

sympathies of the Governors of the Association and to the public generally.

In conclusion, your Board would gratefully acknowledge the goodness of God, the Creator and Preserver of us all, who has laid the "sad estate" of the unfortunate little ones as a burden upon the hearts of so many, and whose guiding hand has been manifest in beginning and carrying on this movement to its present state, and in creating a warm sympathy on the part of many who have supported the School by their influence, their gifts and their prayers. In this connection your Board would acknowledge as especially gratifying the loving gift of the children of the City Public Schools, amounting to \$1,500; and the kind offices of Mrs. Boddy and Mrs. Campbell, in collecting the amount required for furnishing the new cottage.

All of which is respectfully submitted,

W. H. HOWLAND,
Chairman Board of Management.

W. H. HUSTON,
Honorary Secretary.
