ENGLAND SHOWING IRISH SITUATION

Believed Govt. Can Now Sec Its Way Through Difficulties.

Demand from Ulster-Equality of Power, Including Control of Taxes, Excise and Customs in North.

(Special Cable to the New York Times and Montreal Gazette).

London, Nov. 18—Lloyd George lost no time today in dealing with the latest development of the Irish negotiations. The reply of the Ulster cabinet has not been published nor has any official statement been made of its purport. It is not denied in official circles that the reply controverts the cabinet suggestions towards a realization of an All-Ireland Parliament. Further proposals will, therefore, have to be considered.

A meeting of ministers held in the evening was concerned with other business.

YOUNG WOMEN AVOID PAIN

This One Tells How She Was Benefited by Taking Lydia E. Pinkham's Vegetable Compound.

Regina, Sask.—"For two years I suftered from periodic pains and nauses to I was unable to get around. My mother had me take Lydia E. Phikham's Vegetable Compound, and I am much better and able to go about all the time, which I could not do before. I recommend Vegetable Compound to my friends if I know they suffer the same way, and you may publish my letter if it will help any one, as I hope it will."—Miss Z. G. Stack.

If every girl who suffers as Miss Blackwell did, or from irregularities, painful periods, backache, sideache, dragging down pains, inflammation or ulceration would only give this famous root and herb remedy a trial they would soon and rehef from such suffering.

It-hardly seems possible that there is a woman in this country who will continue to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial after all the evidence that is continually being published, proving beyond contrastiction that this grand old medicine has pelieved more suffering among women than any other medicine in the world.

For special advice women are asked to write the Lydia E. Pinkham Medicine to, Lynn, Mass. The result of forty ears experience is at your service.

There is little doubt according to those most closely concerned in the Irish negotiations that the Ulster objection to an All-Ireland Parliament in Dublin is based largerly on any extension to it of the control of finance for all Ireland, which dominion status would imply. If the control of taxation, for instance, were in the hands of agrarions, who form the majority of Southern Irish, the Ulster men feel there would be a tendency to place an undue share of the taxation on industry to relieve the burden of agri-

culture. Ulster's demand is for equality of power, including the control of taxes, excise and customs within the area of the Northern Parliament.

The situation is regarded as rather more delicate, but more hopeful than when Parliament rose. A further conference with Ulster ministers will take place as soon as possible. Sir James Craig, who was to have left for Thiepval today, is detained in London by an attoday, is detained in London by an at-tack of influenza, which will prevent him from taking part in any further con-versations for a day or two. Sir Ed-ward Carson also is ill.

Situation Not Worse. London, Nov. 18-The Irish peace situation is not deemed in authoritative circles to have been made actually worse by the Ulster cabinet's determination to adhere to its previously declared posi-

adhere to its previously declared position.

The overwhelming majority given in favor of the Government's policy at the Unionist party conference in Liverpool yesterday is looked upon as creating a better atmosphere for continuance of the peace negotiations in some form, although the possibility of the resignation of Mr. Lloyd George or, indeed, the entire Coalition Government, is not ignored. The morning newspapers, however, do not regard this contingency as either imminent of inevitable.

There is some difference of opinion as to whether, if an impasse is reached, the Prime Minister will resign, or ask the country's verdict in a general election. The Ulstehmen, while decisively rejecting the Government's proposals outlining bases for an Irish peace, indicated willingly to engage in informal conversations, and Mr. Lloyd George probably will take advantage of this to postpone the crisis further. It is now stated that the Prime Minister's return to London was not due to the receipt of the Ulster

***** Home-made Remedy Stops Coughs Quickly

You might be surprised to know that the best thing you can use for a severe cough, is a remedy which is easily prepared at home in just a few moments. It's cheap, but for prompt results it beats anything else you ever tried. Usually stops the ordinary cough or chest cold in 24 hours. Tastes pleasant, too—children like it—and it is pure and good. Pour 2½ ounces of Pinex in a 16-oz, bottle; then fill it up with plain granulated sugar syrup. Or use clarified molasses, honey, or corn syrup, instead of sugar syrup, if desired. Thus you make 16 ounces—a family supply—but costing no more than a small bottle of ready-made cough syrup.

small bottle of ready-made cough syup.

And as a cough medicine, there is really nothing better to be had at any price. It goes right to the spot and gives quick, lasting relief. It promptly heals the inflamed membranes that line the throat and air passages, stops the annoying throat tickle, loosens the phleem, and soon your cough stops entirely. Splendid for bronchitis, croup, hoarseness and bronchial asthma.

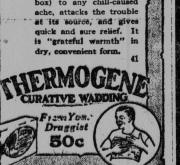

Pinex is a highly concentrated compound of Norway pine extract, famous for its healing effect on the membranes.

To avoid disappointment, ask your druggist for "2½ ounces of Pinex" with directions and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Toronto, Ont.
