

Victoria College.

Moved by Rev. G. W. Kerby, B.A., seconded Rev. Solomon Cleaver, B.A., and

Resolved,—That having heard the report of Victoria College as given by Rev. Dr. Badgley, this Conference desires to put on record its gratification of the splendid showing in the various faculties and departments for the year; and we further pledge ourselves to do all in our power to make Victoria College in Queen's Park, Toronto, second to none in prosecuting the work of higher education in our beloved country. We also add that the report as read by Dr. Badgley, be printed in the Minutes.

Wesleyan Theological College, Montreal.

Moved by Rev. Wm. Kettlewell, seconded by Rev. James S. Ross, M.A., and

Resolved,—That this Conference gives hearty welcome to the venerable Principal of the Montreal Wesleyan Theological College. We feel grateful to the kind Providence which has spared the life and health of Dr. Douglas to once more visit the Niagara Conference. We rejoice in the prosperity of the College under his care, and of the magnificent institution with which it is affiliated. We sympathize greatly with the effort being made to increase the efficiency of the Theological College, in the endowment of additional chairs, and pray that success may crown the same. We have listened with profound interest to the strictures of the Doctor on the unfortunate looseness which has characterized the life and conduct of some of our public men, and trust that his voice may long be spared to be uplifted against all public and private immorality, and we request our reporters to give the press as full a report as possible of the magnificent address to which we have just listened.

Alma Ladies' College, St. Thomas.

Moved by Rev. J. H. Hazlewood, seconded by Walter McGibbon, and

Resolved,—That having heard the report of Alma Ladies' College, read by Rev. Jas. Van Wyck, B.A., showing a healthy and vigorous condition of affairs, and an ever-widening influence as an institution of higher education, we heartily assure the faculty of our continued interest in its welfare, and pray that the blessing of Him, in whose service we are all engaged, may constantly abide with them, making their institution a power for good throughout the land.

Albert College, Belleville.

Moved by Rev. Wm. Kettlewell, seconded by Rev. James S. Ross, M.A., and

Resolved,—That this Conference is pleased to learn of the continued and increased prosperity of Albert College. It recognizes the value of the work being done on behalf of the young men and young women of our Church, and especially in its relation as a preparatory institution to Victoria University, and in providing our young men a commercial education under safe moral auspices, and trusts that it may be yet further strengthened in its work for God and our Church.
