No man need be weak, no man need suffer from the loss of that vitamy which makes life worth living. He can be made strong, magnetic, forceful and lighthearted, confident of his power both in business and society; free from spells of despondency, nervousness, lassitude and brain wanderings. I have a certain cure for Nervous Debility, Varicocele, Rheumatism, Lame Back, Stomach, Liver and Kidney Complaints, in my world-famed Dr. Sanden Electric Belt with Electric Suspensory, and I will give it absolutely free antil a cure is affected. How can I do this? For two reasons. I have the certain knowledge that my Belt will cure, and I have confidence enough in mankind to wait for my money until I prove it. This is what every doctor should do, but I am my money until 1 prove it. This is what every acctor should do, but 1 am the only case who has a remedy that will stand such a crucial test. For 40 years I have been curing thousands every year, and have made a tremendous success doing business on this basis NOT ONE PENNY IN ADVANCE OR ON DEPOSIT, and if I fail it costs you nothing whatever. All I ask is that you pay me the usual price of the Belt when cured—in some cases not over \$5.00. I will leave you to be the judge, and will take your word for results, or tor cash I give full wholesale discount. Forty years' continuous success has breaust forth many imitators. Beware of them. You can try the original has brought forth many imitators. Beware of them. You can try the original, the standard of the world, free until cured, then pay for it.
