CANADA.

Mr. Wilde, of Magnetawan, Ont., is taking out waney timber in the vicinity of Spence.

The steamship Adria has been chartered to take shooks, etc., from St. John, N. B., to Bermuda.

John W. Byrne, of Sussex, N. B., is cutting about 1,500,000 feet of lumber for Geo. G. Scovil, M.P.P.

Reports from England still continue cheerful. The demand is good and the prices correspondingly so.

Mr. D. C. Fraser, M.P., reports that the output of lumber in Nova Scotia this season will be fifty million teet.

The City Surveyor of Montreal has been instructed to advertise for tenders for the annual supply of lumber.

Stetson, Cutler & Co., of St. John, N. B., are reported to have place 1 an order with Maine manufacturers for 8,000,000 feet of deals for export.

About twenty million teet of lumber have been shipped from St. John to Great Britain since the 1st of December, while there is over fifteen million feet still available for shopment.

Two timber perths were sold at Fredericton, N. B., last week as follows Two miles on Bartholemew river, Alex. Gibson, \$130 per mile, too miles on the Northwest Nackawick, Charles E. Palmer, at upset price.

Sutherland, Innes & Co., of Chatham, Ont., have sold 1,500,000 feet of white pine lumber to D. S. Pate & Co., of Chicago. The lumber is piled at Munising, Mich., and will be shipped upon the opening of navigation.

The cut of lumber for shipment from Shediac and Baie Verte and from West Bay, N. B., this year will probably be smaller than last season, as the rotary mills have got a large portion of the timber cleaned up.

On account of the firmness of spruce deals in the English markets, this article has advanced considerably on this side, and local dealers are experiencing con-siderable difficulty in getting consumers to follow the advance.

Considerable quantities of spruce deals are being sent forward from the vicinity of Danville and Kingsey, Que, on the line of the G. T. R., via Portland, to the United Kingdom. These are chiefly carried by the Thomson and Elder Dempster lines of steamships.

Dobell, Beckett & Co., of Quebec, have purchased the entire cut of spruce deals and lumber of B. A. Scott's large mill at Roberval, Que. These deals will be railed to Quebec by the Lake St. John Railway, for export to the United Kingdom during the coming summer.

The assets of Messrs. Joseph Robert & Sons, Montreal, Que., are offered for sale by tender by the curator, A. W. Steven-son. The stock consists of 720,000 feet of red and white pine lumber, scantlings and laths, a quantity of hemlock, birch, maple, elm, etc., assorted mouldings, etc.

Large quantities of oak, elm, walnut and birch are daily arriving at Hadlow Cove, Que., where they are piled until the opening of navigation. Messrs. Dobell, Beckett & Co. and W. & J. Sharples are the principal consignees. Some of the wood is said to have been railed all the way from West Virginia and Ohio.

The city of Hamilton received the fol-

lowing tenders for the annual supply of lumber: M. Brennan & Sons, Hamilton, number: M. Brennan & Sons, Hamilton, uncut, \$12.15 per thousand feet, cut \$12.50, cedar posts 6½ cents each; Reid Company, Toronto, uncut lumber, \$12.29, cut \$12.44, posts 7½ cents. The Board of Works has recommended that the tender of the Reid Company be accepted.
