**SUCCESSFUL NOVA SCOTIAN**

A native of Nova Scotia, C. E. Embree, is chief of the bureau of marketing and supplies, in the State of Maine, Department of Agriculture. Mr. Embree's great grandfather came to New York in 1760. As he was an officer in King George's army he was given a grant of land about a thousand acres and this land extended to and covered a part of Manhattan Island and New York City. The lower part of what is now New York City was owned by his two brothers and they pastured cows on the site of Wall Street and Lower Broadway. At the conclusion of the revolutionary war Mr. Embree's great grandfather, being an English officer, was banished from the country and his property confiscated. He, together with his wife, Purdie, Trueman and Blacks, left New York and went by water to Amherst Point, where the descendants of Colonel Samuel Embree are still residing. Mr. Embree's father, Thomas Embree, settled five miles from what is now Amherst. His mother was a Miss Lockhart from Parrsboro, one of whose aunts married the late Rev. Dr. Charles Tupper, father of Sir Charles Tupper. One of Mr. Embree's sons, Joseph, married a daughter of Josiah Black, father of the late Robert, Thomas and Joseph Black, the latter the father of Messrs. Frank B. and J. Walter S. Black of Sackville, N. B. Mr. Embree has lived in the states since 1869.

**The Opportunity and Duty of the Farmers**

The first agricultural conference will be held in the lecture room of the Winter Fair Building, Ottawa, on January 20 at 1.30 o'clock. The conference will be presided over by Hon. Jas. Duff, Minister of Agriculture for Ontario, and will be addressed by Hon. Martin Burrell, Minister of Agriculture for Canada. The discussion will be led by Duncan Anderson, of Orillia, Ont., and Robert Miller of Stouffville, Ont.

This conference is to be held under the direction of the Dominion Department of Agriculture, in co-operation with the provincial department of agriculture, and is the first of a series being arranged for throughout Canada, to explain and discuss conditions in the countries where live stock and agricultural production will be affected by the war.

Much valuable information has been collected, with the view of presenting to farmers and business men the necessity of extending agricultural production, in order, through the development of our own resources, to take advantage of the opportunity of establishing an extensive export trade and, at the same time, to discharge our duty to the empire by providing a more adequate supply of food stuffs for the sustenance of its army and its people.

It is the farmers' privilege as residents of this Dominion to render a very effective service to the mother country during the coming year. What is to be done and how to do it will be fully discussed at the Ottawa meeting.

S. C. Brinkley of Magnet City, N. C. says he has the longest beard in the United States. It trails on the ground when not on display.

**KING GEORGE HOSPITAL.**  
Spendid New Institution Needs Funds for Equipment.

The appeal made to the British public by the Red Cross Society for the endowment of 1,500 beds in the new Red Cross hospital in London, to be known as the King George hospital, has met with an excellent response. In less than two weeks since the appeal was made every bed in the institution has been subscribed for by the generous British public.

Although all the beds have been provided for, money is urgently needed for general furnishing and the immense size of the hospital makes it necessary to appeal for a large fund to be devoted to that purpose. From every part of the British Empire subscriptions have been received by the society for the equipment of this splendid hospital, where many of the gallant soldiers from Canada and other parts of the empire, who may be wounded in the present fight for freedom, will be cared for and restored to health.

Through the generosity of the British government a government building and through the generosity of thousands of British subjects one of the finest hospitals in the kingdom has arisen, as it were, in a night. The king has generously donated four beds while two were provided by the queen. H. M. Queen Alexandra donated \$125 for the endowment of one bed, as did Princess Victoria, Princess Christian, H. M. Queen Amelia of Portugal, former King Manuel and the Queen of Portugal each donated two beds.

The highest and the lowest in the land have given of their means to equip this splendid hospital, but funds are still urgently needed in order that the institution may be thoroughly furnished and equipped with the necessary surgical appliances. Subscriptions may be sent to the Canadian Red Cross Society, 77 King street, east, Toronto.

The government of the city of Coram, Cal., according to the annual report just submitted, has been maintained during the current year with a revenue of only \$16.66 a month. The city marshal receives \$5 a month and a like salary is paid to the city clerk, who is also city treasurer and the rest was spent for incidental expenses. The population now is 157.

## Have You That TICKLING IN THE THROAT SENSATION?

This trouble is most distressing, and caused from a cold which has settled in the throat. How many people have lost a good night's sleep by that nasty, tickling, irritating sensation in the throat? The dry, hard cough keeps you awake, and when you get up in the morning you feel as if you had had no rest at all. What you want to cure the cold is Dr. Wood's Norway Pine Syrup. This valuable preparation is composed of the most soothing and healing expectorant herbs and barks with which is combined the virtues of the world famous Norway pine tree.

Thousands of testimonials prove that what we claim is true. All we ask you is that when you ask for Dr. Wood's Norway Pine Syrup see that you get Dr. Wood's, and not some no-account substitute.

Mr. Charles S. Chase, Shelburne, N.S., writes: "Coming to Nova Scotia from the State of Maine, I caught a severe cold which persisted for many weeks, and was accompanied by a bad cough and a constant throat irritation. After trying many remedies, a friend handed me part of a bottle of Dr. Wood's Norway Pine Syrup. It helped me so much I bought another bottle which completely cured the cough and allayed the irritation. It is certainly the best cough medicine I have ever tried."

The price of "Dr. Wood's" is 25c and 50c. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

**THE ARMY SERVICE CORPS.**

(By R. Williams, Canadian A. S. C., a St. John soldier at Salisbury Plain) There's a handful of men in the army who seldom shoulder a gun. And it's little that's known about them. When everything's said and done; And they try to escape any notice As they quietly slip off to war, For they never expect a send-off In the Army Service Corps.

They don't aim at capturing prisoners, Or at taking the enemy's flag. But they serve in a humbler vocation, For the sake of the grand old reg. Amid the inferno of battle, And in spite of the cannon's roar, They keep on quietly working In the Army Service Corps.

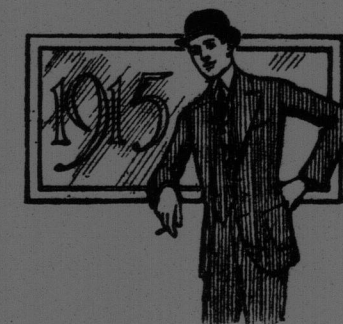

When the foe's heavy gun-fire Has scattered and smashed their supplies, They take good grips on their upper lips.

And with "never-say-die" in their veins, They hustle around and check things up, And put them in order once more, For they don't know the meaning of quitting In the Army Service Corps.

When their fellow-soldiers are resting, Awaiting a new day's dawn, They are desperately heaving and straining, They are cracking good men that can stick it In the Army Service Corps.

With muscle and sinew and brawn— For they must deliver the railons, Although they are weary and sore— They are cracking good men that can stick it In the Army Service Corps.

And when the war is over And Peace again doth reign, This handful of men silently turn Back to their homes once again; And they try to escape any notice As they quietly slip ashore, For it's a way they have of doing things In the Army Service Corps.

If you want to rest easy, feeling that you're wearing the new 1915 model, here's the place to select the suit. It's close fitting with soft rolling lapels, patch pockets, three buttons, narrow cuffs.

The cloth, patterns and colors are novel.

Price on all business suits, excepting blue and black, discounted 10 per cent.

Remember, you can't be young but once—there'll be plenty of years in which to wear conservative clothes.
