also purchased a set of Communion Plate. The Mission is much indebted to the kind liberality of the Rev. E. Cusack, for the sum of £24 6s. 8d., sent out from England for its benefit. Of this sum, £15 has been expended in the purchase of a glebe. Towards the new Church at Mal Baie, about £10 has been contributed by friends in the Island of Jersey. A lady of the same place has also made a liberal donation to that Church, of a handsome Altar Cloth and set of Communion Plate. In the Mission of Gaspé Basin, £156 have been collected for local purposes. Its Churches have been completed, and its Parsonage House is progressing.

THE OFFICERS OF THE SOCIETY.

Your Board has to report under this head, the removal from the Diocese, of the Rev. W. Wickes, M. A., the zealous Secretary and Travelling Agent of the Society. That gentleman resigned his appointment much to the regret of your Board, in October last, at which time the Rev. Dr. Adamson was elected to succeed him.
