CITY HALL NOTES

The Free Press rushes to the defense of Mayor Wilson, and says The Advertiser is unfair in charging him with responsibility for the awful mess at the city hall. The truth of the matter is that if there had been decent financial management and a firm hand and competent head over the city council last year there would have been no need for the outrageous rate of taxation this year. Last year's council not only spent too much money, but did not spend it well, as the condition of the streets shows. The management of the board of works was wasteful in the extreme. It is true the govern-ment's new revenue bill means a loss of \$10,000 to the city in taxes, but this is only five-eighths of a mill on the dol-lar, and the present council have saved that much by appropriating no money for plank sidewalks. If they had not last year's debts to pay the rate for 1899 could have been brought below 22 The council and the school board last year ran behind about 18,-000, or a mill and a quarter on the rate, and this has to be made up now. Of this sum the council of 1898 is responsible for \$14,000, or about a mill on this year's rate. We repeat that a good business head would have prevented last year's mismanagement which has added to the white man's burden this year. Dr. Wilson's conduct of public affairs in 1898 was rancorously denounced by the Free Press, but it crawled round to his support again at election time of course.

Mr. J. McDougall, of Detroit, has began another siege on the council in the interests of the sewage disposal company he represents. He comes to the front this time with an invitation to the sewer committee to visit the sew-age disposal works at Madison, Wis. Chairman McPhillips has not yet received a reply to his inquiry if it was intended that Mr. McDougall's company pay the committee's expenses.

L. E. AND D. R. R. CO.

Present Their Claims Before the Privy Council's Railway Committee.

[Special to The Advertiser per C. P. R.] Ottawa, May 12.-A delegation arrived in the city today from the district between Ridgetown and St. Thomas, and attended a meeting of the railway committee of the privy council, in favor of an application of the Lake Erie and Detroit River Railway Company, for running powers over the Canadian Southern Railway from Ridgetown to St. Thomas. Among those present were J. N. Elliott, Ridgetown; T. G. Walker, K. John Farley and J. McAdam, St. Thomas; D. J. Buchan, Rodney; D. Mc-Killop, West Lorne, and about twenty tion, an active and successful writer on others.

Sabbath school organization, is to preach in the First Presbyterian Mr. Lash, Q. C., appeared in behalf of the applicants, and Mr. Kingsmill, Q. C., opposed it. Mr. McGregor, M.P., also spoke in behalf of the applicants.

The decision was reserved. A bill to amalgamate the Erie and Huron Railway and Lake Erle and Detroit River Railway was put through causes" referred to in the letter were not mentioned by the company at the the railway committee today.

STRIKERS REFUSE TO ARBITRATE

Laidlaw & Watson Co's Offer Turned Down by the Employes.

"Locked out" is the term now to be applied to the striking employes of of the Empress Avenue Methodist Laidlaw & Watson's shoe factory. The committee of the union yesterday rewas unanimously resolved to petition fused the company's offer to arbitrate. the stationing committee of conference contending that there was "nothing to other year. By reports presented it was arbitrate." All negotiations are now at an end. The company will recognize best from a financial standpoint in the neither the committee nor the union. history of the congregation, while spir-Any application received from the strikers will be considered on its itually and socially splendid progress merits. had also been made. It was stated that the church appreciated the kindness of

Mr. Pollock, the manager, says he received two letters today containing overtures from eastern centers to remove the factory, and this will be decided next week.

A Choir Whose Efforts are Appreciated.

London, Ont., May 10, 1899. J. W. Fetherston, Esq., City:

Dear Sir,-In view of the very efficient and satisfactory work of the organist and choir during the past year, we have thought it desirable that we should add to the usual vote of thanks from the vestry, an expression of our thanks to you and to the individual members of the choir, for the faithful, self-denying and successful part of the services so important an aid to our worship. We also deto strongly note our great appreciation not only of the vocal work of the choir, but also of the reverential rendering of all the music of the bicyclists were fined \$2 each for riding church, which is in the Memorial so

marked a feature.

As the best work of a choir is always done without apparent effort, the congregation is sometimes led to forget the constant practice which must undertaken in order to produce the finished work which we have all so much admired. In the heat of summer when others are enjoying the coolness of the open air; in the depth of winter, when others are enjoying the warmth of the fireside at home, the organist and choir are hard at work preparing to faithfully lead our songs of praise. When we remember these things, we remember also how large a meed of praise is due from us who delightfully listen to those who play and sing, not, however, merely or mainly for our delight, but to the glory of God and for our leading in the musical portion of our worship of him. Yours very truly, T. H. Luscombe, R. W. Kidner, Church Wardens of the Cronyn Memorial Church.

Nearly everyone needs a good spring medicine, and Hood's Sarsaparilla is by all odds the best that money can buy.

According to the Times-Herald. Chas. T. Yerkes will net \$12,000.000 in the transfer of the North Chicago, West Chicago and Chicago Consolidated Traction Companies to the Elkins-Widner capitalists of New York. Not That Kind.

Scott's Emulsion does not debilitate the stomach as other cough medicines movement is on foot to secure the 1900 do; but on session for this city, and if attained, it can result only in good. The presence in the city of a large number of pronounced. do; but on the contrary, it improves digestion and strengthens the stom-ach. Its effects are immediate and

PRESIDENT MAHON **EXPECTED TONIGHT**

National Chairman Arrived From Detroit Today and Will Hold Conference.

New Light on One of Mr. Carr's Charges -Recognition of The Advertiser's Fairness.

President Mahon, of the International Association of Street Railway Employes, is expected in the city late this evening or early tomorrow morning. He has written the local union to that effect. The chairman of the national executive board arrived here from Detroit today, and is in conference with the committee.

The cars are running as usual, and the outward relationship between the men and the street railway company has so far not been affected by the etforts of the union to secure a new agreement. The position in which the negotiations stand is that the men have asked Vice-President Smallman to arrange a meeting, at which the grievances may be discussed, and Mr. Smallman has replied, asking the men to send the directors a written statement of their grievances. The men hold that their case is set forth in the copy of the new agreement which they wish the company to sign; that they have received no answer from the company, Awful Night's Work at Howard City, regarding the agreement, and that Mich. - Joseph Harvey Kills His they wish to discuss with the directors their reasons why the agreement should be made. The street railway company gives to

the press a statement concerning the discharge of Conductor Nelson, and publishes a letter, dated March 30, from Mr. L. W. Crawford, Wellington street, complaining that his son had been put off the car by Nelson because he refused to pay his fare the second time. The boy got on the car at the corner of Horton and Wellington streets, and paid his fare. At Dundas and Richmond streets Nelson replaced the other conductor and tried to collect another fare. The boy insisted that he had already paid, and Nelson put him off, contrary to the rules of the company. It was also charged that Nelson neglected to obtain the names of witnesses. The case was taken up by the employes' committee, and the company agreed to reinstate him after a two weeks' lay-off if he would obtain a letter from Mr. Crawford agreeing not to enter an action against the company, and would admit that he had broken the rules. This agreement was reached on April 20, but the company said nothing then, and say nothing now, of a letter which Mr. Crawford says he wrote April 13, asking that Nelson be not dismissed, and stating that he would not hold the company responsible for the latter's action, his only object having been to vindicate his son. In reply to that letter, Mr. Carr wrote Mr. Crawford as follows:

"I beg to acknowledge receipt your favor of the 13th, which I found on my return to the city. The sentiment of your letter cannot alter the facts already stated, and proved. And you must permit me to be the judge of the seriousness of the offense. I can assure you that your letter and complaint was not the sole cause of his being dismissed."

The men claim that the "other meeting, nor at any other time. Nelson acknowledged having broken the rules, as required by the company, and Mr. Crawford sent the required letter, but Nelson has never been reinstated, in spite of the company's promise to

do 80. This is one of the cases in dispute.

APPRECIATE FAIR REPORTS. At last night's meeting of Local Directory, No. 1, Industrial Brotherhood, there was a lively discussion regarding the action of the local press in the present street railway difficulty. The statements in the various city papers were read and criticised, and it was passed as follows by a unanimous vote: 'Resolved, that this local directory desires to place on record its hearty appreciation of the services rendered to the public by The London Advertiser, in exposing the written-up, ready-prepared, fake interviews of Manager Carr, and while we wish it understood that we do not indorse the political views of anv daily paper, we feel it is only fair that workingmen at this time should take notice of the position taken by the public press, and see that they only patronize such papers as they believe to be fair in dealing with labor and other troubles. Therefore, it is with pleasure we note the fair and independent stand taken by The Advertiser at the present time, and beg leave to assure the manager of such paper that his action is appreciated by this directory." After initiation and a discussion on the early closing movement, two organizers were appointed for the city in the interests of the organization, such appointments subject to the approval of the executive

COME TO TERMS

Toronto Bricklayers' and Builders Troubles About Ended-Situation in Montreal and Buffalo.

Toronto, May 12 .- The striking Toronto bricklayers have refused to accept the offer of the masters of 36 cents hour for the three months beginning May 1 and 371/2 cents for the succeeding months.

The position of the molders and stone cutters has not changed.

The Plasterers' Laborers' Union has decided to ask for an increase from 21 to 24 cents an hour, and appointed committee to present the request to the bosses. There are 84 members in the Toronto Union. The Brotherhood Painters and Decorators also decided to ask for more wages, but deferred farther action until their next regular meeting on May 23.

Montreal, May 12.—The beginning of the end of the molders' strike is be-lieved to have made its appearance. The employes did not meet Wednesday night, as intended, and the understanding among them is that they shall look after their individual interests as best they can. Four of the firms whose men are out have accepted the terms of the men for minimum wages of \$250

per day.
Merritton, May 12.—The employes of the acetylene gas works at Merritton are on strike for an advance in wages. THE BUFFALO SCOOPERS.

Buffalo, May 12-1 p.m.-There was no material change at the elevators this morning. Everybody is awaiting the outcome of the next conference at Bishop Quigley's residence.

No better wheel made, "America,"

IMMIGRATION TO THE DOMINION

Points From the Report of Canada's High Commissioner, Lord Strathcona.

[Special to The Advertiser per C. P. R.] Ottawa, May 12.-Lord Strathcona, Canada's high commissioner, has made his report to the minister of the in-terior on the work done by the immigration agents' department in Britain during the past year. In regard to immigration, he says that there are no accurate figures available to show the actual immigration to Canada from the United Kingdom. The Board of Trade returns purport to give information, but they are not reliable, as they include as immigrants all second and third class or steerage passengers. Again, the port of debarkation is taken as indicating the destination of people, consequently all persons who travel by way of the United States and Canada are shown in the returns as immigrants to the United States. There is, howerev, no doubt that the actual immigration to Canada was in excess of previous years, and in this respect the Do-minion is peculiar as being the only country with which an increase is shown. What is wanted, says the high commissioner, is more help from Canada, and committees for this purpose should be appointed in every electorate throughout the Dominion.

THREE ARE DEAD

Mich. - Joseph Harvey Kills His Wife, Uncle and Grandmother; Wounding His Father-in-Law, His Own Baby and Himself.

Howard City, Mich., May 12.-Joseph Harvey Wednesday night killed his wife, his uncle, Robert Pierson, and his grandmother. He also wounded his 3months-old baby and his father-in-law. John Logenslayer, and finally shot himself, inflicting a wound which is expected to prove fatal. Harvey's uncle and grandmother live a mile north of Howard. The murderer went there on Wednesday evening. He asserts that Pierson, his uncle, was quarreling with his grandmother, and that he interfered; that thereupon Pierson stabbed and killed the old lady, aged 70, and that he (Harvey) retaliated by shooting his uncle dead. After shooting Pierson Harvey stabbed him three times. He then returned to his home, two miles southwest of the town. Arriving there he shot his wife twice, killing her. He then fired at his three months' old baby, the ball going into its arm. Next he entered his father-in-law's room and shot him twice, inflicting, however, no fatal injury. He then shot himself in the neck. Harvey's wife, when attacked, was sitting up with the body of her mother, who died Wednesday.

Harvey himself informed the sheriff of the murders at Pierson's house. He was then arrested for murdering his wife. He has nothing to say about the tragedy at his own home.

It transpires that Harvey, on reaching the home of his mother-in-law, said nothing about his terrible acts at Pierson's house. He offered to sit up by the corpse of his wife's mother. cordingly the others retired. It was 4 o'clock in the morning when Harvey went to his wife's room and killed her and attempted to slay his baby and his father-in-law. He also fired at Miss Labar, a teacher, who boarded in the house, but without effect. Harvey's wound is serious, but he is certain to recover. The cause of his terrible work has not been determined.

A MOTORMAN'S VICTORY.

Over Diabetes, Gained by the Power of

Dodd's Kidney Pills Toronto, May 8.-In a large city like Toronto there is always much sickness, kidney disease, largely predominating. The street railway employes,

exposed as they are to all the inclemencies of the weather, are parthey all k now how to conquer this en-For instance: Mr. T. H. O'Reilly, 27 Niagara street, motorman No. 624, plank walks where new walks are was for three years a great sufferer

to help him till he began to use Dodd's Kidney Pills. Three boxes cured him. It is cases like this, where the pa-

tient and the cure are equally well known, that are the test of a remedy, and Dodd's Kidney Pills have always stood it successfully. They cure all kindey complaints.

It is announced in the New York Herald that the Rev. C. W. Delyon Nichols, well known Episcopal clergyman, has withdrawn from the Episcopal Church and embraced the Catholic faith. Rev. Mr. Nichols recently has been assistant rector in St. Luke's Church.

THERE is not a more dangerous class of disorders than those which affect the breathing organs. Nullify this danger with Dr. Thomas' Eclectric Oil a pulmonic, of acknowledged efficacy. It cures soreness and lameness when applied externally, as well as swelled neck and crick in the back; and, as an inward specific, possesses most substantial results.

Benor Paterno has declined to accept the proferred presidency of the Filipino cabinet until the native congress, which is now in special session at San Isidro, authorizes him to treat with the Americans.

Startling Confessions.

Show that 25 per cent of men and women suffer the tortures of itching piles. Investigation proves that Dr. W. Chase's Ointment has never yet failed to cure itching piles, and all these men and women could end their sufferings at once by using it. Scores of thousands have been cured by this treatment. Everybody can be cured in the same way.

The McLaughlin Carriage Company, of Oshawa, Ont., have found it necessary to open a retail department in connection with their wholesale ware-house at 253 York street (Slater block). Intending purchasers will find it to their advantage to inspect this firm's goods before buying elsewhere. Remember, the McLaughlin Carriage Company make one grade only, and that the

FENECH 274 Dundas Street. Formerly with J. H. Chapman & Co.

The committee desire to place before ticularly liable to kidney disease. But the ratepayers the following particulars they all k now how to conquer this enconstruction:

In lieu of the usual construction of necessary, the committee are in a posifrom Diabetes. Every remedy failed tion to make arrangements under the provisions of the Local Improvement Section of the Municipal Act for the construction of at least an equal, and probably a larger, extent of new Cement Walks, and will advertise a certain number of such walks in the manner prescribed by the act. walks will in due course be laid during the current year, unless objected to by petitions, which in the case of any specific work must be signed by a ma-jority in numbers of the owners of the property benefited, representing at least one-half of the assessed value of such property, and which petitions must be filed in the office of the City Clerk within the period of 30 days following the second insertion of the advertise-

ment of such work. By resolution of the City Council, and in conformity with the Municipal Act and amendments thereto, 50 per cent of the cost of these works, as well as the whole of the cost of street intersections and exemptions will be assumed by the city as its share of the works, and the owners of property benefited will pay a frontage rate for ten years sufficient to pay for one-half of the work constructed in front of their properties. This will amount to about 31/2 cents per foot per annum for a walk 4 feet wide, about 4 cents for a 5-foot walk, 41/5 cents for a 6-foot walk, 5% cents for a 7-foot walk, 6% cents for an 8-foot

On the frontage of corner lots there will be an allowance of one-third off the side measurement of the lot in all cases where a permanent walk is or has been constructed on both frontages of the lot. While the committee have taken

steps to commence the work under the initiative section of the act, they desire to extend such construction to other portions of the city which may not be in such urgent need of new walks as the frontages advertised, and will be prepared to consider petitions from such property-owners desire to have walks built (which must be signed by at least two-thirds in number of the owners of the property to be benefited, according to the last revised assessment roll, and such owners must represent at least one-half in value of such real property), and to recommend them to the council as far as they find it practicable or judicious to do so. It will, of course, take some years to thoroughly remodel the city committee desire sidewalks, and the the active and kindly co-operation of the citizens in order that the new system may be made as practically useful and acommodating to all as it is possible to be. The great improvement in the appearance of the city which will be the necessary consequence of the adoption of the system of permanent construction, will very shortly prove the best possible argument for its continued

prosecution.
ALD. H. M. DOUGLASS. Chairman Board of Works.
