CLEMENCEAU THINKS WAR WILL BE ENDED INSIDE OF A YEAR

Paris, Aug. 20.—It is the belief of Georges Clemenceau, the French premier, that a complete friumph will be won during the present year by the arms of the Entente Allies, and that the war will have ended before another year has passed, according to the understanding reached by United States Senator J. Hamilton Lewis of Illinois of remarks of Premier Clemenceau during a lengthy conversation with with him. The gist of the conversation, with the consent of M. Clemenceau, has been given to the Associated Press by Senator Lewis.

Premier Clemenceau paid a high tribute to President Wilson as a constructive leader, and said he was greatly impressed with Newton D. Baker, the American secretary of war, as a man of great resource. The premier declared than when the American troops arrived uncertainty existed as to whether they could bring their undoubted courage into immediate action, after having been trained to a life of peace. The first showing of the American troops had amazed France with their bravery and soldierly perfection. He said that France had every confidence now that this war was on the way to immediate victory.

THE LOCAL MARKET

The weather being slightly unsettled, this afternoon being a half-holiday, and the large amount of work that has to be finished by the farmers by the end of this week, combined to make the local market "dead" this morning.
