WEST TORONTO. WEST TORONTO, May 13.—City Clerk Corroon announces that the court of revision on the assessment roll will sit on June 1.

There are almost 1500 names on the franchise voters' list, and the city clerk states that every young man in West Toronto who intends to vote, will have to register. There are four registration districts and the booths will be at Bull's carriage shop, 367 Weston-road, for district 1; city hall for districts 2 and 3, and Mr. Daniel's house, 188 West Annette-street, for district 4. The dates for registering are May 20, 21, 22, 23. The registration is quite independent of the one last fall. It is necessitated on account of this municipality becoming a city.

Cars Leave Rails. As if to comment upon the continuation of the interim route made by the railway board at the meeting yesterday, two cars left the rails this morning in front of the Peacock Hotel, and West Toronto citizens had the experience of walking all the way to Humber-side, as the Toronto Junction people used to do in days gone by. The tracks are badly worn at the curve in the road where the derailment took place, and it has been a source of surprise to many that cars have not left the track before now. The company immediately sent out a gang of men to raise the tracks, and the service was resumed shortly afterwards.

Leflar Case Adjourned. The case of Joe Leflar against the municipality for \$1200 damages, alleged to have been caused by his property, the Avenue Hotel, by the Dundas-street paving operations, was resumed this morning under Judge Morgan. After the hearing had lasted all day an adjournment was made indefinitely. Mr. Leflar claims that his property, which he valued at \$8500 a year ago, has depreciated in value to the extent of \$2000, on account of the sidewalk in front of his hotel having been laid 6 or 14 inches above the door-step. Mayor Baird, Mr. Chisholm and Ald. Whetter, property owners, gave opposite views regarding the value of property on Dundas-street since the \$100,000 pavement and sidewalk were laid last summer.

The funeral of the late Albert E. Wiggin, 910 Dundas-street, will take place on Friday afternoon at 2 o'clock to Prospect Cemetery and will be under the auspices of L.O.L., No. 900. Orangemen generally are invited to participate in the funeral services.

STOUFFVILLE.

Stouffville is a pleasant little town to which a suburban service of a regular and convenient nature would be of the greatest advantage. J. G. Martin, who has lived there for 20 years, gave his views to The World on the matter. The service to Toronto is pretty fair, the trains going at 9.12, 10.55 a.m., 4 and 7 p.m. Returning, however, it is not so good, the trains arriving at Stouffville at 9.15, 6.25 and 8.07.

There is a train leaving Toronto at 11.30, which actually stops at Stouffville, and upon which the enlightened management of the Grand Trunk Railway positively refuses to allow passengers to ride. By connivance with some of the officials it is said occasionally a passenger is smuggled thru, arriving at Stouffville after midnight. If this train was run for business, Mr. Martin said many people would be glad to go to Toronto on the 4 o'clock and return after the usual time of 11.30 train.

"The worst thing about the situation is that the Grand Trunk is very independent and has no competition," said Mr. Martin. He was especially impressed with the folly of running a train on which people could not travel without stealing a ride.

J. W. Lafranz, who is a well-known produce and commission merchant, highly approved of The World's agitation and declared that a proper suburban service would be of the utmost benefit to Stouffville. There is no way of reaching the town after 7 or 8 o'clock, turning to Toronto after 8 in the evening.

SUNNYSIDE. Mrs. Meyer's parlors at Sunnyside were the attraction for a great number of after-Lenten balls, among which were: The Garrison Sergeants' Mess ball, the Sunnyside S. C. Jolly Bachelors of South Parkdale, graduating class of the Royal College of Dentists' farewell to Busy Bee Club, St. Mary's Athletic Club, Ladies' Literary Society, Arrah Wagon Club and St. Helen's Young Ladies' Club.

Steel Work Nearing Completion

Not one person in a thousand has any conception of all that is being done towards building the new store—in itself the largest contract of the kind ever made in Canada. The work of excavating cellars and sub-cellars, digging foundations was a task beyond the comprehension of those who haven't seen, and was on a very much larger scale than anything previously attempted in Toronto, and not until the steel construction began did the general public have any conception of all it really meant.

We mention it to emphasize the statement that we are to have "a great store." In appointments and general conveniences there will nothing better on the American continent. Ours will be the last word to date in the genius of building construction, and if we have been slow in saying much about it, it is only to make surprise all the more complete when once the facts are fully revealed.
