LOCAL NEWS

STILL FAR AHEAD

The St. John bank clearings this week were \$8,067,742; last year, \$2,269,608; in 1917, \$1,811,296.

CHINESE DELAYED.

The ships bringing Chinese coolies to Canada for passage to their homes in the Far East are not expected before Saturday. Three train loads will go through on that day, four on Sunday and seven on Monday.

ENGAGEMENT ANNOUNCED

Mr. and Mrs. Thomas Lane of Chatham have announced the engagement of their daughter, Elizabeth Mary, to Kenneth Thomas Donahue of this city, the wedding to take place about the middle of October. Mr. Donahue is a popular member of the detective branch of the local police force.

CONGRATULATIONS.

Many friends in St. John will be interested in the announcement of the birth of a son to Mr. and Mrs. Charles Davidson of Vancouver, Mrs. Davidson was, before her marriage, Miss Lilian Flewelling and was for some time court stenographer in this city. The boy was born on August 30, and has been named James Malcolm Davidson.

VISIT BROTHER KNIGHTS

Three of the supreme grand masters of the Sovereign Grand Priory of Canada, Abraham Shaw of Kingston, Ont., Charles H. Collins of Toronto and Colonel Campbell of London, Ont., and other Knights Templars paid a visit this morning to the grave of Senator J. V. Ellis, who was a highly respected member of the order.

ENGINEERS' MEETING.

The members of Local No. 688 of the International Union of Steam Operating Engineers met last evening in their rooms in the Market building. Last spring the engineers arranged a new wage schedule and it was said today that only some of the employers are paying it. The meeting adjourned until next week when direct action to have all employers pay the scale will be discussed.

POLICE COURT.

In the police court this morning Mrs. Mary Halliday was charged with entering the house of Miss M. E. McAllister, 277 Duke street, and stealing a quantity of wearing apparel valued at \$75. The accused said she did not know anything about it. She was arrested last night by Sergeant Detective John J. Power on suspicion and lodged in jail. She was remanded and it is expected a further hearing will be given soon.

NO DEMAND FOR SARDINES.

Practically all the sardine weirs in and about the harbor have been dismantled. The weirs were taken off some of them more than two weeks ago. One of the local fishermen this morning said that the dismantling had been done earlier this year on account of the lack of demand for the fish. It was also said by one of the dealers that the prices received for the sardines this year were too low to warrant the fishermen keeping their weirs up any longer; it would not be long before they were taken down for the winter anyway. The dismantling operations are reported to have existed four years ago.

LITTLE FEAR OF TROUBLE AMONG SHOPMEN HERE

Official in Toronto From States Speaks Re-assuringly

The Boston Police Strike Situation

—United Mine Workers Oppose Compulsory Military Service; Let Prohibition Alone

Toronto, Sept. 17.—There is little likelihood of labor trouble among the railroad shopmen on the Canadian railroads, according to J. Clarke, schedule representative on Canadian railroads for the International Union of Boiler Makers, the headquarters of which is in Kansas City. Mr. Clarke is in Toronto to allay unrest among railroad shopmen who are uneasy because of the delay in dealing with their grievances, which came before the Canadian War Board in May and were deferred till the demands of the United States railroad workers were settled.

The Boston Strike

Boston, Sept. 18.—Several unions voted last night on the question of a strike in sympathy with the police. The bridge tenders announced that their vote was solidly in favor of a strike. The result of the vote of the electrical workers was not announced. It is said ten telephone girls are for strike, but the male employees opposed.

Before leaving for Washington last night, Guy Oyster, secretary to President Gompers of the American Federation of Labor, issued a statement in which he condemned the authorities for working conditions in the police department, and declared that the striking patrolmen were not to blame for the disorder in the first few days of the strike. He said the men were being called "deserters" because they "had the manhood and the courage to strike, after a two weeks' lockout for their human rights and constitutional guarantees."

The Mine Workers

Cleveland, Sept. 18.—The United Mine Workers of America in convention yesterday denounced militarism and compulsory military service, declared for the speedy Americanization of all foreign born residents, and rejected a radical resolution to withdraw from the American Federation of Labor. A resolution to substitute May Day for the present Labor Day, introduced by the radical element as a sign of solidarity with the international movement, was defeated. The subject of prohibition was evaded, the committee on resolutions declaring that a moral, not an economic issue, on which each member should be allowed his own opinion. A resolution against the use of convict labor was adopted.

CIVIC EMPLOYEES AGAIN BEFORE THE COMMON COUNCIL

(Continued from page 1.)

Mr. Fisher announced that if he were convinced of the justice of the men's requests, he would favor immediate action. There were some things which he would not stand in the way. He was informed by members of the delegation that engineers were not members of the union; that watchmen were included as laborers; that the new scale should be applied to transient as well as to permanent employees. Mr. Fisher said comparison with rates paid by contractors was not fair, as the contractors offered only transient work, accepted no obligation for the future of the men, and also usually were under obligation to hurry work to completion and were forced to pay higher rates to attract men.

Mr. Campbell said that among organized workers the present scale averaged about \$4 a day for a nine-hour day for laborers. He wanted to avoid trouble and hoped to be able to present a definite report to the association.

The mayor expressed sympathy with the men. He was opposed to trespassing on future assessments, but in cases of necessity rule could be broken. He felt that each commissioner should be given an opportunity to study the matter and report definitely what the increases would cost. With that information before them he felt the council would be prepared to give the matter favorable consideration.

A ferry representative warned the council that their return without a definite answer of some sort might lead to action which would tie up the whole city. Mr. Campbell asked for a definite proposal regarding a future increase with back pay from the present, or a compromise offer of 80 to 40 cents an hour effective now.

Mr. Thornton moved that the committee proceed to consideration of the matter.

The mayor did not think that the council could give a definite answer today.

Mr. Fisher pointed out that the city charter leaves the hiring and discharging of men to the non-elective heads of departments and he could not attempt to disregard the scale without consulting his superintendent.

Mr. Jones agreed to this.

The mayor asked if all the commissioners could give a definite report on Monday.

Mr. Bullock said this would involve consideration of the claims of the men not represented by the delegation.

Mr. Campbell and Mr. Goodrich expressed willingness to accept the understanding that definite reports would be submitted on Monday and action would be taken on Tuesday, and when this assurance was given the delegation withdrew.

Ferry Improvements

Mr. Bullock presented a report by the city engineer to the effect that the decks of the ferry floats could be widened, so as to provide two feet additional space for pedestrians on both sides, at a cost of \$8,000. He moved that authority be given to carry on the work by day labor to be paid for by bond issue. Regarding the future of the ferry Mr. Bullock said that he was seeking to make it a provision of any transfer to a harbor commission that should the commission ever require change in the location of the ferry facilities, the harbor commission would be required to provide the facilities at the new sites.

Action on the matter of the ferry floats was postponed, with the understanding that the commissioners should make an inspection at noon tomorrow to judge of the need for more room for the passengers.

SEPTEMBER BRIDES

Gallagher-McKenzie

A pretty wedding took place on Tuesday morning in the Cathedral of the Immaculate Conception, when Rev. Wm. M. Duke, with nuptial mass, united in marriage Miss Jennie A. L. McKenzie, daughter of the late James A. and Mary McKenzie, to Charles J. Gallagher, son of John Gallagher, all of this city. The bride was given away by her brother-in-law, J. P. Brayley, and looked charming in a traveling dress of sand colored broadcloth, hat with ostrich trimmings and white fox cape and carrying a white prayer book. Miss Bertha Gallagher, sister of the groom, was bridesmaid and was becomingly attired in blue with picture hat and fox cape. The groom was supported by Campbell Boudreau. After the ceremony Mr. and Mrs. Gallagher left on a wedding trip to Fredericton and other provincial points and on their return will reside in the city. Many handsome presents of furniture, silver and cut glass testify to the popularity of the young people.

Smith-Power.

A very pretty ceremony took place last evening at 9 o'clock in Queen square Methodist church when the pastor, Rev. George Morris, united in marriage Miss Edna Power of Channel, Newfoundland, and John Finlay Smith of Aberdeen, Scotland, second officer on the S. S. Chignecto. The ceremony was witnessed by many friends, including the crew of the steamer all in their uniforms. The bride, who was given in marriage by her brother, James M. Power, was dressed in white satin with duchesse lace and georgette, trimmed with pearls. She wore a veil and orange blossoms and carried a shower bouquet of bridal roses and sweet peas. She was attended by Miss Elizabeth M. Archibald, dressed in navy blue georgette and satin trimmed with beads, and wearing a hat to correspond. She carried a bouquet of American beauty roses. The groom and his best man, R. G. Perchard, chief officer on the Chignecto, both wore their uniforms.

After the ceremony the bridal party drove to the home of the bride's sister, Mrs. T. Harvey, 84 Britain street, where a dainty wedding supper was served, attended by only relatives and close friends, the invitations being limited because of a recent bereavement in the family of the bride. A honeymoon trip through the maritime provinces will follow. Included in the handsome array of wedding remembrances received were substantial checks from the associates of the groom on the Chignecto.

Gaynes-London.

A quiet but pretty wedding was solemnized yesterday morning in the Church of the Assumption, West St. John, when Rev. A. J. O'Neill united in marriage Florence Mary London to Walter Gaynes. The bride was becomingly attired in a fawn suit with hat to match, and Persian and ermine cape, and carried a white prayer book. After the ceremony a wedding breakfast was served at the home of the groom. Many presents were received, including cut glass and silver, also a beautiful dining room table from the I. C. R. employees of whom the groom is one.

With A Kiddie Koop You Always Know Where Baby Is!

Never telling what baby may be up to when mother is "upstairs" or "in front" working. First indication of his whereabouts many times in the form of a crash. Bless his heart, he must be active! Why not be fair and let him romp and play in a Kiddie Koop. He'll stay here happy and contented for hours. Strongly made and impossible to tip over—no matter how much activity baby manifests.

You owe it to the baby—to say nothing of yourself—to get him one today.

Let us explain it more in person—always a supply here.
