## SURTAX ON GERMAN GOODS

articles manufactured in a British country, but the chief value of which was produced in Germany, cannot be included in the list of goods admitted to entry under the British preferential tariff in Canada.

"In order to carry out the provisions of the act, the British Board of Customs and Excise, in the goods of Germany coming to Canada from the United Kingdom, Germany and other countries, it is found necessary that an additional certificate be made and subscribed on all invoices of goods for entry under the preferential tariff in Canada, and also on invoices of other goods exported to Canada from British and all other countries.

It is therefore ordered that invoices of goods imported into Canada shall further certify and signed by exporters in all countries in one of the following forms, as hereinafter prescribed, viz:

Further certificate from exporters in countries prescribed to be written, and stamped on all invoices of goods for entry under the preferential tariff in Canada, and to be subscribed by the persons hereinafter authorized to make and sign "preferential" certificates:

"I, the undersigned, hereby certify that the goods of Germany, the value of which is stated in the invoice, are the produce of Germany, and are not the produce of any other country."

Here is an Exception. Further certificate from exporters (in all countries) prescribed to be written, and stamped on all invoices of goods for entry under the preferential tariff in Canada, and to be subscribed by the persons hereinafter authorized to make and sign "preferential" certificates:

"I, the undersigned, hereby certify that the goods of Germany, the value of which is stated in the invoice, are the produce of Germany, and are not the produce of any other country."

## Lord's Day Alliance Don't Approve of Having Museum Open on Sundays.

REV. E. A. HENRY CLIMBS DOWN

Hamilton, April 30.—The Lord's Day Alliance is after the Parks Board for allowing the museum in the Dundurn Park to be opened on Sundays. At the annual meeting of the local branch of the alliance to-night the action of the board was severely condemned.

The president, John E. Brown, said he understood that no one was required to work, but that did not remove the objection. The officers of the alliance are going to look up the law on the subject, and will make every effort to have the museum closed. The attendance was rather small. Rev. T. Albert Moore, field secretary, made a report of the work done in the province. These officers were elected: John E. Brown, president; R. L. Whyte, W. A. Robinson, A. J. McKenney, vice-presidents, and Rev. J. Martin, secretary-treasurer. The local branch raised over \$300 during the year.

What a Sock-Soxial. The members of Hamilton Lodge, No. 1,000, gave a "sock-Soxial" to the members of the lodge this evening. Each one who attended was supplied with a sock, which they were to wear with the money. The money will be devoted to Wallace Orange Home Fund.

Some socks and Annie Thompson was sent to jail for three months by the police magistrate for keeping a disorderly house. She was not given the option of paying a fine. A largely signed petition on her behalf was forwarded to the magistrate. The police magistrate was asked for his report on the petition, but he sees no reason why the prisoner should be released.

Must Come to Time. The License Commissioners have adopted drastic measures to time to-morrow, when the licenses are issued. These four will be: William D. Selinger, M. O'Neill, corner of Hunter and John-street; John Murphy, Modjeska House, Samuel Wilson, York Hotel. Also given plenty of warning, the commissioners say that

tion government. After examination, he pronounced it a mountain slide, and the idea of volcanic or other causes was rejected. Mr. Pearce, who had been with local Citizens' Committee, and will undertake, on the part of the government, to clear the river bed of obstructions, to prevent floods, and to save further destruction of life and property.

John Leonard, reported yesterday as dead, has been found alive. This makes dead 22, two bodies taken from the ruins to-day make a total of nine recovered.

Engineer McHenry of the C. P. R. is here to direct the survey of the new line, and the work of rebuilding is expected to start soon. The cable communication to the east, which was interrupted, was restored to-day.

## DISASTER BEFORE PARLIAMENT.

Alberta's Representative Thinks False Reports Were Circulated.

Ottawa, April 30.—(Special).—The Frank disaster was called to the attention of the House this afternoon. Mr. Frank (Alberta) said that reliable rumors of earthquakes and volcanic eruptions at Frank had been circulating during the past 24 hours. Apparently those rumors were unfounded. The loss of life had not been immense. The person responsible for the circulation of the rumors should be punished. He asked the government to find out the culprit.

While the rumors first circulated were exaggerated, yet serious loss of life and property had occurred. That warranted a thorough investigation. Apparently a landslide had occurred. The British Board of Customs and Excise, in the goods of Germany coming to Canada from the United Kingdom, Germany and other countries, it is found necessary that an additional certificate be made and subscribed on all invoices of goods for entry under the preferential tariff in Canada, and also on invoices of other goods exported to Canada from British and all other countries.

Mr. St. John Says Increment Could Be Utilized and the Forests Preserved.

SNAPPY DEBATE IN LEGISLATURE

Law Respecting Public Libraries Provokes Criticism of the Present System.

Hon. E. J. Davis' administration of the Crown Lands of the Province came in for a searching criticism by Mr. St. John, member for West York, in the legislature yesterday, the question being brought up on the motion to go into supply. Mr. St. John was well-armed with material extracted from the reports of the various branches of the department, and he charged that the forest preserves were being wasted by an unsystematic policy, which was an over-consumption of the timber.

The second reading was carried. Mr. Harcourt explained that the purpose of the bill was to give representation on the Educational Council to the Board of Education. The bill was introduced by Mr. Harcourt, and it was explained that the purpose of the bill was to give representation on the Educational Council to the Board of Education.

Mr. Harcourt's bill to amend the Public Libraries Act was given its second reading yesterday. The bill was introduced by Mr. Harcourt, and it was explained that the purpose of the bill was to give representation on the Educational Council to the Board of Education.

## HEINTZMAN & CO. PIANO

Will you be satisfied with an ordinary piano? Or would you prefer one that has become famous because of its individual beauty in tone and appearance? The HEINTZMAN & CO. PIANO

has been, for the last 50 years, the choice of the distinguished musical artists who have visited Canada.

The latest illustration of this fact is the exclusive choice of this instrument by the illustrious Sir Arthur Campbell Mackenzie, for use in his great Cycle of Musical Festivals throughout Canada.
